Kristina DuRocher, 2011-05-06 White southerners recognized that the perpetuation of segregation required whites of all ages to uphold a strict social order especially the young members of the next generation White children rested at the core of the system of segregation between 1890 and 1939 because their participation was crucial to ensuring the future of white supremacy Their socialization in the segregated South offers an examination of white supremacy from the inside showcasing the culture's efforts to preserve itself by teaching its beliefs to the next generation In *Raising Racists The Socialization of White Children in the Jim Crow South* author Kristina DuRocher reveals how white adults in the late nineteenth and early twentieth centuries continually reinforced race and gender roles to maintain white supremacy DuRocher examines the practices mores and traditions that trained white children to fear dehumanize and disdain their black neighbors *Raising Racists* combines an analysis of the remembered experiences of a racist society how that society influenced children and most important how racial violence and brutality shaped growing up in the early twentieth century South **Katherine**

Anne Porter Janis P. Stout, 1995 Katherine Anne Porter's life closely paralleled that of her century not only in its span 1890 1980 but in its interests and contradictions A communist sympathizer who became a quasi fascist a cosmopolitan who embraced southern agrarianism a femme fatale whose writings nonetheless evince feminist feeling Porter embodied often at their extremes the major currents of her time and ours In this new biography Janis P Stout argues that these inconsistencies can be viewed as part and parcel of modernism itself Drawing on Porter's rich and voluminous correspondence as well as published works Stout here sets out to craft an intellectual biography of a woman who by her own admission was not really an intellectual Stout reveals the extent of Porter's involvement in events of public significance and her interactions with prominent figures from President Alvaro Obregon of Mexico in 1920 to Hermann Goering in Berlin in 1931 to Robert Penn Warren Eudora Welty Allen Tate and others in the 1930s and 1940s to members of the Lyndon Johnson White House in the 1960s Against the backdrop of world war and cold war Porter's conflicting views on politics race religion and feminism reflected Porter's ambivalence toward her own Texas roots **Places in the World a Person Could Walk** David

Syring, 2010-01-01 Spring fed creeks Old stone houses Cedar brakes and bleached limestone The Hill Country holds powerful sway over the imagination of Texans So many of us dream of having our own little place in the limestone hills The Hill Country feels just like home even if you've never lived there This beautifully written book explores what the Hill Country has meant as a homeplace to the author his family and longtime residents of the area as well as to newcomers David Syring listens to the stories that his aunts uncles and cousins tell about life in the Hill Country and grapples with their meaning for his own search for a place to belong He also collects short stories focused around Honey Creek Church to consider how places become containers for memory And he draws upon several years of living in Fredericksburg to talk about the problems and opportunities created by heritage tourism and the development of the town as a home for German Americans These interconnected stories illuminate what it means to belong to a place and why the Texas Hill Country has become the

Nationalism and the Color Line in George W. Cable, Mark Twain, and William Faulkner Barbara Ladd,1997-01-01 Nationalism and the Color Line in George W Cable Mark Twain and William Faulkner is a strikingly original study of works by three postbellum novelists with

strong ties to the Deep South and Mississippi Valley In it Barbara Ladd argues that writers like Cable Twain and Faulkner cannot be read exclusively within the context of a nationalistically defined American literature but must also be understood in light of the cultural legacy that French and Spanish colonialism bestowed on the Deep South and the Mississippi River Valley specifically with respect to the very different ways these colonialist cultures conceptualized race color and nationality Ladd probes the work of these writers for discontinuities for moments of narrative incoherence from which she charts the ideological winds that blew through the United States in the nineteenth and early twentieth centuries In Cable s *The Grandissimes* written at the beginning of the Redemption era the discontinuities are strategic whispers to the reader about the reality of racial division and violence that lay beneath the white reconciliation romance Twain s *Pudd nhead Wilson* and *Those Extraordinary Twins* also inscribes racial discord although with the added dimension of experimentation with form And in *Absalom Absalom* and *Light in August* narrative incoherence becomes central as Faulkner explores the impact of radical racism on the ways that whiteness was constructed in the early twentieth century Neither race nor nation Ladd shows is stable in the work of these writers but is always contested and shifting Ladd s book raises provocative questions about the relationships between race region and nationalism in literary study With its innovative approach and rich New Historicist method it is an important contribution to scholarship in several fields

Faulkner, Welty, Wright Annette Trefzer, Jay Watson, James G. Thomas Jr., 2024-06-20 Contributions by Anita DeRouen Susan V Donaldson Julia Eichelberger W Ralph Eubanks Sarah Gilbreath Ford Bernard T Joy John Wharton Lowe Anne MacMaster Rebecca Mark Suzanne Marrs Donnie McMahan Kevin Murphy Harriet Pollack Annette Trefzer Jay Watson and Ryoichi Yamane Working closely in each other s orbit in Mississippi William Faulkner Eudora Welty and Richard Wright created lasting portraits of southern culture each from a distinctly different vantage point Taking into consideration their personal political and artistic ways of responding to the histories and realities of their time and place Faulkner Welty Wright *A Mississippi Confluence* offers comparative scholarship that forges new connections or as Welty might say traces new confluences across texts authors identities and traditions In the collection contributors discuss Faulkner s *Light in August* *Sanctuary* *Go Down Moses* *As I Lay Dying* *A Rose for Emily* and *That Evening Sun* Welty s *One Writer s Beginnings* *One Time One Place* *The Optimist s Daughter* *Losing Battles* *Why I Live at the P O* *Livvie Moon Lake* *The Burning* *Where Is the Voice Coming From* and *The Demonstrators* and Wright s *Native Son* *The Long Dream* *12 Million Black Voices* *Black Boy* *Lawd Today* *The Man Who Lived Underground* *The Ethics of Living Jim Crow* and *Long Black Song* Acknowledging that Mississippi ground was never level for any of the three writers the fourteen essays in this volume turn from the familiar strategies of single author criticism toward a mode of analysis more receptive to the fluid mergings of creative currents placing Wright Welty and Faulkner in comparative relationship to each other as well as to other Mississippi writers such as Margaret Walker Lewis Nordan Natasha Trethewey Jesmyn Ward Steve Yarbrough and Kiese Laymon Doing so deepens and enriches our understanding of these literary giants

and the Mississippi modernism they made together Writing the South through the Self John C. Inscoe, 2011-05-01

Drawing on two decades of teaching a college level course on southern history as viewed through autobiography and memoir John C Inscoe has crafted a series of essays exploring the southern experience as reflected in the life stories of those who lived it Constantly attuned to the pedagogical value of these narratives Inscoe argues that they offer exceptional means of teaching young people because the authors focus so fully on their confrontations as children adolescents and young adults with aspects of southern life that they found to be troublesome perplexing or challenging Maya Angelou Rick Bragg Jimmy Carter Bessie and Sadie Delany Willie Morris Pauli Murray Lillian Smith and Thomas Wolfe are among the more prominent of the many writers both famous and obscure that Inscoe draws on to construct a composite portrait of the South at its most complex and diverse The power of place struggles with racial ethnic and class identities the strength and strains of family educational opportunities both embraced and thwarted all of these are themes that infuse the works in this most intimate and humanistic of historical genres Full of powerful and poignant stories anecdotes and testimonials *Writing the South through the Self* explores the emotional and psychological dimensions of what it has meant to be southern and offers us new ways of understanding the forces that have shaped southern identity in such multifaceted ways *But Now I See* Fred Hobson, 1999-04-01

The term conversion narrative usually refers to a particular form of expression that arose in Puritan New England in the seventeenth century In that sense the purely religious the conversion narrative belongs to a rather remote history But in this lucid pathbreaking work Fred Hobson uses the expression in another sense in the realm of the secular to describe a much more recent phenomenon one originating in the American South and marking a new mode of southern self expression not seen until the 1940s Hobson applies the term racial conversion narrative to several autobiographies or works of highly personal social commentary by Lillian Smith James McBride Dabbs Katharine Du Pre Lumpkin Sarah Patton Boyle Will Campbell Larry L King Willie Morris Pat Watters and other southerners books written between the mid 1940s and the late 1970s in which the authors all products of and willing participants in a harsh segregated society confess racial wrongdoings and are converted in varying degrees from racism to something approaching racial enlightenment Indeed the language of many of these works is Hobson points out the language of religious conversion sin guilt blindness seeing the light repentance redemption and so forth Hobson also looks at recent autobiographical volumes by Ellen Douglas Elizabeth Spencer and Rick Bragg to show how the medium persists if in a somewhat different form even at the very end of the twentieth century *But Now I See* is a study both of this particular variety of the southern impulse to self examination and of those who seem to have retained the habit of seeking redemption even if of a secular variety Departing from the old vertical southern religion salvation centered with heaven as its goal these racial converts embrace a horizontal religion which holds that getting right with man is at least as important as getting right with God A refreshingly original treatment of racial change in the South Hobson s provocative work introduces a new subgenre in the field of southern literature Anyone

interested in the history and literature of the American South will be fascinated by this searching volume Reading for the Body Jay Watson, 2012 Jay Watson argues that southern literary studies has been overidealized and dominated by intellectual history for too long In Reading for the Body he calls for the field to be rematerialized and grounded in an awareness of the human body as the site where ideas including ideas about the U S South itself ultimately happen Employing theoretical approaches to the body developed by thinkers such as Karl Marx Colette Guillaumin Elaine Scarry and Friedrich Kittler Watson also draws on histories of bodily representation to mine a century of southern fiction for its insights into problems that have preoccupied the region and nation alike slavery Jim Crow and white supremacy the marginalization of women the impact of modernization the issue of cultural authority and leadership and the legacy of the Vietnam War He focuses on the specific bodily attributes of hand voice and blood and the deeply embodied experiences of pain illness pregnancy and war to offer new readings of a distinguished group of literary artists who turned their attention to the South Mark Twain Jean Toomer Zora Neale Hurston William Faulkner Richard Wright Katherine Anne Porter Bobbie Ann Mason and Walker Percy In producing an intensely embodied U S literature these writers Watson argues were by turns extending and interrogating a centuries old tradition in U S print culture in which the recalcitrant materiality of the body serves as a trope for the regional alterity of the South Reading for the Body makes a powerful case for the body as an important methodological resource for a new southern studies A Question of Class Duane Carr, 1996 Rednecks have long been subjects of scorn and ridicule especially in the South because of an antebellum caste and class system parts of which persist to this day In A Question of Class Carr probes the historical and sociological reasons for the descent of rednecks into poverty their inability to rise above it and their continuing subjugation to a stereotype developed by others and too often accepted by themselves Carr also records the progress in southern fiction of this negative stereotype from antebellum writers who saw rednecks as threats to the social order to post Civil War writers who lamented the lost potential of these people and urged sympathy and understanding to modern writers who reverted in some sense to Old South attitudes and finally to contemporary writers who point toward a more democratic acceptance of this much maligned group **The White House Looks South** William E. Leuchtenburg, 2005-10-01 Perhaps not southerners in the usual sense Franklin D Roosevelt Harry S Truman and Lyndon B Johnson each demonstrated a political style and philosophy that helped them influence the South and unite the country in ways that few other presidents have Combining vivid biography and political insight William E Leuchtenburg offers an engaging account of relations between these three presidents and the South while also tracing how the region came to embrace a national perspective without losing its distinctive sense of place According to Leuchtenburg each man had one foot below the Mason Dixon Line one foot above Roosevelt a New Yorker spent much of the last twenty five years of his life in Warm Springs Georgia where he built a Little White House Truman a Missourian grew up in a pro Confederate town but one that also looked West because of its history as the entrep t for the Oregon Trail Johnson who hailed from the former

Confederate state of Texas was a westerner as much as a southerner Their intimate associations with the South gave these three presidents an empathy toward and acceptance in the region In urging southerners to jettison outworn folkways Roosevelt could speak as a neighbor and adopted son Truman as a borderstater who had been taught to revere the Lost Cause and Johnson as a native who had been scorned by Yankees Leuchtenburg explores in fascinating detail how their unique attachment to place helped them to adopt shifting identities which proved useful in healing rifts between North and South in altering behavior in regard to race and in fostering southern economic growth The White House Looks South is the monumental work of a master historian At a time when race class and gender dominate historical writing Leuchtenburg argues that place is no less significant In a period when America is said to be homogenized he shows that sectional distinctions persist And in an era when political history is devalued he demonstrates that government can profoundly affect people s lives and that presidents can be change makers

Sisters and Rebels: A Struggle for the Soul of America Jacquelyn Dowd Hall, 2019-05-21 Winner of the 2020 PEN America Jacqueline Bograd Weld Award for Biography the 2020 Summersell Prize a 2020 PROSE Award and a Plutarch Award finalist The word befitting this work is masterpiece Paula J Giddings author of *Ida A Sword Among Lions* Ida B Wells and the Campaign Against Lynching Descendants of a prominent slaveholding family Elizabeth Grace and Katharine Lumpkin were raised in a culture of white supremacy While Elizabeth remained a lifelong believer her younger sisters sought their fortunes in the North reinventing themselves as radical thinkers whose literary works and organizing efforts brought the nation s attention to issues of region race and labor National Humanities Award winning historian Jacquelyn Dowd Hall follows the divergent paths of the Lumpkin sisters tracing the wounds and unsung victories of the past Hall revives a buried tradition of Southern expatriation and progressivism explores the lost revolutionary zeal of the early twentieth century and muses on the fraught ties of sisterhood Grounded in decades of research the family s private papers and interviews with Katharine and Grace *Sisters and Rebels* unfolds an epic narrative of American history through the lives of three Southern women

Closer to the Truth Than Any Fact Jennifer Jensen Wallach, 2010-02-25 Although historians frequently use memoirs as source material too often they confine such usage to the anecdotal and there is little methodological literature regarding the genre s possibilities and limitations This study articulates an approach to using memoirs as instruments of historical understanding Jennifer Jensen Wallach applies these principles to a body of memoirs about life in the American South during Jim Crow segregation including works by Zora Neale Hurston Willie Morris Lillian Smith Henry Louis Gates Jr William Alexander Percy and Richard Wright Wallach argues that the field of autobiography studies which is currently dominated by literary critics needs a new theoretical framework that allows historians too to benefit from the interpretation of life writing Her most provocative claim is that due to the aesthetic power of literary language skilled creative writers are uniquely positioned to capture the complexities of another time and another place Through techniques such as metaphor and irony memoirists collectively give their readers an empathetic

understanding of life during the era of segregation Although these reminiscences bear certain similarities it becomes clear that the South as it was remembered by each is hardly the same place
