Daniel L. Hatcher, 2023-02-21 An unflinching expos of how the family

Community-based Alternatives to Juvenile Incarceration Andrew Rutherford, Osman Bengur, 1976 The Emerald International Handbook of Feminist Perspectives on Women's Acts of Violence Stacy Banwell, Lynsey Black, Dawn K. Cecil, Yanyi K. Djamba, Sitawa R. Kimuna, Emma Milne, Lizzie Seal, Eric Y. Tenkorang, 2023-08-02 Grounded in feminist scholarship this book upends normative accounts of femme fatale violence to focus beyond the misogyny and the sensationalism and unearth the motivation behind women's roles in homicide terrorism combat and even nationalist movements *Brill's Content*, 1999 The Criminalization of Black Children Tera Eva Agyepong, 2018-03-14 In the late nineteenth century progressive reformers recoiled at the prospect of the justice system punishing children as adults Advocating that children's inherent innocence warranted fundamentally different treatment reformers founded the nation's first juvenile court in Chicago in 1899 Yet amid an influx of new African American arrivals to the city during the Great Migration notions of inherent childhood innocence and juvenile justice were circumscribed by race In documenting how blackness became a marker of criminality that overrode the potential protections the status of child could have bestowed Tera Eva Agyepong shows the entanglements between race and the state's transition to a more punitive form of juvenile justice In this important study Agyepong expands the narrative of racialized criminalization in America revealing that these patterns became embedded in a justice system originally intended to protect children In doing so she also complicates our understanding of the nature of migration and what it meant to be black and living in Chicago in the early twentieth century

Meiners, 2016-10-15 Childhood has never been

available to all In her opening chapter of *For the Children* Erica R Meiners stakes the claim that childhood is a racial category often unavailable to communities of color According to Meiners this is glaringly evident in the U S criminal justice system where the differentiation between child and adult often equates to access to stark disparities And what is constructed as child protection often does not benefit many young people or their communities Placing the child at the heart of the targeted criminalization debate *For the Children* considers how perceptions of innocence the safe child and the future operate in service of the prison industrial complex The United States has the largest prison population in the world with incarceration and policing being key economic tools to maintain white supremacist ideologies Meiners examines the school to prison pipeline and the broader prison industrial complex in the United States arguing that unpacking child protection is vital to reducing the nation's reliance on its criminal justice system as well as building authentic modes of public safety Rethinking the meanings and beliefs attached to the child represent a significant and intimate thread of the work to dismantle facets of the U S carceral state Taking an interdisciplinary approach and building from a scholarly and activist platform *For the Children* engages fresh questions in the struggle to build sustainable and flourishing worlds without prisons
