Steiner, 2013-11-06 During 1924 before his last address in September Rudolf Steiner gave over eighty lectures on the subject of karma to members of the Anthroposophical Society These profoundly esoteric lectures examine the underlying laws inherent in reincarnation and karma and explore in detail the incarnations of specific historical figures In Rudolf Steiner's words the study of karma is a matter of penetrating into the most profound mysteries of existence for within the sphere of karma and the course it takes lie those processes which are the basis of the other phenomena of world existence In this volume Steiner discusses the karmic relationships within the anthroposophical movement including the predispositions which lead souls to anthroposophy the two streams within the movement plus Rosicrucianism Arabism Aristotelianism the Platonists and the School of Michael **RUDOLF STEINER'S MISSION AND ITA WEGMAN** Margarete and Erich

Kirchner-Bockholt, 2016-04-04 Because I felt that he knew how things were I said simply I will stay with you Then he said significant things to me that I was not to repeat A very ancient karma existing between him and myself was renewed It was not until many years later that I first realised the significance of that meeting Ita Wegman Ita Wegman was one of Rudolf Steiner's most important co-workers collaborating with him principally in the field of Medicine co-authoring the key book *Extending Practical Medicine* and heading the Medical Section of the School of Spiritual Science In the background to that external work however was an esoteric connection In this seminal work of karma research the authors attempt sensitively and with responsibility to shed light on that spiritual and karmic history Written for members of the Anthroposophical Society this book is a profound study of a series of different incarnations linked to the figures of Ita Wegman and Rudolf Steiner Spread over six disparate lifetimes they range from Gilgamesh and Eabani Enkidu in Uruk ancient Chaldea to the Goetheanum in Dornach Switzerland the twentieth century setting of the world centre of anthroposophy Based on copious historical research verbal statements and not a little spiritual insight this rare and valuable work reprinted here for the first time features many illustrations and facsimiles of documents and personal letters **Time of Decision with Rudolf**

Steiner Friedrich Hiebel, 1989 This fascinating recollection of the early days of the Anthroposophical Society offers a unique perspective on Rudolf Steiner's work and his relationship to his students Of particular interest to our readers will be the chapters on the Christmas Conference of 1923 for the foundation of the Anthroposophical Society Hiebel attended the meeting and his lively descriptions and warm style let those solemn events rise up again in our souls He recreates the solemn sacred mood of the laying of the Foundation Stone and provides insights into the structure and meaning of the Foundation Stone verses Rudolf Steiner, Life and Work Volume 2 (1890-1900) Peter Selg, 2015-08-01 The first chapter of this volume looks at Rudolf Steiner's years in Weimar beginning with his work at the Goethe Archives editing Goethe's scientific works It was in this capacity that Steiner was able to comprehend the great spiritual depth of Goethe's life and work which became

the foundation for his own lifework This chapter also looks at his social circles and the writing and publication of his works Truth and Knowledge CW 3 and The Philosophy of Freedom CW 4 It also highlights his encounter with the work of Friedrich Nietzsche his visits to the Nietzsche Archives in Naumburg and the writing of his book Friedrich Nietzsche Fighter for Freedom CW 5 Rudolf Steiner's time in Weimar comes to a close with the creation of his second book on Goethe Goethe's World View CW 6 a fruit of his work at the Archives The second chapter focuses on Rudolf Steiner's time in Berlin where he worked as editor of a cultural periodical Magazin für Literatur and accepted a position as lecturer at the Workers School There he was able to grow into his capacity as a teacher and where although he encountered many ideological challenges his insight into historical development found wide appreciation among students The third chapter covers the turn of the century and Rudolf Steiner's inner transition to speaking and writing more openly of his esoteric observations on the evolution of consciousness the I and the training of cognition His decisive 1899 essay Individualism in Philosophy marked this impulse followed by invitations to lecture freely before the Theosophical Society where Rudolf Steiner presented the esoteric nature of Goethe's fairy tale and the content of what later became his own books Mystics after Modernism CW 7 and Christianity as Mystical Fact and the Mysteries of Antiquity CW 8 [The Inner Nature of Man](#) Rudolf Steiner, 2013-05-14 In these eight lectures given during the Great War as thousands of young men were being killed in battle Rudolf Steiner the great initiate of the twentieth century describes the dramatic reality of the spiritual worlds encountered by human beings after death He speaks of the joys and sufferings experienced in those worlds by people of different character the vision of the ideal human being that souls experience the cosmic midnight hour the processes leading to rebirth in the world of the senses the deeper causes behind such phenomena as materialism and criminality and why in the flesh we lose our instinctive perception of the spiritual worlds

Rudolf Steiner, Life and Work Peter Selg, 2014-08-26 To acknowledge and understand Rudolf Steiner's unique achievement and life's work one must be able to accept that the founder and spiritual researcher of Anthroposophy was a citizen of two worlds the spiritual and the physical Anthroposophy teaches that this duality rather than being a quality reserved for special individualities is inherent to human nature According to Rudolf Steiner it is a central aspect of being human even in times when the suprasensory aspect of humanity is eclipsed for ordinary day consciousness and almost eliminated by certain civilizations The interest in Rudolf Steiner's person and essence in his attitude toward life and work will continue to grow in the decades and centuries that lie ahead both within and outside the anthroposophical movement It will take hold of entirely different groups of people including those who come with spiritual questions or discover them in times of need Rudolf Steiner's work grew to be one unique effort of bringing courage to human beings Michael Bauer This is the first of seven comprehensive volumes on Rudolf Steiner's being intentions and journey It presents Rudolf Steiner from childhood and youth through his doctorate degree and up to the time of his work for the Goethe Archives as editor of Goethe's scientific writings By considering his formative years in depth we come to understand better the roots and development of

Rudolf Steiner's later spiritual research and teachings This volume is a translation from German of the first three chapters of Rudolf Steiner 1861 1925 *Lebens und Werkgeschichte* Band 1 1861 1914 Ita Wegman Institut 2012 **Lord of the**

The Archangel Michael Rudolf Steiner, 1994-07 The Michael age has dawned Hearts begin to have thoughts Enthusiasm no longer flows from mystical obscurity but from the inner clarity that thought conveys To grasp this is to receive Michael into one's soul Thoughts that today seek to grasp the spirit must spring from hearts that beat for Michael as the fiery cosmic prince of thought Rudolf Steiner For centuries the tradition of the mystical chronology of the world's seven archangelic regents has been part of Western esoteric teaching According to this tradition 1879 marked the return of the solar spirit Michael the archangel of the Sun to oversee earthly evolution Steiner always placed his life and work in the service of Michael's evolutionary task And he recognized that at the beginning of the twentieth century humanity emerged from the Kali Yuga the Dark Age and entered the Age of Light Against this background Steiner described the ascent of Michael as cosmic ruler his battle with the dragon of the spirits of darkness and his roles as the countenance of Christ and the guardian

of cosmic intelligence He also gave many profound indications of how Michael's evolutionary task depends on the free and independent collaboration of human coworkers Speaking on behalf of Michael Steiner laid out the essentials for a new Michaelic path to full humanity Among the elements of this path are the development of selfless individuality cosmopolitanism the practice of the presence of Christ fearlessness the transformation of thinking and perception in a new synthesis of science art and religion the spiritualization of space and the separation of thought from language The Archangel Michael gathers most of Steiner's statements on this subject making it an important source for coming to terms with today's political social psychological and spiritual crises The Pearl and the Hut Yiana Belkalopolos, 2021-12-13 The Pearl and the Hut Volume I is a comprehensive therapeutic resource for adult children of divorce and for caregivers helping young children who are experiencing parental divorce Yiana Belkalopolos addresses the trauma many children experience in parent divorce through the lens of the practical and soul spiritual philosophy of Rudolf Steiner the Austrian scientist and philosopher behind Waldorf education and the international Anthroposophical movement Belkalopolos work gives psychosocial and soul spiritual support as well as loving practical encouragement for children and adult children of divorce through Individual honoring biographies that speak to the support that other growing children of divorce and adult children of divorce have experienced from Rudolf Steiner's work Providing safe soul spiritual developmental approaches and demonstrating practices that are supported around the world helping children of divorce feel more calm whole steady supported and rightful within themselves Revealing to adult children of divorce that there are true and rational explanations for what they are feeling which make them capable of a wholesome life Empowering Pearl people to take care of their own holistic wellbeing more thoroughly and to know where to reach out for help **Reincarnation in Modern Life** Pietro Archiati, 1998-03 Reincarnation is usually considered to be an ancient non Christian doctrine originating in the East Is it compatible with the teachings of Christianity In a lively and fluid style Pietro Archiati describes the approach to reincarnation taken by the spiritual master Rudolf Steiner an approach that is wholly relevant to Western consciousness and steeped in true Christianity By applying and developing Steiner's ideas Archiati brings the concept of reincarnation to bear on many aspects of modern life including such vexed issues as abortion and rape He addresses the question of whether reincarnation appears in the New Testament and explains how we can understand theological problems such as Christ's Resurrection and the resurrection of the body from this wider context *Rudolf Steiner, Fragment of a Spiritual Biography* Sergei O. Prokofieff, 2020-11-16 Underlying Sergei O Prokofieff's life's work was a fundamental research theme to which he returned to repeatedly the individuality of Rudolf Steiner as manifested through his past incarnations on Earth Beginning in 1982 inspired by a visit to an exhibition on The Epic of Gilgamesh Prokofieff planned a full scale spiritual biography with the intention of finding an answer to the question Who is Rudolf Steiner In a sequence of five past incarnations as indicated by Steiner himself and culminating in the life of Rudolf Steiner Prokofieff searched for the inner thread between the six stages of this great all

encompassing life His intention was to find not only the outer connections in this sequence but also the deeper more esoteric stream that offers the key to the unique significance of this individuality In 1984 Prokofieff began to write the first chapter about Rudolf Steiner's incarnation as Enkidu in Sumer Sadly many obstacles in his path were to prevent him finalising the project However the author returned to the book in his final months preparing a Preface that outlines its conception together with a summary chapter on Rudolf Steiner's evolutionary journey This precious fragment of a biography features valuable additional material including a full introduction to the relationship of the anthroposophical movement to other occult streams of esoteric Christianity and their Masters a detailed spiritual scientific interpretation of the Epic of Gilgamesh that establishes Rudolf Steiner's connection with the being of Jesus of Nazareth and an exploration of Steiner's relationship to the Nathan soul the Luke Jesus child Serious students of anthroposophy will welcome these final writings from the pen of one of Rudolf Steiner's most faithful and insightful disciples

The Burning Bush Edward Reaugh Smith, 1997-07 Even more significant for Christianity in the long run than the twentieth century Dead Sea and Nag Hammadi discoveries is the growing North American awareness of Rudolf Steiner's works Virtually unavailable until the end of the twentieth century English translations from the German archives are gradually coming into print Both Steiner and his works have thus far been virtually unknown in traditional theological circles No Bible commentary has yet reflected the remarkable spiritual insights of Anthroposophy Now ten years after first encountering a written comment about Rudolf Steiner Ed Smith combines his own extensive traditional biblical knowledge with his years of concentrated study and reflection on hundreds of assembled works by Steiner The result is the first Bible commentary in the light of anthroposophic insight This is the first volume of a series of Bible commentary by the author It is based on the anthroposophic understanding given to humanity by Rudolf Steiner during the first quarter of the twentieth century Bible commentaries have always reflected the general line of thinking of their authors However the dramatic newness of anthroposophic thought means that perhaps the usual method of using a Bible commentary is not appropriate here A large part of The Burning Bush is necessarily devoted to laying an anthroposophic or spiritual scientific groundwork A major assumption indulged in most Bible commentaries that one can go directly to portions dealing with given passages of scripture and understand what is being said about them does not fit

Spiritual Research The Destiny of the Michael Community Peter Selg, 2014-03-15 In two related studies Peter Selg tracks the groundbreaking of the first Goetheanum on September 20 1913 in the context of what is known as the Michael movement the primary active impulse brought by Rudolf Steiner in 1924 which explicitly indicates the anthroposophic movement and its official society The author shows the fundamental importance of this beginning in Dornach He illuminates the fateful goal of the School for Spiritual Science through Rudolf Steiner's karma lectures not only providentially in the sense that it involved individualities but also with regard to the future development of human civilization This monograph builds on Peter Selg's book Rudolf Steiner's Foundation Stone Meditation And the Destruction of the Twentieth Century and Sergei O Prokofieff's Rudolf Steiner's Sculptural Group A Revelation of the Spiritual Purpose of Humanity and the Earth Originally published in German as Grundstein zur Zukunft Vom Schicksal der Michael Gemeinschaft Verlag des Ita Wegman Instituts 2013 A Western Approach to Reincarnation and Karma Rudolf Steiner, 1997 The soul's immortality and its repeated earthly births are not new ideas in Western thought They are implicit in the Pythagorean and Platonic traditions as well as in some branches of esoteric Judaism and Cabbala But it was not until the early years of this century that the West was given a detailed modern evolutionary philosophy of human life based on the reality of reincarnation and karma This turning point occurred when Rudolf Steiner began to make public the results of his spiritual scientific researches He viewed the revelation of reincarnation and karma as one of his most important life tasks Steiner's contribution however remains unique in its understanding of the human being as an evolving developing being of body soul and spirit On the basis of his researches presented in numerous books and lectures we begin to understand how the complex interaction of human lives between birth and death and between death and a new birth gives new meaning not only to individual lives lived on Earth in community with others but also to human history and evolution and to earthly and cosmic events This book collects many of Steiner's major statements on reincarnation and karma The primary purpose of this volume is to help readers meet the challenge of spiritual research in the area of individual evolution of the soul and spirit in the context of cultural and universal evolution Such a study can be tremendously revealing and provide spiritual understanding in a time of increasing intellectual confusion and spiritual poverty The notion of reincarnation and karma is generally associated in most minds with spiritual traditions of the East especially Hinduism and Buddhism Ren Querido's in depth sixty page introduction however places these concepts within the context of Western spiritual development and esoteric tradition showing us a panoramic view of how such ideas have developed over the centuries in the West Contents Introduction by Ren Querido 1 Our Present Dilemma 2 Historical Survey of Reincarnation and Karma 3 Rudolf Steiner's Original Contributions The lectures 1 Natural and Chance Illnesses in the Human Being 2 Elemental Events Volcanic Eruptions Earthquakes Epidemics in Relation to Karma 3 Death and Rebirth in Relation to Karma 4 Knowledge of Reincarnation and Karma 5 Examples of Karma Working between Two Incarnations 6 Vital Questions in the Light of Reincarnation and Karma 7 The Formation of Karmic Forces 8 Reincarnation of the Spirit and

Destiny *The Gaia Hypothesis* Michael Ruse, 2013-09-25 The book is full of empathetic insightful and often very funny portraits of Margulis Lovelock and a community of other figures associated with Gaia Carla Nappi New Books in Science Technology and Society In 1965 English scientist James Lovelock had a flash of insight the Earth is not just teeming with life the Earth in some sense is life He mulled this revolutionary idea over for several years first with his close friend the novelist William Golding and then in an extensive collaboration with the American scientist Lynn Margulis In the early 1970s he finally went public with the Gaia hypothesis the idea that everything happens for an end the good of planet Earth Lovelock and Margulis were scorned by professional scientists but the general public enthusiastically embraced Lovelock and his hypothesis In *The Gaia Hypothesis* philosopher Michael Ruse with his characteristic clarity and wit uses Gaia and its history its supporters and detractors to illuminate the nature of science itself Gaia emerged in the 1960s a decade when authority was questioned and status and dignity stood for nothing but its story is much older Ruse traces Gaia's connection to Plato and a long history of goal directed and holistic or organicist thinking and explains why Lovelock and Margulis's peers rejected it as pseudoscience But Ruse also shows why the project was a success He argues that Lovelock and Margulis should be commended for giving philosophy firm scientific basis and for provoking important scientific discussion about the world as a whole its homeostasis or in this age of global environmental uncertainty its lack thereof Ruse's treatment is thought provoking and original as you would expect from this perceptive irrepressible philosopher of biology New Scientist
