Frydrych, 2014-09-03 The difficulties that biblical wisdom literature poses to the theologian are caused not only by its distinctiveness from other biblical traditions but also by the internal tensions within it The present book seeks to explore the nature and causes of these tensions The study carries out comprehensive comparison of the worldviews represented by Proverbs and Qoheleth and the worlds that these reflect looking at the aims and methods of their quest their epistemologies theological and cosmological perspectives and their anthropological and social views The conclusion of the enquiry throws new light on the dynamics of the tension between these two books questioning whether standard methods of Old Testament theology can do justice to the wisdom tradition and at the same time opening the door for new theological approaches to be devised **Poetic Ethics in Proverbs** Anne W. **Les biens pour rien en Qohéleth 5,9-6,6 ou. La traversée d'un contraste** Françoise Laurent, 2018-02-19 This French work presents an exegetic and theological interpretation of Qohéleth s speech on riches Ecclesiastes 5 9 6 6 The detailed exegetic analysis distinguishes the existential meaning from the anthropological and theological meaning and develops a rhetorical figure of wisdom which is characterised by two aspects either the denial of God or the reference to God Using a parallel to the Book of Job the intertextuality of the discourse of wisdom becomes clear To the extent that the critical literary and the hermeneutic approach foregrounds the text in its final form it points directly to the internal tension of the text which is marked by contrasts and questions the conditions of the

process of composition This approach also provides a new access to Qoheleth's provocative thinking      00•00•00 "0000000000
