

For a Five-Year-Old

A snail is climbing up the window-sill
into your room, after a night of rain.
You call me in to see, and I explain
that it would be unkind to leave it there:
it might crawl to the floor; we must take care
that no one squashes it. You understand,
and carry it outside, with careful hand,
to eat a daffodil.

I see, then, that a kind of faith prevails:
your gentleness is moulded still by words
from me, who have trapped mice and shot wild birds,
from me, who drowned your kittens, who betrayed
your closest relatives, and who purveyed
the harshest kind of truth to many another.
But that is how things are: I am your mother,
and we are kind to snails.

Boethius' Consolation of Philosophy as a Product of Late Antiquity Antonio Donato, 2013-09-12 In the last fifty years the field of Late Antiquity has advanced significantly Today we have a picture of this period that is more precise and accurate than before However the study of one of the most significant texts of this age Boethius' *Consolation of Philosophy* has not benefited enough from these advances in scholarship Antonio Donato aims to fill this gap by investigating how the study of the *Consolation* can profit from the knowledge of Boethius' cultural, political and social background that is available today The book focuses on three topics Boethius' social, political background, his notion of philosophy and its sources and his understanding of the relation between Christianity and classical culture These topics deal with issues that are of crucial importance for the exegesis of the *Consolation* The study of Boethius' social, political background allows us to gain a better understanding of the identity of the character Boethius and to recognize his role in the *Consolation* Examination of the possible sources of Boethius' notion of philosophy and of their influence on the *Consolation* offers valuable instruments to evaluate the role of the text's philosophical discussions and their relation to its literary features Finally the long-standing problem of the lack of overt Christian elements in the *Consolation* can be enlightened by considering how Boethius relies on a peculiar understanding of philosophy's goal and its relation to Christianity that was common among some of his predecessors and contemporaries

Tao Yuanming and Manuscript Culture Xiaofei Tian, 2011-07-01 Winner of a 2006 Choice Magazine Outstanding Academic Title Award As medieval Chinese manuscripts were copied and recopied through the centuries both mistakes and deliberate editorial changes were introduced thereby affecting readers' impressions of the author's intent In *Tao Yuanming and Manuscript Culture* Xiaofei Tian shows how readers not only experience authors but produce them by shaping texts to their interpretation Tian examines the mechanics and history of textual transmission in China by focusing on the evolution over the centuries of the reclusive poet Tao Yuanming into a figure of epic stature Considered emblematic of the national

character Tao Yuanming also known as Tao Qian 365-427 c.e. is admired for having turned his back on active government service and city life to live a simple rural life of voluntary poverty. The artlessness of his poetic style is held as the highest literary and moral ideal and literary critics have taken great pains to demonstrate perfect consistency between Tao Yuanming's life and poetry. Earlier work on Tao Yuanming has tended to accept this image interpreting the poems to confirm the image. Tao Yuanming and Manuscript Culture is a study of how this cultural icon was produced and of the elusive traces of another historical Tao Yuanming behind the icon. By comparing four early biographies of the poet, Tian shows how these are in large measure constructed out of Tao Yuanming's self image as projected in his poetry and prose. Drawing on work in European medieval literature, she demonstrates the fluidity of the Chinese medieval textual world and how its materials were historically reconfigured for later purposes. Tian finds in Tao's poetic corpus not one essentialized Tao Yuanming but multiple texts continuously produced long after the author's physical demise. Her provocative look at the influence of manuscript culture on literary perceptions transcends its immediate subject and has special resonance today when the transition from print to electronic media is shaking the literary world in a way not unlike the transition from handwritten to print media in medieval China.
