Library, 1969      **Humanities Translation From English Into Arabic** Muhammad Ali Alkhuli, 2008-01-01 Descriptor's TRANSLATION ARABIC LANGUAGE HUMANITIES      **Eleven Winters of Discontent** Sherzod Muminov, 2022-01-04 At the end of World War II the Soviet Union captured 600 000 Japanese prisoners of war and interned them in Siberian labor camps Sherzod Muminov details the soldiers varied experiences of imprisonment including their indoctrination in Soviet dogma and the shock and alienation of repatriation to a homeland transformed under US occupation      *How Asia Got Rich* Edith Terry, 2015-05-20 Within a few short months in 1997 Asian economies that had been considered not only healthy but miraculous suddenly fell off a precipice as investors withdrew massively first from Asian currencies and in rapid order from equity markets across the region On October 27 1997 the turmoil in Asian markets spooked Wall Street in the largest single

day decline in history a drop of 550 points It was predicted that the Asian crash could drive the US trade deficit from 191 billion to 300 billion by 1998 creating huge new tensions in relations with some of the largest US trading partners These wrenching changes following a generation of success raise numerous questions about the steps that led to the crisis its likely outcome and the limits and constraints of Asian capitalism Edith Terry presents a blow by blow account of the crisis beginning with the 1996 collapse of the Bangkok Bank of Commerce In her overview she links the fall of the Asian miracle with the theme of globalization arguing that the crisis demonstrates the urgency of dismantling restraints to trade investment and financial services and that the United States should take leadership in pushing for new and sweeping reform through the World Trade Organization and in bilateral negotiations with its trading partners The final section of the book deals with the rise of the Asian miracle how the myth was created who created it why it succeeded for so long and is informed by analysis of the Japanese prototype *The Japan Magazine*, 1928 *Pioneers in the Tropics* Philip Staniford, 2020-12-17 This study of a substantial Japanese immigrant community in Brazil concentrates on its development of a political organization to cope with internal problems of co operation and conflict and to deal with the outside world of Brazilian politicians and merchants After many early troubles the immigrants developed pepper growing as a cash crop and now seem on the way to prosperity The analysis which makes use of the concept of network interaction is of relevance to all interested in community migration and development of new rural settlements

title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1984 Armor, 1952 **The Nanjing Massacre: A Japanese Journalist Confronts Japan's National Shame** Katsuichi Honda, Frank Gibney, Karen Sandness, 2015-02-24 This book is based on four visits to China between 1971 and 1989 by Honda Katsuichi an investigative journalist for Asahi Shimbun His aim is to show in pitiless detail the horrors of the Japanese Army's seizure and capture of Nanjing in December 1937 Unvarnished accounts of the testimony Chinese victims and Japanese perpetrators to the rape and slaughter are juxtaposed with public relations announcements of the Japanese Army as printed in various Japanese newspapers of the time The bland announcements of triumphant victories stand in bitter contrast to the atrocities that actually took place on the scene The story unfolds with horrible detail as we watch the triumphant progress of the Japanese army whose troops were bent on rape and killing in the so called heat of battle Yet by recalling the testimony of Japanese soldiers and reporters who were on the scene as well as reproducing dispatches by Japanese Army authorities at the time Honda makes it clear that the atrocities were part of a studied effort directed by the Japanese high command to impress the Chinese people with the power of its army and the folly of resistance to it the estimate of 300 000 killed in these military operations is no exaggeration Honda has worked with other Japanese journalists and scholars who have attempted to reveal the truth of the Nanjing massacre provoked by the efforts of right wing Japanese including sadly many government officials to whitewash the whole incident even to the point of contending that a massacre never happened This gripping account of the atrocities and cover up joins other exposes Chinese and now German in keeping alive the memory of this shameful event Rethinking Japanese Modernism Roy Starrs, 2011-10-14 Edited by Roy Starrs this collection of essays by an international group of leading Japan scholars presents new research and thinking on Japanese modernism a topic that has been increasingly recognized in recent years to be key to an understanding of contemporary Japanese culture and society By adopting an open multidisciplinary and transnational approach to this multifaceted topic the book sheds new light both on the specific achievements and on the often unexpected interrelationships of the writers artists and thinkers who helped to define the Japanese version of modernism and modernity Specific topics addressed include the literary modernism of major writers such as Akutagawa Kawabata Kajii Miyazawa and Murakami avant garde modernism in painting music theatre and in the performance art of Yoko Ono and the everyday modernism of popular culture and of new urban activities such as shopping and sports **Deciphering the Rising Sun** Roger Dingman, 2009-07-01 This book is about Americans not of Japanese ancestry who served as Japanese language officers in World War II Covering the period 1940-1945 it describes their selection training and service in the Navy and Marine Corps during the war and their contributions to maintenance of good relations between America and Japan thereafter It argues that

their service as code breakers and combat interpreters hastened victory and that their cross cultural experience and linguistic knowledge facilitated the successful dismantling of the Japanese Empire and the peaceful occupation of Japan The book shows how the war changed relations between the Navy and academia transformed the lives of these 1200 men and women and set onetime enemies on course to enduring friendship Its purpose is twofold to reveal an exciting and hitherto unknown aspect of the Pacific War and to demonstrate the enduring importance of linguistic and cross cultural knowledge within America s armed forces in war and peace alike The book is meant for the general reader interested in World War II as well as academic specialists and other persons particularly interested in that conflict It will also appeal to readers with an interest in America s intelligence establishment and to those interested in Japan and its relations with the United States This history tells an exciting and previously unknown story of men and women whose brains and devotion to duty enabled them to learn an extraordinarily difficult language and use it in combat and ashore to hasten Japan s defeat and transformation from enemy to friend of America

**Senso: The Japanese Remember the Pacific War** Frank Gibney, Beth Cary, 2015-04-29 This acclaimed work is an extraordinary collection of letters written by a wide cross section of Japanese citizens to one of Japan s leading newspapers expressing their personal reminiscences and opinions of the Pacific war SENSO provides the general reader and the specialist with moving disturbing startling insights on a subject deliberately swept under the rug both by Japan s citizenry and its government It is an invaluable index of Japanese public opinion about the war

**Fatal Voyage** Dan Kurzman, 2008-12-24 Shortly after midnight on July 30 1945 the Navy cruiser USS Indianapolis was torpedoed by a Japanese submarine in the Philippine Sea The ship had just left the island of Tinian delivering components of the atomic bomb destined for Hiroshima As the torpedoes hit the Indianapolis erupted into a fiery coffin sinking in less than fifteen minutes and leaving nine hundred crewmen fighting for life in shark infested waters They expected a swift routine rescue unaware that the Navy high command didn t even realize that the Indianapolis was missing Help would not arrive for another five days Drawn from definitive interviews with key figures Fatal Voyage recounts the horrific events endured as the number of water treading survivors dwindled to just 316 Each gruesome day brought more madness and slow death from explosion related injuries dehydration and most terrifying of all shark attacks But the pain did not end when the men finally returned home The Indianapolis s commander Captain Charles B McVay III was court martialed for causing the clearly unavoidable disaster With a new afterword chronicling the fifty five year campaign by Indianapolis survivors and their supporters to win public vindication for Captain McVay this classic is restored along with memories of the Indianapolis crew

*Pacaf basic bibliographies* Mitsuko Kuniyoshi, 1957 **Persona** Naoki Inose, 2013-01-01 Traces the life of the Japanese author who went from sickly youth to dedicated student of the martial arts looking at his family life the wartime years and his career as a writer who advocated for traditional values
