Muller-Ortega, 2010-03-31 This book explores one of the most explicit and sophisticated theoretical formulations of tantric yoga It explains Abhinavagupta's teaching about the nature of ultimate reality about the methods for experiencing this ultimate reality and about the nature of the state of realization a condition of embodied enlightenment The author uncovers the conceptual matrix surrounding the practices of the Kaula lineage of Kashmir Shaivism The primary textual basis for the book is provided by Abhinavagupta's Par tr ik laghuv tti a short meditation manual that centers on the symbolism of the Heart mantra SAU *Yoga Journal* , 1990-03 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty Light on Tantra in Kashmir Shaivism - Volume 2 Swami Lakshmanjoo, 2020-11-25 Tantr loka is the voluminous masterwork of the 10th century philosopher saint Abhinavagupta It is a veritable encyclopedia of non dual Shaivism a spiritual treasure trove containing a glorious synthesis of all the schools that make up Kashmir Shaivism This second volume includes chapters two and three dealing with anup ya the means up ya where there is nothing to be done for attaining oneness with Universal Being and mbhavop ya the means requiring supreme awareness Being the last master in the direct line of Abhinavagupta Swami Lakshmanjoo is singularly able to reveal the true meaning of this otherwise difficult or inaccessible text In the accompanying audio the sincere student can hear the words of a master who lived and breathed Kashmir Shaivism in its fullness A *History of India* Hermann Kulke, Dietmar Rothermund, 2004 This fourth edition of A History of India presents the grand sweep

themselves when they experience Swami Lakshmanjoo's narrative as he himself becomes filled with emotion and longing for God

The Yoga of Vibration and Divine Pulsation Vasugupta, Jaideva Singh, 1992-01-01 Spanda is the vibratory dynamism of the absolute consciousness. In the first section of his commentary Kēmarāja presents spanda as identical with the essential self of each person. The second section presents a methodology that allows access to the world of spanda yoga. The third section describes the spiritual powers attained by the realization of spanda. Through modern physics we have grown accustomed to thinking of physical reality as waves of energy as the matter-energy continuum. Tantric Shaivism presents the full matrix of energy pulsation of which physical reality is only a part. From the relatively superficial perceptions of the senses to the progressively subtle forms of inner awareness a unified spectrum of spanda leads inward until the most delicate and powerful tendrils of individuality merge with the infinitely rapid vibration of the ultimate consciousness. The text prescribes a continuous refinement of perception in order for that aspect of spanda which continuously subsides into infinity to be discovered in the awareness of the practitioner. Through prescribed use of mantra the yogi develops a continuous attentiveness to the presence of the spanda, the spanda that reveals itself to her as an ecstatic flashing forth within her own awareness. The Guru-enlivened mantra leads the yogi through the vibratory spectrum of awareness to the ever subtler domains within. As this occurs the surface word-form of the mantra falls away and only the original lively pulsation of enlightenment is left. At a certain definite point the individual awareness is permanently caught up in this subtle pulsation of the ultimate. It then transcends all of the relative spatial distinctions of inner and outer, higher and lower, above and below. The nondimensional global encompassing of the individuality by the absolute consciousness is the state of jīvanmukti, the goal of the tantric practice prescribed by the Spanda Karikas.

Kashmir Shaivism and Modern Science Makhan Babu, Sham Misri, 2018-03-05 Kashmir Shaivism appeared in the 9th century in Kashmir, which was at that time a small feudal kingdom. The maharajahs were the patrons of the various religions. There are several important schools of Kashmir Shaivism, of which the most elevated belong to the Trika system. From the Trika point of view, there is not the slightest difference between individual soul and lord Shiva; it is just a play, a drama of his own nature. The authors consider Kashmir Saivism the true philosophy of Tantrism. The authors are trying to justify the Tantric position from the rational point of view to demonstrate the soundness and significance of Kashmir Saivism with modern science. Maya is the cause of creation. BRAHMAN is the nominal cause for creation. Vedānta says that Creator and Created are one and the same. An attempt has been made to examine Kashmir Shaivism from a scientific view. Science confirms that reality we see is an illusion. Our 3D Universe is a hologram. It is the brain which receives signals and organizes these into a hologram which we project outside and call it a reality. Read more inside the book.
