Five Women Who Loved Love:

Five Women Who Loved Love Ihara Saikaku, 1989-12-15 Five charming novellas which have astonishing freshness color and warmth The New Yorker First published in 1686 this collection of five novellas by Ihara Saikaku was an immediate bestseller in the bawdy world of Genroku Japan The book's popularity has only increased with age making it a literary classic like Boccaccio's Decameron or the works of Rabelais Each of the five stories follows a determined woman on her quest for amorous adventure The Story of Seijuro in Himeji Onatsu already wise in the ways of love the tender age of sixteen The Barrelnaker Brimful of Love Osen a faithful wife until unjustly accused of adultery What the Seasons Brought the Almanac Maker Osan a Kyoto beauty who falls asleep in the wrong bed The Greengrocer's Daughter with a Bundle of Love Oshichi willing to burn down a city to meet her samurai lover Gengobei the Mountain of Love Oman who has to compete with handsome boys to win her lover's affections But the book is more than a collection of skillfully told erotic tales for Saikaku could not delve into the inmost secrets of human life only to expose them to ridicule or snickering prurience Obviously fascinated by the variety and complexity of human love but always retaining a sense of its intrinsic dignity he is both a discriminating and compassionate judge of his fellow man Saikaku's style as allusive as it is witty is a challenge that few translators have dared to face and certainly never before with the success here Accentuated by gorgeous 17th century illustrations Theodore de Bary's translation manages to recapture the heady flavor of the original in this sumptuous collection of romantic tales *Five Women Who Loved Love* 五女が愛した男, 1956 First published in 1686 Five Women Who Loved Love was an immediate bestseller in the bawdy life loving world that was Genroku Japan *Five Women who Loved Love* Ihara Saikaku, 1967 *Five Women who Loved Love Saikaku* Ihara, 1978 **Five Women who Loved Love** Saikaku, Saikaku Ihara, 1959 *Five Women who Loved Love* Saikaku Ihara, 1956 Handbook to Life in Medieval and Early Modern Japan William E. Deal, 2007 This book is an introduction the Japanese history culture and society from 1185 the beginning of the Kamakura period through the end of the Edo period in 1868 *The Great Mirror of Male Love* Saikaku Ihara, 1990 Winner of the 1990 Japan U S Friendship Commission Prize for the Translation of Japanese Literature A welcome opportunity for wider comparison of the literary traditions and sexual conventions of Japanese and Euro American cultures Journal of Japanese Studies **Merriam-Webster's Encyclopedia of Literature** Merriam-Webster, Inc, 1995 Describes authors works and literary terms from all eras and all parts of the world The Origins and Role of Same-Sex Relations in Human Societies James Neill, 2011-10-17 This groundbreaking work draws on a vast range of research into human sexuality to demonstrate that homosexuality is not a phenomenon limited to a small minority of society but is an aspect of a complex sexual harmony that the human race inherited from its animal ancestors Through a survey of the patterns of sexual expression found among animals and among societies around the world and an examination of the functional role homosexual behavior has played among animal species and human societies alike the author arrives at some provocative conclusions that

a homosexual or bisexual phase is a normal part of sexual development that same sex relations play an important balancing role in regulating human reproduction that many societies have institutionalized homosexual traditions in the past and that the harsh condemnation of homosexuality in Western society is a relatively recent phenomenon unique among world societies throughout history This well researched and meticulously documented book is the first that integrates into a coherent picture the startling revelations about human sexuality coming from the recent work of sexual researchers psychologists anthropologists and historians The view that emerges of an ambisexual human species whose complex sexual harmony is being thwarted by the imposition of an artificial understanding of nature represents a new way of thinking about sex
