Kassel Mission Highest Group Loss:

The Luftwaffe Over Germany Donald Caldwell, Richard Muller, 2014-04-02 A wonderful book on the Luftwaffe's WW2 operations German Air Force and its struggle to defend Germany from the Allied bomber attacks FSAddon The Luftwaffe over Germany tells the story of one of the longest and most intense air battles in history The daylight air struggles over Germany during World War II involved thousands of aircraft dozens of units and hundreds of aerial engagements Until now there has been no single book that covers the complete story from the highest levels of air strategy to the individual tales of Fw 190s Bf 109s and Me 262s in air combat against the American bomber streams This ground breaking work explores the detrimental effect of Luftwaffe theory and doctrine on the German air arms ability to defend the homeland once the Allied Combined Bomber Offensive began in earnest By mid 1944 they had lost the battle but had exacted a terrible price from the Americans in the process The product of a ten year collaboration between two noted Luftwaffe historians this work fills a major gap in the literature of World War II The authors have examined original war diaries logbooks doctrine manuals after action reports and interviews with many combat veterans to produce a richly detailed account Illustrated with nearly two hundred photographs as well as new maps and diagrams this is the standard work on the subject Looking for a better book on the German air defense of the Third Reich in daylight during the war would probably be a useless endeavor A Wargamers Needful Things

Day Fighters in Defence of the Reich Donald Caldwell, 2012-02-27 A day by day account of Nazi air operations in WWII by the coauthor of The Luftwaffe over Germany winner of an Air Force Historical Foundation Award Day Fighters in Defence of the Reich is a detailed comprehensive daily reference to the air operations flown by the Luftwaffe During the Second World War German air defenses struggled to cope with the threat posed by the American 8th and 15th Air Forces which were charged with destroying Germany's critical war industries and wresting control of the air over the Reich from the Luftwaffe This unique volume includes a brief narrative and a table of statistics detailing every mission of every Luftwaffe unit defending the Greater German Reich or the western occupied zone against strategic raids by the USAAF tables of monthly sorties losses and victory claims by the USAAF and the Luftwaffe over the Reich and the western occupied zone and combat accounts by Luftwaffe pilots This tremendous piece of work is based on documents in the German American and British government archives and German pilot logbooks and interviews from the author's extensive collection Aeroplane Magazine Caldwell is well known for his balanced presentations and the clarity of his writing This book is a must have for anyone with a serious interest in World War II aviation history Highly recommended and quite likely to be remembered as one of the most important new books of the year Stone Stone Such a staggering quantity of information would be overwhelming in less capable hands But Caldwell spices up his tight narrative with excellent photos and informative captions Aviation History

Thomas McKelvey Cleaver, 2023-05-11 A vivid history packed with first hand accounts of the US Eighth Air Force's VIII Fighter Command from its foundation in 1942 through to its victory in the skies over Nazi Germany On August 7 1942 two major events occurred on opposite sides of the planet In the South Pacific the United States went on the offensive with the First Marine Division landing on Guadalcanal In England 12 B 17 bombers of Eighth Air Force bombed the Rouen Sotteville railroad marshalling yards in France While the mission was small the aerial struggle that began that day would ultimately cost the United States more men killed and wounded by the end of the war in Europe than the Marines would lose in the Pacific War Clean Sweep is the story of the creation development and operation of the Eighth Air Force Fighter Command and the battle to establish daylight air superiority over the Luftwaffe so that the invasion of Europe could be successful Thomas McKelvey Cleaver has had a lifelong interest in the history of the fighter force that defeated the Luftwaffe over Germany He has collected many first hand accounts from participants over the past 50 years getting to know pilots such as the legendary Hub Zemke Don Blakeslee and Chuck Yeager as well as meeting and interviewing leading Luftwaffe pilots Adolf Galland Gunther Rall and Walter Count Punski Krupinski This story is told through accounts gathered from both sides

The Mighty Eighth at War Martin W. Bowman, 2010-09-30 Relates how the American Eighth Air Force bombers helped Britain's Royal Air Force in fighting Germany during World War II ProtoView From the beginning of World War II the RAF's Bomber Command had been the only means of striking Hitler's Reich and its war machine But the entry into the war of the United States and the subsequent arrival in the UK of the Eighth Air Force would more than double the Allied capability The Flying Fortress and Liberator heavy bombers were mostly flown across the Atlantic by their young green aircrew and many succumbed en route and never arrived Flying in northern Europe was a different ball game from American skies and it took a

considerable time before the crews familiarized themselves with the vagaries of fog low cloud rain and snow The American bombers bristled with defensive armament and elected to fly in close defensive formation during the day leaving the RAF to carry out nighttime raids With the arrival of long range protective escort fighters the task became a little easier This book is the story including many firsthand accounts of how the American bomber force helped fight to eventual victory by decimating German industry and transport systems and breaking the Nazi war spirit *The Young Ones* Erik Dyreborg,2003-06-19 The Young Ones is a collection of stories from the wartime experiences of some of the American airmen who served in Europe and the Pacific during WW II The stories are narrated by the airmen or submitted by relatives and recount missions over enemy territory encounters with enemy fighters struggles to control battle damaged planes crash landings and bail out from exploding planes often leaving behind dead and wounded buddies Many airmen who survived these experiences were captured and spent the rest of the war as POWs They were often brutally treated by their captors However some airmen managed to evade captivity and escaped Some were on the run for months throughout Europe some hiding for almost a year until war s end Thousands of POWs in Germany were on the forced marches in the beginning of 1945 the Death Marches Their suffering on these marches is painfully retold on some of these pages These are the stories of some American airmen who served in the United States Army Air Forces during World War II most of them only 19 or 20 years of age These are the stories of The Young Ones **Down in Flames** Ray Parker,2009-02 Sixteen million Americans served in World War II This is one man s incredible story War and captivity life and death fear and bravery A remarkable true story of World War II that takes us along through the hell of aerial combat against high odds and the harsh life of survivors in Nazi prison camps A tale well told it gives us insight into the courage and character of our gallant young airmen who paved the way for the invasion of Fortress Europe and our ultimate victory over Hitler s Germany Major General Donald Ross USAF ret Once I started reading Down in Flames I couldn t put it down It s well written and kept me turning the pages Ray Parker was head writer on my daily CBS TV show House Party but he never talked about bombing missions over Germany during World War II and surviving a Nazi prison camp What a surprise I can certainly recommend this book Art Linkletter **The Strategic Bombing of Germany, 1940-1945** Alan Levine,1992-07-22 This book is the only full scale account of the strategic air offensive against Germany published in the last twenty years and is the only one that treats the British and the Americans with parity Much of what Levine writes about British operations will be unfamiliar to American readers He has stressed the importance of winning air superiority and the role of escort fighters in strategic bombing and has given more attention to the German side than most writers on air warfare have Levine gets past a simple account of what we did to them and describes the target systems and German countermeasures in detail providing exact yet dramatic accounts of the great bomber operations the Ruhr dams Ploesti and Regensburg and Schweinfurt The book is broad guaged touching many matters from the development of bombing doctrine before the war to the technical development of the Luftwaffe and the RAF jets and V

weapons to the role of the heavy bombers in supporting land and sea operations Levine stresses the impact of bombing on the war and generally endorses the strategic air campaign as worthwhile and effective But he concludes that many mistakes were made by the Allies both the British and the Americans in tactics the development of equipment and in the selection of targets Levine sees strategic bombing as a powerful tool that was often misused particularly when the doctrine of area bombing flourished Scholars students and buffs interested in World War II and or the history of aviation will find this study of great interest **8th AF News** ,1994 **379th Bombardment Group Anthology, Volume 2** ,2000-06 Beretter om den amerikanske 379th Bombardment group s operationer over Europa under 2 verdenskrig i perioden 1942 1945 *The Munster Raid* Ian Hawkins,1990 **The Kassel Raid, 27 September 1944** Eric Ratcliffe,2021-12-30 On Thursday 28 September 1944 a force of 283 Consolidated B 24 Liberator bombers from the USAAF s 2nd Combat Bombardment Wing took off from their bases in Britain and headed out across the North Sea escorted by 198 P 51 Mustang fighters The bombers target was the industrial city of Kassel in northern Germany Among the bombers assigned to the raid were the aircraft of the 445th Heavy Bombardment Group Thirty five of the 445th s Liberators along with the 336 men who made up their crews took off from their base near the village of Tibenham in Norfolk Their specific target that day was the engineering works of Henschel three crashed en route to the coast two in France and one in Belgium two made forced landings at an emergency airfield in England and the last came to grief within sight of home Just four of the original thirty five B 24s landed safely back at Tibenham The human cost was equally high In the course of just a few minutes 117 airmen lost their lives including eleven who were murdered after parachuting safely to the ground A further 121 men were taken prisoner only ninety eight returned to duty In this highly moving account of the Kassel raid the author who lives close to the Tibenham airfield uncovers the painful details of those terrible moments in September 1944 through the stories of those who survived one of the Second World War s most disastrous operations in the USAAF s battle against the Luftwaffe *Beyond The Call* Lee Trimble,Jeremy Dronfield,2016-02-02 Near the end of World War II thousands of Allied ex POWs were abandoned to wander the war torn Eastern Front modern day Ukraine With no food shelter or supplies they were an army of dying men The Red Army had pushed the Nazis out of Russia As they advanced across Poland the prison camps of the Third Reich were discovered and liberated In defiance of humanity the freed Allied prisoners were discarded without aid The Soviets viewed POWs as cowards and regarded all refugees as potential spies or partisans The United States repeatedly offered to help recover their POWs but were refused With relations between the allies strained a plan was conceived for an undercover rescue mission In total secrecy the OSS chose an obscure American air force detachment stationed at a Ukrainian airfield it would provide the base and the cover for the operation The man they picked to undertake it was veteran 8th Air Force bomber pilot Captain Robert Trimble With little covert training already scarred by the trials of combat Trimble took the mission He would survive by wit courage and a determination to do some good in a terrible war Alone he faced up to the terrifying Soviet secret police saving

hundreds of lives At the same time he battled to come to terms with the trauma of war and find his own way home to his wife and child One ordinary man One extraordinary mission A thousand lives at stake This is the compelling inspiring true story of an American hero who laid his life on the line to bring his fellow men home to safety and freedom Include photos **The 44th Bomb Group in World War II** Ron Mackay, Steve Adams, 2003 The 44th Bomb Group which flew the B 24 Liberator was the pioneer unit for what evolved from the Mighty Eighth's 2nd Bomb Wing into a full scale Bomb and later Air Division The Group amassed an impressive 343 missions and won two Distinguished Unit Citations between November 1942 and April 1945 dropping nearly 19 000 tons of ordnance in the process including the legendary August 1943 Ploesti mission These statistics were achieved at a material cost of around 200 aircraft and a human cost of some 2 000 airmen MIA as the 8th USAAF focused its strategic bombing campaign in the face of determined Luftwaffe opposition 4th Fighter Group Chris Bucholtz, 2012-12-20 With first hand accounts and colour artwork this title describes the planes and pilots of the famous 4th Fighter Group Fourth but First that became the highest scoring unit of the mighty 8th Air Force in World War 2 Formed around a nucleus of pilots already seasoned by their experience as volunteers in the RAF's Eagle Squadrons the 4th Fighter Group was established in England in October 1942 Initially flying Spitfires the Debden Eagles went on to fly the P 47 and P 51 becoming in July 1943 the first Eighth Air Force fighter group to penetrate German air space The group's record of 583 air and 469 ground victories was unmatched in the Eighth Air Force and the group produced a cast of characters that included legendary aces Don Blakeslee Pierce McKennon Kid Hofer Duane Beeson Steve Pisanos and Howard Hively Involved in the D Day landings Operation Market Garden the Battle of the Bulge and the crossing of the Rhine the group's achievements came at a high price with a 42 percent casualty rate Packed with pilots' experiences detailed aircraft profiles and full combat histories this book is an intriguing insight into the best known American fighter unit in World War II The Ghost Who Would Not Die Linda Alice Dewey, 2008-09-09 In her latest book of supernatural true life mystery Linda Alice Dewey is contacted by a ghost named Jacobs Jacobs is a runaway slave who was brutally murdered during the Civil War Using Jacobs's own words Dewey tells Jacobs's gripping story of being a slave a fugitive a vagrant in nineteenth century America and his life as The Ghost Who Would Not Die After Jacobs is murdered his ghost congregates with other ghosts plays tricks on people and wanders aimlessly through middle America Eventually he begins to help the living by telepathically influencing their thoughts and ultimately attaching himself to Dewey and her son Dewey helps Jacobs to cross over and find the peace and freedom that was denied him in life and during the first hundred years after his death The Ghost Who Would Not Die is a gripping Civil War era tale as well as a well told true ghost story that is sure to appeal to readers interested in the supernatural and life after death **2nd Air Division Air Force USAAF 1942-45** Martin W. Bowman, 2007-04-19 A history and guide to historic British airfields where American bombers were prepared to take off at a moment's notice includes photos As part of the AHT series the airfields and interest in this book are concentrated in a particular area in this

case Norfolk and Suffolk The Second Air Division's first bombing mission was flown on November 7 1942 the last on April 25 1945 A total of 95 948 sorties were flown in 493 operational missions by the division's B 24s dropping 199 883 tons of bombs Targets attacked ranged from Norway in the north as far east as Poland and Romania while several Mediterranean countries were reached from temporary bases in North Africa Six 2nd Air Division groups received special presidential citations for outstanding actions and five airmen received the Medal of Honor highest US award for bravery four posthumously In combat the 2nd Air Division gunners claimed 1 079 enemy fighters destroyed against losses of 1 458 B 24s missing in action and many others lost in accidents This book looks at the history and personalities associated with each base what remains today and explores the favourite local wartime haunts where aircrew and ground crew would go *Mission to Berlin* Robert F. Dorr, 2011-05-15 From Hell Hawks author Bob Dorr Mission to Berlin takes the reader on a World War II strategic bombing mission from an airfield in East Anglia England to Berlin and back Told largely in the veterans own words Mission to Berlin covers all aspects of a long range bombing mission including pilots and other aircrew groundcrew and escort fighters that accompanied the heavy bombers on their perilous mission **339th Fighter Group** G. P. Harry, 1991 The record of the men of the 339th Fighter group is a personal and living memorial but in depth as well The 339th Fighter Group was forged into a combat ready team in the California desert under the command of Colonel John B Henry Jr The Group went on to achieve 100 air victories in their first 100 missions
