## **Kantian Ethics And Socialism:**

**Kantian Ethics and Socialism** Harry Van der Linden, 1988-01-01 Awarded the 1985 Johnsonian Prize in Philosophy

Kantian Ethics and Socialism Henricus Van der Linden, 1985      *Kantian Ethics Almost without Apology* Marcia W.

Baron, 2018-10-18 A reappraisal on the emphasis on duty in Immanuel Kant's ethics is long overdue Marcia W. Baron evaluates and for the most part defends Kantian ethics against two frequent criticisms that duty plays too large a role leaving no room for the supererogatory and that Kant places too much value on acting from duty. The author first argues that Kant's distinction between perfect and imperfect duties provides a plausible and intriguing alternative to contemporary approaches to charity, self-sacrifice, heroism, and saintliness. She probes the differences between the supererogationist and the Kantian, exploring the motivation between the former's position and bringing to light sharply divided views on the nature of moral constraint and excellence. Baron then confronts problems associated with Kant's account of moral motivation; she argues that the value that Kant attaches to acting from duty attaches primarily to governing one's conduct by a commitment to doing what morality asks. Thus understood, Kant's ethics steers clear of the most serious criticism. Of special interest is her discussion of overdetermination. Clearly written and cogently argued, *Kantian Ethics Almost without Apology* takes on the most philosophically intriguing challenges to Kantian ethics and subjects them to a rigorous yet sympathetic assessment. Readers will find here original contributions to the debate over impartial morality.      **Kant's Impure Ethics** Robert B. Louden, 2002 The second part of Kant's ethics was described by Kant as applied moral philosophy or ethics applied to the human being. Kant's *Impure Ethics* critically examines this second part and assesses its value and nature in great detail.

**The A to Z of Kant and Kantianism** Helmut Holzhey, Vilem Mudroch, 2010 Few philosophers stand out as boldly as Immanuel Kant (1724-1804). His principal works including *Critique of Pure Reason*, *Critique of Practical Reason*, and *Critique of Judgment* are known worldwide. During his time, schools of Kantianism quickly sprang up and were later joined by schools of Neokantianism. Admittedly, not all of Kant's concepts have aged well, but many are still taught today among the basics of philosophy.      **Freedom and Anthropology in Kant's Moral Philosophy** Patrick R. Frierson, 2003-07-21 Table of contents

The A to Z of Kant and Kantianism Helmut Holzhey, Vilem Mudroch, 2010-02-12 Few philosophers stand out as boldly as Immanuel Kant. While he did not write as much as others, his principal works *Critique of Pure Reason*, *Critique of Practical Reason*, and *Critique of Judgment* are known worldwide. During his time, schools of Kantianism quickly sprang up and were later joined by schools of Neokantianism. Admittedly, not all of Kant's concepts have aged well, but many are still taught among the basics of philosophy today and therefore must be known by every student. *The A to Z of Kant and Kantianism* provides a comprehensive dictionary that will aid not only students but also teachers and the general public, since it contains hundreds of entries describing Kant's life and works and explaining his concepts as well as the contributions of his followers and also some opponents. Furthermore, much of the writings of the Neokantians as well as the literature dealing with this

movement are not available in English thus this book provides an introduction to this phenomenon to the English language reader Given the inevitable problems of language the glossary is particularly helpful while the bibliography makes the massive amounts of literature more accessible Historical Dictionary of Kant and Kantianism Vilem Mudroch, Helmut Holzhey, 2020-07-06 Immanuel Kant was one of the most significant philosophers of the modern age Historical Dictionary of Kant and Kantianism Second Edition contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on key terms of Kant's philosophy Kant's major works and cover his most important predecessors and successors concentrating especially on the relation of these thinkers to Kant himself This book is an excellent resource for students researchers and anyone wanting to know more about Immanuel Kant Kant and the Culture of Enlightenment Katerina Deligiorgi, 2012-02-01 Katerina Deligiorgi interprets Kant's conception of enlightenment within the broader philosophical project of his critique of reason Analyzing a broad range of Kant's works including his Critique of Pure Reason the Critique of Judgment his lectures on anthropology and logic as well as his shorter essays she identifies the theoretical and practical commitments that show the achievement of rational autonomy as an ongoing project for the realization of a culture of enlightenment Deligiorgi also considers Kant's ideas in relation to the work of Diderot Rousseau Mendelssohn Reinhold Hamann Schiller and Herder The perspective opened by this historical dialogue challenges twentieth century revisionist interpretations of the Enlightenment to show that the culture of enlightenment is not simply a fragment of our intellectual history but rather a live project **Historical Dictionary of Kant and Kantianism** Helmut Holzhey, Vilem Mudroch, 2005-06-22 Immanuel Kant was one of the most significant philosophers of the modern age many aspects of Kant's thoughts are not easy to understand and a guide like this Historical Dictionary of Kant and Kantianism should be very welcome not only to students but also teachers and the general public since it contains hundreds of entries describing Kant's life and works and explaining his concepts as well as the contributions of his followers and also some opponents Given the inevitable problems of language the glossary is particularly helpful And the bibliography makes the massive literature more accessible **Politics in the impasse** Bill Martin, 1996-01-01 Develops a radical politics of community that engages with practical issues such as the Gulf War and the 1992 uprisings in Los Angeles set against the context of postmodern capitalism Kantian Dignity and its Difficulties Karl Ameriks, 2024-07-03 Kantian Dignity and its Difficulties defends Kant's doctrine that all human beings have a moral capacity that gives them unconditional dignity It explains how the reception of this influential doctrine was marred by serious misunderstandings and how Kant himself fell prey to prejudices inconsistent with the doctrine The works of J G Herder and Richard Price are discussed as providing an important supplement for and parallel to what is best in Kant Thomas Mann's work is then discussed as a paradigmatic example of a transition from a chauvinist reading influenced by the terrible but highly popular interpretation of Kant by Houston Stewart Chamberlain to an enlightened understanding of Kant's philosophy one heavily influenced by Walt Whitman

and Novalis This book is a combination of philosophical argument and historical analysis The first chapter critically discusses a number of contemporary interpretations It defends Kant's concept of dignity as rooted in a basic capacity of reason for morality and therefore as an unconditional all or nothing and inviolable feature of all human beings one that deserves universal respect A systematic analysis based on close textual study defends Kant's position from interpretations that misconstrue it by overemphasizing mere rationality contingent talents or achievements The next four chapters build on this systematic account by explaining how Kant's notion of dignity was further clarified or seriously misunderstood or neglected in a variety of significant international contexts the Baltics Herder and Prussia's relation to the east Berlin the rise of Fascism Philadelphia the Declaration of Independence London Richard Price and reactions to the American and French Revolutions and Washington reactions to World War I and II discussed in three chapters on Thomas Mann The book argues that Kant showed no interest in the expanding blaze of the American Revolution and that in addition to other prejudices he had an elitist attitude that harmed his own cause Tragically it was the shock of German Fascism that forced Mann to emigrate and become the most influential public advocate of what is best in Kant's philosophy Mann's Democracy will win campaign connected Kant's doctrine of dignity with the enlightened principles of American democracy *Gustav Landauer: Anarchist and Jew* Paul Mendes-Flohr, Anya Mali, 2014-12-16 For Gustav Landauer literary critic and anarchist scholar of mysticism and participant of the Bavarian revolution culture and politics occupied the same spiritual space While identifying with ethical socialism his Jewish sensibility increasingly gained over the years not only but in great measure due to Buber's influence This volume brings together leading scholars to assess Landauer's ramified literary and political activities his life as a Jew and anarchist paying particular attention to his impact on Martin Buber **Encyclopedia of Ethics** Lawrence C. Becker, Charlotte B. Becker, 2013-10-18 The editors working with a team of 325 renowned authorities in the field of ethics have revised expanded and updated this classic encyclopedia Along with the addition of 150 new entries all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features New entries include Cheating Dirty hands Gay ethics Holocaust Journalism Political correctness and many more *The Continuum Companion to Kant* Gary Banham, Dennis Schulting, Nigel Hems, 2012-02-16 Including over 500 specially commissioned entries from a team of leading international scholars this is an essential reference to Kant's thought writings and continuing influence *Symbolic Representation in Kant's Practical Philosophy* Heiner Bielefeldt, 2003-05-29 This book explores in detail the role that symbolic representation plays in the architecture of Kant's philosophy Symbolic representation fulfills a crucial function in Kant's practical philosophy because it serves to mediate between the unconditionality of the categorical imperative and the inescapable finiteness of the human being By showing how the nature of symbolic representation plays out across all areas of the practical philosophy moral philosophy legal philosophy philosophy of history and philosophy of religion Heiner Bielefeldt

offers a unique perspective on how these various facets of Kant's philosophy cohere

**The European Philosophers from Descartes to Nietzsche** Monroe Beardsley, 2002-11-12 Between the earliest and the latest of the works included here we have two hundred and fifty years of vigorous and adventurous philosophizing Monroe Beardsley writes in his Introduction to this collection If the modern period can be only vaguely or arbitrarily bounded it can at least be studied and we can ask whether any dominant themes overall patterns of movement or notable achievements can be found within it This question is one that is best asked by the reader after he has read or read around in these works This Modern Library Paperback Classic also includes a newly updated Bibliography

*Rescuing Autonomy from Kant* James Furner, 2023-01-23 In *Rescuing Autonomy from Kant* James Furner argues that Marxism's relation to Kant's ethics is not one of irrelevance complementarity or incompatibility but critique Although Kant's formulas of the categorical imperative presuppose a belief in God that Kant cannot motivate the value of autonomy can instead be grounded by appeal to an antinomy in capitalism's basic structure and this commits us to socialism

Immanuel Kant Arthur Ripstein, 2017-05-15 Kant casts a long shadow over contemporary debates in political philosophy The Kantian roots of ideas of dignity autonomy equality and freedom under law are widely acknowledged Kant's own developments of those ideas in his explicitly political writings are taken up less frequently The aim of this volume is to help bring those contributions out of the shadows The articles and essays explore various dimensions of Kant's complex and powerful picture of the relation between morality and politics that Kant develops

**Metaphors of Economic Exploitation in Literature, 1885-1914** Jane Ford, 2024-08-01 *Metaphors of Economic Exploitation in Literature 1885-1914* explores the complex network of metaphors that emerged around late nineteenth century conceptions of economic self interest metaphors that dramatised the predatory conflictual and exploitative basis of relations between nations institutions sexes and people in a fin de siècle economy that was perceived by many as outwardly belligerent More specifically this book is about the vampire cannibal and related genera of economic metaphor that penetrate the major discourses of the period in ways that have yet to be understood In chapters that examine socialist fiction and newspapers the imperial quest romance the decadent and supernatural tales of Henry James and Vernon Lee and the Catholic novels of Lucas Malet Ford assesses the breadth and variety of these metaphors and considers how they filter the long standing philosophical ideas about self interest and the conflictual economic man This volume is essential reading for students and scholars of fin de siècle literature and culture as well as those with an interest in the relationship between literature economics and anti capitalist movements

## Reviewing **Kantian Ethics And Socialism**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing. Within the pages of "**Kantian Ethics And Socialism**," an enthralling opus penned by a very acclaimed wordsmith, readers embark on an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve to the book is central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
