1000 Reviewer was redacted from the Amazon Website Author Daniel Briggs has done a lot of work to put together this remarkable compilation of evidence that we are inevitably heading toward a major shift in consciousness I was very impressed he must have read hundreds of books in his research of this compilation It includes history going back to

matriarchal times biblical times esoterica alien influences the Mayans of course the Bible code Terence McKenna's analysis of the I Ching and much much MUCH more Modern events such as 9 11 and OJ Simpson are weaved into the prophecies Though I have read a great deal on the vast majority of these topics I was nonetheless surprised and shocked by tidbits of info such as the concept that men actually leave energy lines in women during sex and these take 7 years to go away Astronaut Edgar Mitchell went into Samadhi during his space flight I was most astonished to learn that even hard headed engineering types have concluded that this shift is inevitable as we head toward zero point energy There is hope on the horizon I love how Mr Briggs suggests we will develop siddhis powers after the shift Attendance at the Hogwarts schools of the new Golden Age promises inconceivable thrills as we develop our God given siddhis in a natural and controlled environment Without doubt the most popular class will be flying Sporadic levitations have been recorded throughout history mostly connected with an overpowering euphoric vision rapture My only complaint about this book is that there is no introduction for us to get the overall picture of what the book is about nor is there an author bio But if you want a summary of all things pointing to a major shift this is a great read Susan Schenck Amazon Top 1000 Reviewers **The Akashic Field** Sheldon Stoff, 2011-12-12 From The Akashic Field It Makes Every Place in the Universe Part of the Neighborhood It is easy to entertain the idea that religions and spirituality make sense only when we consider the probability of the Akashic Field What we call Heaven the Other Side and even Nirvana are inconceivable without an Akashic Field In using this concept we are able for the first time to provide rational answers to where the soul goes between so called death and rebirth As if by magic so many of life's questions can now find answers even the concept of the existence of the soul coming from the unseen universe and returning to it periodically It is only the physical body that perishes as eventually all material must when it is no longer needed This field even makes the appearance and disappearance of photons possible The actions of photons provide answers to non locality in communication We can communicate over long distances only because our thoughts enter and emerge from this stated Akashic Field As Einstein said There is no space between souls The actual appearance of the universe can now also be explained Tarot and the Tree of Life Isabel Radow Kliegman, 2013-11-01 Though many books are available on the 22 major Tarot cards few look in depth at the 56 Minor Arcana or suit cards Simple accessible and easy to understand these overlooked mirrors of everyday life can help us access our inner knowing and learn more about ourselves In refreshingly down to earth terms and with a joyous commonsense wisdom Kliegman demystifies the Tarot by revealing its small secrets
