

FIVE UP

A Chronicle of Five Lives:
Journalist
War-time fighter leader
International golfer
Politician
Businessman

by 'Laddie' Lucas

How many lives can a man lead in a lifetime? 'Laddie' Lucas has managed to cram in five, all of distinction and fascination.

In the Second World War he became famous as one of the legendary fighter aces leading the top-scoring 249 Squadron during the Battle of Malta. He provides a vivid and detailed account of this great air battle. Later from the standpoint of a headquarters officer, he takes the reader behind the scenes in some of the epic air operations of the war and describes the senior commanders whom he personally knew. For his wartime service, 'Laddie' Lucas received the DFC, DSO and bar and the Croix de Guerre.

After the war Lucas entered politics. His account of his political career during the Churchill, Eden and Macmillan governments is wonderfully entertaining. After politics came business - and the most controversial of the lives: Lucas's period as Managing Director and then Chairman of the Greyhound Racing Association. He was personally involved in the traumas which GRA had to face at

Five Up A Chronicle Of Five Lives:

The Flyer Martin Francis, 2011-05-19 Between 1939 and 1945 the British public was spellbound by the martial endeavours and dashing style of the young men of the RAF especially those with silvery fabric wings sewn above the breast pocket of their glamorous slate blue uniform Martin Francis provides the first scholarly study of the place of the flyer in British culture during the Second World War Examining the lives of RAF personnel and their popular representation in literary and cinematic texts he illuminates broader issues of gender social class national and racial identities emotional life and the creation of a national myth in twentieth century Britain In particular Francis argues that the flyer's relationship to fear aggression loss of his comrades bodily dismemberment and psychological breakdown reveals broader ambiguities surrounding the dominant understandings of masculinity in the middle decades of the century Despite his star appeal cultural representations of the flyer encompassed both the gentle chivalrous warrior and the uncompromising agent of destruction Paying particular attention to the romantic universe of wartime aircrew Francis reveals the extraordinary contrasts of their daily lives dicing with death in the sky one moment before sitting down to lunch with wives and children in the next Male and female experiences during the war were not polarized and antithetical but were complementary and interrelated a conclusion which has implications for the history of gender in modern Britain that reach well beyond either the specialized military culture of the wartime RAF or the chronological parameters of the Second World War **The Battle of**

Britain in the Modern Age, 1965-2020 Garry Campion, 2019-09-26 The Battle of Britain has held an enchanted place in British popular history and memory throughout the modern era Its transition from history to heritage since 1965 confirms that the 1940 narrative shaped by the State has been sustained by historians the media popular culture and through non governmental heritage sites often with financing from the National Lottery Heritage Lottery Fund Garry Campion evaluates the Battle's revered place in British society and its influence on national identity considering its historiography and revisionism the postwar lives of the Few their leaders and memorialization its depictions on screen and in commercial products the RAF Museum's Battle of Britain Hall third sector heritage attractions and finally fighter airfields including RAF Hawkinge as a case study A follow up to Campion's The Battle of Britain 1945-1965 Palgrave 2015 this book offers an engaging accessible study of the Battle's afterlives in scholarship memorialization and popular culture **Air Battle of**

Malta Anthony Rogers, 2017-04-30 In the Second World War Malta was besieged for nearly two and a half years during which time a decisive air war was waged between Britain Italy and Germany This is part of that story from the early days in June 1940 when only a few Gladiator biplanes were available to combat Italian bombers and fighters to the intervention of the Luftwaffe and the tenuous defense by outclassed Hurricanes culminating in the desperate months of fighting following the arrival on Malta of the Spitfire in March 1942 What became of the many aircraft destroyed over the Maltese Islands and what was the fate of their pilots and crews More than a thousand aircraft were lost Many crashed into the Mediterranean

others came down on Malta and the neighboring island of Gozo This book focuses on the latter some 200 British Italian and German machines and the fate of their pilots and crews It reveals where those airplanes fell thus providing a record that will continue to be valued by future generations This comprehensive volume documents all known aircraft crash sites in and around the Maltese Islands and provides the circumstances of each loss are related in detail with accounts from both sides In Germany especially there are many still unaware of the fate of family members who never returned after the Second World War This book reveals what happened to some who even today are still officially listed as missing **Voices In The Air**

1939-1945 Laddie Lucas,2011-04-30 A unique and enthralling anthology compiled by WWII flying ace Laddie Lucas **Voices in the Air** tells the story of the air battles of the Second World War in the voices of those who took part Drawn largely on the writings of the combatants themselves from all sides of the conflict this book offers a vivid and highly individual account of the great aerial campaigns of WWII From a thrilling account of the first sustained dogfight between Spitfire and Messerschmitt in 1940 to an eighteen year old Japanese suicide pilot s last letter home and the Luftwaffe leaders analysis of what went wrong after the Battle of Britain the book dramatically deals with every aspect of the war Full of stories of astonishing escapades incredible bravery dogged persistence and moving feats of arms **Voices in the Air** honours both the sung and the unsung heroes of the war **Sniper of the Skies** Nick Thomas,2015-07-30 When asked to conjure an impression of the typical fighter pilot you may be inclined to think of the confident extroverted gregarious type rallying his men and flying in the pursuit of victory George Frederick Screwball Beurling DSO DFC and DFM certainly achieved more victories than most typical fighter pilots dream of but in temperament personality and style he was a one off A devout Christian teetotaler and non smoker Beurling wasn t to be found patronising the local bars with his fellow pilots Instead he committed himself solely to the art of aerial combat His very first missions saw him pursuing lone German fighters that he ultimately destroyed He was determined to retain focus noting how the men who did indulge had much briefer and much less effective tours In Maltese skies he really came into his own shooting down 27 Axis aircraft in just 14 days In the month of July 1942 he secured five kills in just four days In the process he was awarded the DSO DFC and DFM along with hero status amongst his fellow pilots and members of the public He survived the war only to be killed three years later whilst landing a transport aircraft following a test flight This biographical study serves as a tribute to one of the most successful and intriguing fighter pilots of the twentieth century and should appeal broadly to fans of the genre **Country Life** ,1907
