Lo Que Pasa En Nicaragua:

What Went Wrong? The Nicaraguan Revolution Dan La Botz, 2016-09-07 This volume is a valuable re assessment of the Nicaraguan Revolution by a Marxist historian of Latin American political history It shows that the FSLN the Sandinistas with politics principally shaped by Soviet and Cuban Communism never had a commitment to genuine democracy either within the revolutionary movement or within society at large that the FSLN s lack of commitment to democracy was a key factor in the way that revolution was betrayed from the 1970s to the 1990s and that the FSLN s lack of rank and file democracy left all decision making to the National Directorate and ultimately placed that power in the hands of Daniel Ortega Pursuing his narrative into the present La Botz shows that once their would be bureaucratic ruling class project was defeated Ortega and the FSLN leadership turned to an alliance with the capitalist class
