Living Way Stories Of Kurozumi Munetada A Shinto Founder:

The Living Way 〇〇・〇〇,2000 These stories about Kurozumi Munetada 1780 1850 show us a spirituality for everyday living He was a Japanese priest poet and healer who looked to the needs of all humankind We see in them Shinto affirmation of life for he was a healer of both spirit and body He was a teacher showing people of all walks of life the Confucian emphasis on sincerity as the principle of true life The key to both sincerity and health is overcoming egoistic attachment a basic teaching of the Buddhist side of Japanese culture Making it all possible is devotion to Amaterasu the Kami of the sun who entered his life in a moment of ecstatic unity and who may be realized in each moment of anyone s life as the source of happiness and vigor His ability to show how that is so drew thousands to his side in his lifetime sparking a movement that continues to this day in the Kurozumikyo Shinto denomination *The Living Way* Isshi Kohmoto,Tadaaki Kurozumi,Willis Stoesz,Sumio Kamiya,2010-05-01

The Living Way Willis Stoesz,2000 , *Monotheism in the New Religious Movements of Japan* Kegan A. Chandler,2025-06-30 This book calls for a reformation of the image of monotheism in studies of Japanese religions and in the study of religions in general According to most scholars Japan and monotheism mix like oil and water Whatever Japanese religion is we are told the Western category of monotheism cannot not be imposed The predominance of this standard ruling makes critical the study of Japan s new religious movements NRMs exemplified in this volume by Kurozumiky Tenriky and Konk ky which have occasionally and controversially been pinned with the monotheism label However significant disagreement and confusion have persisted for nearly a century in Western scholarship over precisely how to classify these religions and furthermore over where their monotheism if it exists might have come from Chandler argues that this long history of dissonance in the West is the result of a complex layering of taxonomical sociocultural and scholarly issues Furthermore he suggests this impasse can be addressed via an updated definition of monotheism that takes into account its nuances and includes new monotheistic subcategories The book reveals the monotheism of Japan s NRMs in light of this new framework and through a new historical investigation into Japanese sources of monotheism It is especially relevant to scholars with an interest in Japanese religions and new religious movements as well as the comparative study of religion and philosophy of religion **The Living Way** Tadaaki Kurozumi,2000 *Anime, Religion, and Theology* David

Armstrong,Roberto J. De La Noval,2025-10-02 This book brings together scholars to unpack the religious ideas themes motifs texts traditions and practices that suffuse anime Immensely popular with Western audiences since the 1980s anime continues to be a prominent medium through which contemporary people especially younger generations are engaging ideas about God or ultimate reality the world and the self This volume brings an academic lens to anime and shows the central role that religion plays in the intellectual and visual architecture of many popular shows including Dragon Ball Madoka Magica Gurren Lagann Sword Art Online and more **Divine Play, Sacred Laughter, and Spiritual Understanding** P.

Laude,2005-10-20 This study in the relationship between religion and the comic focuses on the ways in which the latter fulfils

a central function in the sacred understanding of reality of pre modern cultures and the spiritual life of religious traditions The central thesis is that figures such as tricksters sacred clowns and holy fools play an essential role in bridging the gap between the divine and the human by integrating the element of disequilibrium that results from the contact between incommensurable realities This interdisciplinary and cross cultural series of essays is devoted to spiritual anthropological and literary characters and phenomena that point to a deeper understanding of the various mythological ceremonial and mystical ways in which the fundamental ambiguity of existence is symbolized and acted out Given its interdisciplinary and cross cultural perspective this volume will appeal to scholars from a variety of fields Japanese Journal of Religious Studies ,2002 **G.K. Hall Bibliographic Guide to East Asian Studies** ,2000 **The Journal of Japanese Studies** ,2002 A multidisciplinary forum for communicating new information new interpretations and recent research results concerning Japan to the English reading world Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004
