Five Unexpected Endings:

Five Unexpected Endings Arlton Jay Brundidge, 2003-04 LeAnne Hathaway will never forget the day she met the Stranger It was a day that would change her life forever Shortly before the chance encounter LeAnne had a busy life and a successful career She was known for her love of music and she had many friends She played piano as part of the worship team at her local church She was happy idealistic and loved by all who knew her So when she suddenly disappeared without a trace with a virtual stranger a self proclaimed prophet of God the shockwaves it sent were deeply felt by the people who knew her best and the many others both in her community and across the country who held vigils and continually prayed for her safe return For three long months LeAnne journeyed with the stranger having no contact with her husband or family Believing she had heard the voice of God urge her to embark on a new life she began to shed her own beliefs and replace them with the teachings of a man who claimed to be the Son of God But somewhere deep in her soul was a longing for the life she once knew and a desperate yearning to reconcile with the family and friends she had left behind When at last she had to choose between continuing to chase after God or face that she had been deceived her darkest moment gave way to an incredible healing miracle and long awaited journey home **5 Minute Mysteries with a Twist** James Dykes, 2014-10-30 As I sat down to record my memoirs old emotions came to the surface both good and bad I shared some of the bad with an acquaintance He said That s tragic I thought about that later I m like a man who was born visually challenged Although I m not experiencing the same challenge my experiences are the only ones I know That s the only life I have known It doesn t seem tragic to me In fact those tragic experiences have instilled in me perseverance and determination to win and a bond with others Join me as you read the good and the bad Do you see yourself in the story **Eternal Port Valley: The Complete Collection** Shannon O'Connor, 2024-09-08 The Eternal Port Valley Complete Collection is here Featuring 2 full length novels and two novellas this series centers around Riley Luna their partners and friends The collection includes Unexpected Departure FF Self love journey Unexpected Days MF Accidental Pregnancy Unexpected Beginnings FF Alcoholism Journey Unexpected Endings MF Surprise Pregnancy **Knowing** Michael Munowitz, 2005-11-01 We ask question after question of an indifferent universe that would just as soon remain mute and slowly patiently one sentence at a time we write our own version of the book of nature It is called science from the Latin word for knowledge and it is a book everybody should read With simplicity and elegance Knowing interprets the book of nature for curious readers of all sorts but especially for those hoping to appreciate the beauty of physics without getting lost in the mathematics Indeed there is a world of scientific understanding in the pages of this gracefully written and inviting book where hundreds of little diagrams substitute for the equations that physicists otherwise need to tell their tale Readers will discover the way things work how big things like Earth or Moon come from small things like quarks and electrons how tiny particles push and pull and how the world hangs in the balance We learn how an unbiased observer and a fixed speed of light nothing else conjure up $E=mc^2$ and

four dimensional space time We see how Newton s clockwork universe of unwavering determination differs but not in every respect from Heisenberg s quantum universe of hazy uncertainty And we see how a world of chaos throws a wrench into everybody s mechanical ideal From tiny atoms to vast galaxies the universe is ours to explore and to know its particles its interactions its laws its unending surprises Heavily illustrated with explanatory drawings and diagrams perhaps no other science book for general readers uses diagrams so extensively Knowing takes us to the edge of modern science allowing us to peer in further than we would have dreamed possible
