**Living in Christian Community** Arthur G. Gish,1979 Finding Community Diana Leafe Christian,2007-05-01 Finding community is as critical as obtaining food and shelter since the need to belong is what makes us human The isolation and loneliness of modern life have led many people to search for deeper connection which has resulted in a renewed interest in intentional communities These intentional communities or ecovillages are an appealing choice for like minded people who seek to create a family oriented and ecologically sustainable lifestyle a lifestyle they are unlikely to find anywhere else However the notion of an intentional community can still be a tremendous leap for some deterred perhaps by a misguided vision of eking out a hardscrabble existence with little reward In fact successful ecovillages thrive because of the combined skills and resources of their members Finding Community presents a thorough overview of ecovillages and intentional communities and offers solid advice on how to research thoroughly visit thoughtfully evaluate intelligently and join gracefully Useful considerations include Important questions to ask of members and of yourself Signs of a healthy and not so healthy community Cost of joining and staying Common blunders to avoid Finding Community provides intriguing possibilities to readers who are seeking a more cooperative sustainable and meaningful life Diana Leafe Christian is the author of *Creating a Life Together* and editor of *Communities* magazine She lives at Earthhaven Ecovillage in North Carolina Intimacy and Mission Luther E. Smith,2007-07-01 Is radical discipleship really possible today With all the competing demands we face can the church empower us to fully respond to God's call Can the church rise far enough above the demands of institutional survival to live out a radical gospel Intimacy and Mission invites readers into Christian communities working at answering such questions The author offers a carefully researched yet accessible study of five religious communities Church of the Messiah Koinania Partners Patchwork Central Sojourners and Voice of Calvary He shows how the experience of these communities can help local congregations discern possibilities for radical discipleship By revealing not only the strengths of intentional community but also the struggles experienced by each of the five communities Smith has also created a

fascinating human interest narrative      **Return to the Margins** Terry Coy, 2015-02 Most Christians know that all is not well with America Every day the church feels pushed further to the margins of society We are losing status influence and certain freedoms So what is the church to do In *Return to the Margins* Terry Coy explains that the church has historically and globally existed and thrived at the margins Jesus ministered in the margins of society The New Testament church grew from the margins Most of the global church today lives and ministers in the margins The church in post Christian America must understand What the new American church will look like How to respond when religious rights are taken away What the church must do now to prepare for the future How life in the margins has historically increased the church's fruitfulness
