Justice That Restores:

Justice that Restores Charles W. Colson, 2001 Something clearly is wrong with the current justice system in which repeat incarceration is high injustice is rampant and 25 percent of African American males can expect to spend time behind bars Colson's biblical ideas for reform have the potential to turn the system around keep innocent people out of prison and give victims some relief *Justice restores: or, A guide for His Majesties justices of peace ... Restorative Justice Eugene McLaughlin, Open University, 2003-06-02 Restorative Justice brings together key international writings that trace the development of restorative justice from its diverse beginnings to current global policies and practices Gospel Justice Bruce D. Strom, 2013-05-15 Can a justice system that doesn't protect the poor be considered truly just We have all heard the phrase You have the right to an attorney But did you know this is only true for those being accused of a crime in our country not their victims Without a legal advocate innocent victims are left to fend for themselves The church is called to do justice and love mercy We are given the example of the Good Samaritan serving a victim in need no matter the stigmas attached But how are we to do this amidst the complexities of the current system Bruce Strom left a successful legal career to start Administer Justice a nonprofit organization providing free legal care to our most vulnerable neighbors Gospel Justice calls churches across the nation to transform lives by serving both the spiritual and legal needs of the poor through participation in the Gospel Justice Initiative It is not only a book for lawyers or pastors though Bruce Strom is calling each of us the whole body of Christ to join the cause of legal justice for the oppressed **The Justice of Mercy** Dramane Traore, 2024-10-30 The Justice of Mercy by Dramane Traore is a revelatory confrontation with one of the most misunderstood attributes of God His justice With clarity and prophetic precision Traore uncovers the divine paradox where justice is not the punishment of evil but the restoration of what was lost In the Kingdom justice does not demand vengeance it fulfills mercy This book rewrites the harsh legalism that has shaped much of Christian theology showing that God's justice is not in opposition to His mercy but fully expressed through it Traore takes the reader beyond the courtroom imagery of guilt and retribution and reveals a Father whose justice is redemptive restorative and deeply relational In His world mercy is not the exception to justice it is its highest expression The Justice of Mercy exposes the false belief that God must be appeased before He can forgive and reveals a Gospel where justice is not a delayed punishment but an immediate restoration through Christ The cross was not where God's wrath was satisfied it was where His mercy triumphed This is not sentimentalism it is divine order Justice that restores not destroys Mercy that does not ignore sin but overcomes it Through this book Traore reintroduces a God who is both holy and kind whose judgments heal and whose fairness looks like forgiveness You will come away not only seeing God more clearly but seeing justice through heaven's eyes where mercy is not weakness but the very force that makes things right **Compensatory Justice** John W. Chapman, 1991-09-01 This Major Reference series brings together a wide range of key international articles in law and legal theory Many of these

essays are not readily accessible and their presentation in these volumes will provide a vital new resource for both research and teaching Each volume is edited by leading international authorities who explain the significance and context of articles in an informative and complete introduction

The Faith That Does Justice John C. Haughey, 2006-02-10 The essays in this volume address a closely interconnected set of questions To be true to its mission what function is the Church meant to perform What does the faith of Christians contribute to the human perception of justice What is the theological significance of action undertaken by Christians for political or social transformation Is justice to be looked on as one of the moral virtues that it is incumbent on Christians to practice or has it a more intrinsic link to the gift of faith which Christians have received Does the following of Christ call Christians away from social systems into the new creation or is the call extended to them to concern themselves with the social systems which shape human beings from the Foreword Contributors include Avery Dulles William Dych John Donahue John Langan David Hollenbach Richard Roach William Walsh

Aristotle's Discovery of the Human Mary P. Nichols, 2023-07-15 Aristotle s Discovery of the Human offers a fresh illuminating and accessible analysis of one of the Western philosophical tradition s most important texts In Aristotle s Discovery of the Human noted political theorist Mary P Nichols explores the ways in which Aristotle brings the gods and the divine into his philosophizing about human affairs in his Nicomachean Ethics Her analysis shows that for Aristotle both piety and politics are central to a flourishing human life Aristotle argues that piety provides us not only an awareness of our kinship to the divine and hence elevates human life but also an awareness of a divinity that we cannot entirely assimilate or fathom Piety therefore supports a politics that strives for excellence at the same time that it checks excess through a recognition of human limitation Proceeding through each of the ten books of the Ethics Nichols shows that this prequel to Aristotle s Politics is as theoretical as it is practical Its goal of improving political life and educating citizens and statesmen is inseparable from its pursuit of the truth about human beings and their relation to the divine In the final chapter which turns to contemporary political debate Nichols s suggestion of the possibility of supplementing and deepening liberalism on Aristotelian grounds is supported by the account of human nature virtue friendship and community developed throughout her study of the Ethics

On Justice Mathias Risse, 2020-09-10 Though much attention has been paid to different principles of justice far less has been done reflecting on what the larger concern behind the notion is In this work Mathias Risse proposes that the perennial quest for justice is about ensuring that each

individual has an appropriate place in what our uniquely human capacities permit us to build produce and maintain and is appropriately respected for the capacity to hold such a place to begin with Risse begins by investigating the role of political philosophers and exploring how to think about the global context where philosophical inquiry occurs Next he offers a quasi historical narrative about how the notion of distributive justice identifies a genuinely human concern that arises independently of cultural context and has developed into the one we should adopt now Finally he investigates the core terms of this view including stringency moral value ground and duties of justice

Restorative Justice & Responsive

Regulation John Braithwaite,2002 Braithwaite s argument against punitive justice systems and for restorative justice systems establishes that there are good theoretical and empirical grounds for anticipating that well designed restorative justice processes will restore victims offenders and communities better than existing criminal justice practices

Counterintuitively he also shows that a restorative justice system may deter incapacitate and rehabilitate more effectively than a punitive system This is particularly true when the restorative justice system is embedded in a responsive regulatory framework that opts for deterrence only after restoration repeatedly fails and incapacitation only after escalated deterrence fails Braithwaite s empirical research demonstrates that active deterrence under the dynamic regulatory pyramid that is a hallmark of the restorative justice system he supports is far more effective than the passive deterrence that is notable in the stricter sentencing grid of current criminal justice systems

Fullness of Life and Justice for All Thomas Eggensperger,Ulrich Engel,Manuela Kalsky,Ellen

Van Stichel, 2020-09-01 Poverty inequality violent conflicts climate change migration racism burn out are just a few of the symptoms showing how living life to the fullest is out of reach for so many people in our world Is then seeking fullness of life and justice for all not a too ambitious project For nothing less than the wellbeing of humanity and in extension the whole of creation is at stake On the other hand we see people responding acting and struggling for justice liberation and a more sustainable world How to make sense of the ideas of fullness of life and justice for all in light of the many crises humanity currently faces but also the glimpses of positive and hopeful responses Even more so how to make sense theologically In this volume twenty authors reflect on how the notions of fullness of life and justice for all are theoretically conceived and have practically taken form from within Dominican theology and spirituality The contributions on youth spirituality contemplation art as a means to community building gender pluralization populism and management discuss the fullness of life in both its material and spiritual dimensions The question on justice for all is raised in confrontation with issues such as poverty migration ecological threats and the role of virtues in society In this way the book aims to uncover a variety of Dominican perspectives as valuable contributions to a broader dialogue on the fullness of life and justice for all **Restorative Justice**

A Different Shade of Justice Stephanie Hinnershitz, 2017-08-10 In the Jim Crow South Chinese Filipino Japanese and later Vietnamese and Indian Americans faced obstacles similar to those experienced by African Americans in their fight for civil and human rights Although they were not black Asian Americans generally were not considered white and thus were subject to school segregation antimiscegenation laws and discriminatory business practices As Asian Americans attempted to establish themselves in the South they found that institutionalized racism thwarted their efforts time and again However this book tells the story of their resistance and documents how Asian American political actors and civil rights activists challenged existing definitions of rights and justice in the South From the formation of Chinese and Japanese communities in the early twentieth century through Indian hotel owners battles against business discrimination in the 1980s and 90s Stephanie Hinnershitz shows how Asian Americans organized carefully constructed legal battles that often traveled to the state and federal supreme courts Drawing from legislative and legal records as well as oral histories memoirs and newspapers Hinnershitz describes a movement that ran alongside and at times intersected with the

African American fight for justice and she restores Asian Americans to the fraught legacy of civil rights in the South **The Court of Justice and European Criminal Law** Valsamis Mitsilegas, Alberto di Martino, Leandro Mancano, 2019-09-05 The aim of this book is to provide an insight into the landmark rulings of the Court of Justice of the European Union CJEU in European Criminal Law ECL As in other areas of EU law the decisions of the CJEU have been a driving force for development and integration By analysing the impact of these leading cases on EU and national law the book provides a diachronic and multifaceted picture of the Court s approach to criminal law
