Thompson,2015-07-07 Excerpt from *Locke Amsden Or the Schoolmaster* a Tale Our story contrary perhaps to fashionable precedent opens at a common farm house situated on one of the principal roads leading through the interior of the northerly portion of the Union It was near the middle of the day in that part of the spring season when the rough and chill features of winter are becoming so equally blended with the soft and mild ones of summer upon the face of nature that we feel at loss in deciding whether the characteristics of the one or the other most prevail The hills were mostly bare but their appearance was not that of summer and the tempted eye turned away unsatisfied from the cheerless prospect which their dreary and frost blackened sides presented The levels on the other hand were still covered with snow and yet their aspect was not that of winter Clumps of willows scattered along the hedges or around the waste places of the meadows were white with the starting buds or blossoms of spring The old white mantle of the frost king was also becoming sadly dingy and tattered About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in
