Living With Uncertainty My Bout With Inoperable Cancer:

Living with Uncertainty John Wimber, 1996-02-01 Word and Power Gareth W. D. Stewart, 2015-02-16 Historically the Reformed and Charismatic streams have seemed to be almost mutually exclusive In recent years this exclusivity has been being challenged by a new generation of Reformed thinkers This work aims at considering the contribution of John Wimber the late leader of the Vineyard Churches to contemporary theological reflection within the Reformed tradition Taking into account John Wimber s unique theology of the radical middle which is somewhere between Pentecostal and Evangelical this book asks whether Wimber may be a possible alternative source for the contemporary Reformed Churches as they approach ministry and mission in the twenty first century Written from a confessional Presbyterian context in Northern Ireland Word and Power places Wimber in his theological context and asks whether Wimber s view of power evangelism discipleship formation and ministry training might be a model that Reformed Churches and Presbyterians in particular could adopt for their ecclesiology today *Living in Death's Shadow* Emily K. Abel, 2017-02-28 Challenging assumptions about caregiving for those dying of chronic illness What is it like to live with and love someone whose death while delayed is nevertheless foretold In *Living in Death's Shadow* Emily K Abel an expert on the history of death and dying examines memoirs written between 1965 and 2014 by family members of people who died from chronic disease In earlier eras death generally occurred quickly from acute illnesses but as chronic disease became the major cause of mortality many people continued to live with terminal diagnoses for months and even years Illuminating the excruciatingly painful experience of coping with a family member s extended fatal illness Abel analyzes the political personal cultural and medical dimensions of these struggles The book focuses on three significant developments that transformed the experiences of those dying and their intimates the passage of Medicare and Medicaid the growing use of high tech treatments at the end of life and the rise of a movement to humanize the care of dying people It questions the exalted value placed on acceptance of mortality as well as the notion that it is always better to die at home than in an institution Ultimately *Living in Death's Shadow* emphasizes the need to shift attention from the drama of death to the entire course of a serious chronic disease The chapters follow a common narrative of life threatening disease learning the diagnosis deciding whether to enroll in a clinical trial acknowledging or struggling against the limits of medicine receiving care at home and in a hospital or nursing home and obtaining palliative and hospice care *Living in Death's Shadow* is essential reading for everyone seeking to understand what it means to live with someone suffering from a chronic fatal condition including cancer AIDS Alzheimer s and heart disease **Cancer with Hope** C. Michael Armstrong, Eric A. Vohr, 2021-04-13 This practical compassionate and inspiring book helps people with cancer navigate the often complex and difficult journey from diagnosis through treatment and life after disease It illuminates the challenges associated with a cancer diagnosis and provides inspiration and guidance to help you not only to find the right doctors and care plan but also to cultivate hope and purpose In *Cancer with Hope* former CEO Mike Armstrong chronicles his

experience with leukemia prostate cancer near fatal sepsis and a crippling autoimmune disease Mike shares how his often difficult journey from humble beginnings to leading some of the world's top corporations taught him the importance of hope and purpose tools that proved invaluable throughout his cancer journey More than the tale of one man's experience with cancer this important book includes expert advice and vetted resources to help patients best manage their disease as well as compelling stories from a wide range of cancer patients who have faced seemingly insurmountable odds yet managed to maintain hope and find meaningful purpose

Counseling Individuals With Life-Threatening Illness Kenneth J. Doka, 2008-09-15 With a Foreword by Robert A. Neimeyer PhD Where was this book when I was new as a counselor Fortunately it is here now and with all the scope depth resourcefulness and balance required for such situations Dr Robert Kastenbaum PhD This book will now be an indispensable resource for anyone who wants to understand counsel or otherwise help individuals with life threatening illnesses and their family members Charles A. Corr PhD CT Without question this is the book you'll want your own caregivers to have read should you ever contend with life threatening illness Therese A. Rando PhD BCETS BCBT Life threatening illness is not only a medical crisis it is a psychological social and spiritual crisis as well Also serious illness affects not only the patient but the patient's family Therefore the two major premises of this book are that care

in life threatening illness must be holistic and it must be family centered Doka presents an insightful comprehensive guide for counselors social workers and health care professionals as they assist clients experiencing a serious illness The book builds on a model developed by the author based upon earlier work by Avery Weisman and E M Patterson Doka s model presents illness as a series of phases Prediagnostic individuals may decide how to handle troubling symptoms or to take certain diagnostic tests Diagnostic centered on the existential crisis posed by the diagnosis Chronic individuals must cope with the disease and treatment Recovery acknowledges that even when individuals survive an encounter with life threatening illness there are still considerable issues that must be resolved Terminal phase individuals deal with the inevitability of death In his discussion of each phase the author delineates specific tasks for patients to perform and the issues they must adapt to He also presents strategies for counselors and health care professionals to use with individuals in each phase of illness

Mourning Has Broken Jan Hasak,2008-06 A wife and mother the author faces a cancer crisis while raising three young boys working full time and teaching Sunday school This intensely personal story chronicles how the Lord sustained her through two bouts of cancer

Year in the Life of a "Dead" Woman Lynnette Porter, 2019-10-08 Perhaps I should have realized that cancer runs in my family After all three grandparents and my father and brother perished from this disease Yet when I received my colorectal cancer diagnosis I was surprised I never expected to be primarily identified as a cancer patient Following a typical combination of chemotherapy radiation surgery and more chemo I was presumably cancer free when my post treatment scans looked clean Nonetheless within a year I received a terminal diagnosis cancer had metastasized in my lungs Thus began my year as a dead woman a time of chaotic emotions new priorities and rapid fire plans and changes Expecting the unexpected became a theme in my life but the things that turned out to be most shocking are social familial and even my expectations about what is realistic for a dead woman to be or do Preconceptions about a terminal cancer diagnosis frequently are based on popular culture depictions of cancer and dying which can be misleading as a guide for knowing what to expect when you re expecting to die This memoir provides one woman s often irreverent pop culture illustrated guide to life that deconstructs some common preconceptions about living with a terminal diagnosis
