The Assault on Labor Sandra L. Albrecht, 2016-12-20 The Assault on Labor details the 1986 Independent Federation of Flight Attendants IFFA strike against Trans World Airlines TWA one of the most dramatic instances of the heightened labor conflict in the 1980s Using extensive court union and company documents The Assault on Labor shows how the expanded use of permanent replacements in labor disputes has fundamentally altered workers legal right to strike Set within one of the biggest corporate raids of the time it was a strike of a predominantly female labor force that garnered respect throughout the labor movement for its solidarity and determination Faced with the permanent replacement of over 5000 strikers IFFA waged a three year struggle to return all workers to the line mobilizing political economic and legal actions to secure their jobs and survive as a union Despite critical successes in the courts in the aftermath of the strike the Supreme Court would render a decision that
