Justice For An Unjust Society Value Inquiry Series 3 Value Inquiry Vol 3:

Sartrean Dialectics Roxanne Claire Farrar, 2021-11-08 This book presents a modification of the dialectical method of Jean Paul Sartre as a tool for critical discourse on aesthetic experience Three practical demonstrations are offered of the modified progressive regressive method 1 on the original location and function of a medieval altarpiece 2 on a theme in the literature of the Marquis de Sade and 3 on a theory of consciousness in a novel by Samuel Beckett The study concludes with guidelines on how the method may enhance critical discourse in teaching

Touching Philosophy, Sounding Religion, Placing Education Steven Schroeder, 2022-04-19 This book redefines religious studies as a field in which a plurality of disciplines interact A social science when understood as a body of knowledge religion is also marked by discovery appreciation orientation and application an interplay of the arts and sciences Teaching religious studies involves the question of the occupation of territories and disentangling occupation from violence

Radical Axiology Hugh P. McDonald, 2021-11-08 This book treats values as the basis for all of philosophy an approach distinct from critiquing theories of value and far rarer First Philosophy the effort to justify the foundations for a system of philosophy is one of the main issues that divide philosophers today McDonald's philosophy of values is a comprehensive attempt to replace philosophies of existence being experience the subject or language with a philosophy that locates value as most basic This transformation is a radical move within Western philosophy as a whole since it has never been done in such a thoroughgoing way Hugh P McDonald makes a comprehensive case against first philosophy as metaphysical by mounting a case against all metaphysical systems of philosophy

Radical Axiology A First Philosophy of Values is a fresh start for a rebirth of philosophy While other movements debate the death of philosophy this book radically re evaluates the direction of philosophy by discovering values at the basis of all philosophy This reorientation addresses the question of what the love of wisdom can mean for us today

Our Ways Armando Molina, 2021-11-15 This book develops a remarkable axiological characterology of healthy personality types distortions and styles of sexual attachment It synthesizes the author's profound understanding of human nature recent psychological interpretations of the ancient Enneagram and insights into connections between values and psychology drawn from Robert S Hartman's formal theory of value It shows how personalities are differentiated by the ways they manifest Hartman's three dimensions of value intrinsic extrinsic and systemic It shows how these correlate with nine personality types identified by Enneagram interpreters Human personalities differ with respect to the ways in which intrinsic extrinsic and systemic values are developed or not developed and ordered as dominant or subordinate within individuals by nature and or nurture The book shows how personality distortions are grounded in perversions of value orientation It shows how a value based approach to character disorders can be linked to moral vices and to many familiar diagnostic and therapeutic psychological categories like obsession hysteria schizophrenia neurosis and various addictions It explains the many ways in which value orientations are expressed in sexual attitudes and relations and how value based character traits that dominate

the non sexual areas of our lives are carried over into the sexual areas Putting Peace Into Practice Nancy Nyquist Potter,2004 This book examines the role and limits of policies in shaping attitudes and actions toward war violence and peace Authors examine militaristic language and metaphor effects of media violence on children humanitarian intervention sanctions peacemaking sex offender treatment programs nationalism cosmopolitanism community and political forgiveness to identify problem policies and develop better ones **Mythos and Logos** ,2021-12-28 This book contains fifteen essays all seeking to regain the original meaning of philosophy as the love of wisdom Mythos and Logos are two essential aspects of a quest that began with the ancient Greeks As concepts fundamental to human experience Mythos and Logos continue to guide the search for truth in the twenty first century *Phenomenology and Education* Michael M. Kazanjian,1998 Phenomenologists or Continental thinkers argue for the subject object continuum For phenomenology subjectivity is of the object and object is for the subject This book applies that continuum to the holistic foundations of work or specialization The author devotes a chapter to each of eight cultural applications of the subject object continuum Chapter One examines the specialist generalist continuum meaning specialization for general education That continuum comprises the framework for the remaining seven chapters Those seven include production for community design for user automation for user computing for society taxation for society information for manufacturing and procedure for goal These eight applications constitute the basis for a core curriculum The core curriculum gives holistic meaning order or cosmos to all jobs and to all people Cosmos is a Greek word meaning humanistic scientific order irreducible to physics The core curriculum is fundamental cosmology Each of the eight continuities follow in a logical systematic manner from the analytic subjective continuum meaning object for subjectivity Phenomenology of education can become the human basis of a promising holistic logic bringing together analytic and existential themes **Problems for Democracy** ,2022-03-28 This book based on the premise that democracy promotes peace and justice explores theoretical and practical problems that can arise or that have arisen in democratic polities Contributors address with clarifying analyses such theoretical issues as the relationship between recursivist metaphysics and democracy the relationship between the economic and political orders and the nature of justice Contributors offer as well enlightening resolutions of practical problems resulting from a history of social political or economic injustice

Masquerade of the Dream Walkers Peter A. Redpath,2021-11-01 Through extensive textual analysis this book concludes that the prevailing opinion about the nature of modern and contemporary philosophy is wrong It maintains that almost all modern and contemporary philosophy is deconstructed secularized Augustinian theology not philosophy The work is divided into eight chapters a guest Foreword by Herbert I London President of the Hudson Institute and Olin Professor of Humanities at New York University notes bibliography and an index Chapter 1 Protagoras Sees the Ghost of Hippo considers Cartesian thought Hobbes and Newton Chapter 2 I Feel the Spirit Move Me examines Locke Berkeley and Hume Chapter 3 The Urge to Emerge investigates Lessing and Rousseau Chapters 4 To Dream the Impossible Dream and 5 Wake Up Wake Up

You Sleepyhead treat Kant Chapters 6 I Am Music and 7 Looking for God in All The Wrong Places deal with Hegel Chapter 8 Dirty Dancing Higher Education as Enlightened Swindling concludes that a lack of philosophical and historical experience coupled with a widespread inability to read philosophical texts according to the intention of the author 1 causes us to mistake secularized theology for philosophy and 2 is a main cause for the decline of contemporary universities **Spiritual and**

Political Dimensions of Nonviolence and Peace, 2006-01-01 This book is a collection of philosophical papers that explores theoretical and practical aspects and implications of nonviolence as a means of establishing peace The papers range from spiritual and political dimensions of nonviolence to issues of justice and values and proposals for action and change

Origin of the Human Species Dennis Bonnette, 2021-11-08 This book evaluates the claims of scientific creationism versus materialistic evolution while examining other scenarios Consistently philosophical in methodology and perspective the book is radically interdisciplinary in content examining data and arguments drawn from natural science philosophy and theology This work challenges the limits of human knowledge regarding every major question touching on human origins

Life, Death, and Subjectivity Stan van Hooft, 2004-01-01 This book presents an exploration of concepts central to health care practice In exploring such concepts as Subjectivity Life Personhood and Death in deep philosophical terms the book aims to draw out the ethical demands that arise when we encounter these phenomena and also the moral resources of health care workers for meeting those demands The series Values in Bioethics makes available original philosophical books in all areas of bioethics including medical and nursing ethics health care ethics research ethics environmental ethics and global bioethics Texts on Texts and Textuality Eugene Francis Kaelin, 1999 This book argues the case for an American

Phenomenology as applied to works of literary art The argument is made by ten chapters of aesthetic theory and practical criticism enclosed in a surrounding frame of Preface and Afterword The Problem of Evil, 2022-04-19 This book is an intercultural exploration of the full scope of evil The problems of evil have beset humanity throughout the ages and continue to trouble us The studies here examine evil in Asian thought in Western theory in the cosmic order in human psychology and in social practice Insights are added to the philosophical discussions from religion culture history law technology and literature Operation Barbarossa André Mineau, 2021-11-22 This book purports that given Operation Barbarossa s concept

and scope it would have been impossible without Nazi ideology that we cannot understand it in the absence of its reference to the Holocaust It asks and attempts to answer whether we can describe ideology without reference to ethics and speak about genocide while ignoring philosophy The Making of the Holocaust André Mineau, 2022-07-18 What made the Holocaust possible What does it mean from a moral viewpoint These two questions constitute the main focus of this book Through concepts borrowed mostly from systems theory an attempt is made at establishing a theoretical framework for a broad understanding of the genesis of the Holocaust More specifically the relationships between ideology political power and genocide are discussed and the following topics are covered 1 the constitution and the historical evolution of the ideology of

the Holocaust through the genesis of anti-Semitism the impact of the modern paradigms and the apparent peculiarities of Nazism 2 the emergence of powerful means of action designed for implementing the ideology in the context of totalitarianism 3 control and freedom as the basic parameters in a decision making process that went along with a diffuse Holocaust phase and generated mechanisms of extensive cooperation 4 the values and norms that made sense to the Nazis in relation to the Holocaust with a critical assessment of Nazi ethics insofar as it aimed at subverting the concept of evil and at destroying the self This book deals with four key dimensions of the Holocaust ideology power act and meaning

The Reopening of the American Mind James W. Vice, 2021-11-15 The Reopening of the American Mind On Skepticism and Constitutionalism explores the connection of moderate skepticism with attachment to constitutionalism through the thought of five writers The features of this skepticism were concisely delineated by James Madison in the 37th Federalist as a recognition of the complexity of political matters the limitations of human reason and the shortcomings of language The position was first articulated by Cicero who connected it with the idea of a mixed or republican constitution developed by trial and error over generations Cicero was influential in the world of David Hume Edmund Burke and Madison The skeptical constitutional connection found its most articulate recent advocate in Supreme Court Justice Felix Frankfurter and underlay his advocacy of judicial restraint Current events have revived interest in the primacy of the legislative branch in balancing interests and rights in the States as laboratories for democracy and in an experimental approach to the solution of social problems in what might be called a reopening of the American mind The five central chapters explore the skeptical constitutional connection and the spirit of moderation in these political thinkers Without an appreciation of this tradition of avoiding dogmatism people will continue to demand simple answers to complex problems The book is not however primarily a tract for the times but a reflection on the on going search for a more civil world

Africa's Quest for a Philosophy of Decolonization Messay Kebede, 2004-01-01 This book discovers freedom in the colonial idea of African primitiveness As human transcendence freedom escapes the drawbacks of otherness as defended by ethnophilosophy while exposing the idiosyncratic inspiration of Eurocentric universalism Decolonization calls for the reconnection with freedom that is with myth making understood as the inaugural act of cultural pluralism The cultural condition of modernization emerges when the return to the past deploys the future

The New Science of Axiological Psychology Leon Pomeroy, 2005-01-01 This book uses scientific validity measures to create empirical value science and a normative new science of axiological psychology by integrating cognitive psychology with Robert S Hartman's formal theory of axiological science It reveals a scientific way to identify and rank human values achieving values appreciation values clarification and values measurement for the twenty first century

Democracy and the Post-Totalitarian Experience, 2005-01-01 This book presents the work of Polish and American philosophers about Poland's transition from Communist domination to democracy Among their topics are nationalism liberalism law and justice academic freedom religion fascism and anti-Semitism Beyond their insights into the ongoing

situation in Poland these essays have broader implications inspiring reflection on dealing with needed social changes
