Kafkas Relatives:

Kafka Reiner Stach, 2017-09-05 The eagerly anticipated final volume of the award winning definitive biography of Franz Kafka How did Kafka become Kafka This eagerly anticipated third and final volume of Reiner Stach's definitive biography of the writer answers that question with more facts and insight than ever before describing the complex personal political and cultural circumstances that shaped the young Franz Kafka 1883-1924 It tells the story of the years from his birth in Prague to the beginning of his professional and literary career in 1910 taking the reader up to just before the breakthrough that resulted in his first masterpieces including *The Metamorphosis* Brimming with vivid and often startling details Stach's narrative invites readers deep inside this neglected period of Kafka's life The book's richly atmospheric portrait of his German Jewish merchant family and his education psychological development and sexual maturation draws on numerous sources some still unpublished including family letters schoolmates memoirs and early diaries of his close friend Max Brod The biography also provides a colorful panorama of Kafka's wider world especially the convoluted politics and culture of Prague Before World War I Kafka lived in a society at the threshold of modernity but torn by conflict and Stach provides poignant details of how the adolescent Kafka witnessed violent outbreaks of anti-Semitism and nationalism The reader also learns how he developed a passionate interest in new technologies particularly movies and airplanes and why another interest his predilection for the back to nature movement stemmed from his nervous surroundings rather than personal eccentricity The crowning volume to a masterly biography this is an unmatched account of how a boy who grew up in an old Central European monarchy became a writer who helped create modern literature **Kafka's Rhetoric** Clayton Koelb, 2019-05-15 In the first book to study Franz Kafka from the perspective of modern rhetorical theory Clayton Koelb explores such questions as how Kafka understood the reading process how he thematized the problematic of reading and how his highly distinctive style relates to what Koelb describes as the passion of reading **Franz Kafka in Context** Carolin Duttlinger, 2018 Accessible essays place Kafka in historical political and cultural context providing new and often unexpected perspectives on his works *Franz Kafka's the Metamorphosis* Sterling Professor of Humanities Harold Bloom, 2009 Presents a collection of critical essays about Kafka's *The metamorphosis* [A Franz Kafka Encyclopedia](#) Richard T. Gray, Ruth V. Gross, Rolf J. months in the sanatorium near Vienna where he died in 1924 Sometimes surprisingly humorous sometimes wrenchingly sad these letters collected after Kafka's death by his friend and literary executor Max Brod include charming notes to school friends fascinating accounts to Brod about his work in its various stages of publication correspondence with his publisher Kurt Wolff about manuscripts in progress suggested book titles type design and late royalty statements revealing exchanges with other young writers of the day including Martin Buber and Felix Weltsch on life literature and girls and heartbreaking reports to his parents sisters and friends on the declining state of his health in the last months of his life *Letters to Ottla and the Family* Franz Kafka, 2013-06-26 Written by the author of *The Metamorphosis* and *The Trial* one of the greatest writers of the twentieth century between 1909 and 1924 these letters offer a unique insight into the workings of the Kafka family their relationship with the Prague Jewish community and Kafka's own feelings about his parents and siblings Kafka's touching letters to his sister when she was a child and as a young married woman are beautifully simple tender and fresh The New York Review of Books A gracious but shy woman and a silent rebel against the bourgeois society in which she lived Ottla Kafka was the sibling to whom Kafka felt closest He had a special affection for her simplicity her integrity her ability to listen and her pride in his work Ottla was deported to Theresienstadt during World War II and volunteered to accompany a transport of children to Auschwitz in 1943 She did not survive the war but her husband and daughters did and preserved her brother's letters to her They were published in the original German in 1974 and in English in 1982 Kafka and Photography Carolin Duttlinger, 2007-12-06 Throughout his life Franz Kafka was fascinated by photography a medium which for him came to encapsulate both the attractions and the pitfalls of modern life Kafka's personal engagement with the medium as a keen viewer and collector of photographs as well as an amateur photographer is reflected in his writings which explore photography from a variety of different perspectives By far the most frequently and extensively discussed visual medium in Kafka's texts photography is paradigmatic of his relationship to visuality more generally This study not only explores photography's recurrence as a theme within his texts but it is also the first to take systematic account of Kafka's use of photographs as literary source material Kafka and Photography presents one of the most important modern writers from an entirely new perspective it sheds new light on familiar works and uncovers unexplored aspects of Kafka's engagement with his time and context Providing a chronological account of key prose works as well as the personal writings this study is accessible to students and lay readers It will be of interest not only to literary scholars but also to those working in photography media and cultural studies Its detailed textual analyses are set against a richly documented historical context which illustrates Kafka's interest in contemporary culture through a range of visual material taken from public as well as private sources some of which has only recently become available As this book demonstrates photography had a profound impact on Kafka's literary imagination and as such helps to explain the mesmerizing intensity of enigmatic visual detail which is a hallmark of his narratives Kafka's the Metamorphosis John P. Anderson, 2016-03-01 Fresh from the magic kingdom of

Joyce's *Finnegans Wake* this non-academic author ushers us line by line into the shadows of Kafka's spectral bug theater. He walks the bug back along hints left by Kafka as to what happened the night before why that night was different from all other nights. In this reading, father Samsa betrayed his first-born and needy son Gregor by declaring him unwelcome at home even though Gregor was paying the rent. Stimulated by this betrayal of blood by blood, the twilight zone opened momentarily allowing father's brutality to transform the son into a giant bug. Three months later, the combined protective forces of Easter and Passover are necessary to finally put the creature to rest: Easter for his spirit and Passover for his bug body. Using then current formulas from psychoanalysis as to hysterical conversion and from psychodynamics as to the human energy system, this explanation locates in a story often found mysterious a coherent path to the lack of memory by Gregor of these events and the reason for his hard back and soft underbelly. As the author sees it, irony fuels the title because the metamorphosis changed Gregor's exterior but not his inner nature: his indestructible love for family while just the opposite happened to his convenience-loving family. And irony fuels the results because father Samsa got just the lazy and dependent son he criticized Gregor for being in wanting to stay at home. The author traces how Kafka uses verb tense and aspect, psycho-narration as well as changes in the narrator's voice to make meaning in this drama theater. In the last act and after Gregor is disposed of by a Mary Magdalene suggesting charwoman, the parents prepare their last child, their daughter, for departure which will leave them in complete convenience. For her, they have saved a nest egg that will help supply a nest for her family eggs, a family nest denied to their first-born.

Kafka's Indictment of Modern Law Douglas E. Litowitz, 2017-08-11. The legal system is often denounced as Kafkaesque but what does this really mean? This is the question Douglas E. Litowitz tackles in his critical reading of Franz Kafka's writings about the law. Going far beyond Kafka's most familiar works such as *The Trial*, Litowitz assembles a broad array of works that he refers to as Kafka's legal fiction, consisting of published and unpublished works that deal squarely with the law as well as those that touch upon it indirectly as in political administrative and quasi-judicial procedures. Cataloguing, explaining, and critiquing this body of work, Litowitz brings to bear all those aspects of Kafka's life that were connected to law: his legal education, his career as a lawyer, his drawings, and his personal interactions with the legal system. A close study of Kafka's legal writings reveals that Kafka held a consistent position about modern legal systems characterized by a crippling nihilism. Modern legal systems in Kafka's view consistently fail to make good on their stated pretensions; in fact, often accomplish the opposite of what they promise. This indictment, as Litowitz demonstrates, is not confined to the legal system of Kafka's day but applies just as surely to our own. A short, clear, comprehensive introduction to Kafka's legal writings and thought, *Kafka's Indictment of Modern Law* is not uncritical. Even as he clarifies Kafka's experience of and ideas about the law, Litowitz offers an informed perspective on the limitations of these views. His book affords rare insight into a key aspect of Kafka's work and into the connection between the writing, the writer, and the legal world.

Franz Kafka Stanley Corngold, 2018-03-15. In Stanley Corngold's view, the themes and strategies of Kafka's fiction are

generated by a tension between his concern for writing and his growing sense of its arbitrary character Analyzing Kafka's work in light of the necessity of form which is also a merely formal necessity Corngold uncovers the fundamental paradox of Kafka's art and life The first section of the book shows how Kafka's rhetoric may be understood as the daring project of a man compelled to live his life as literature In the central part of the book Corngold reflects on the place of Kafka within the modern tradition discussing such influential precursors of Cervantes Flaubert and Nietzsche whose works display a comparable narrative disruption Kafka's distinctive narrative strategies Corngold points out demand interpretation at the same time they resist it Critics of Kafka he says must be aware that their approaches are guided by the principles that Kafka's fiction identifies dramatizes and rejects
