The tale of Bertrand du Guesclin s life and military service This fable details several aspects of life from boyhood to adulthood as well as the battles and duties he served throughout his military career Told in a story like fable atmosphere the reader gets easily and fully immersed in the almost mythological life of Bertrand du Guesclin Sample Passage Startling words in truth to hear from any one s lips and doubly so from those of a boy of fourteen with his whole life before him It was a clear bright evening in the spring of 1334 and the setting sun was pouring a flood of golden glory over the wooded ridges and dark moors and wide green meadows and quaint little villages of Bretagne or Brittany then a semi independent principality ruled by its own duke and little foreseeing that barely two centuries later it was to be united to France once for all Over earth and sky brooded a deep dreamy stillness of perfect repose broken only by the lowing of cattle from the distant pastures and the soft sweet chime of the vesper bell from the unseen church tower hidden by the still uncleared wood through one solitary gap in which were seen the massive grey battlements of Motte Brun Castle the residence of the local seigneur or lord of the manor A rabbit sat upright in its burrow to clean its furry face A squirrel halfway up the pillar like stem of a tall tree paused a moment to look down with its small bright restless eye and a tiny bird perched on a bough above broke forth in a blithe carol But the soothing influence of this universal peace brought no calm to the excited lad who was striding up and down a small open space in the heart of the wood stamping fiercely ever and anon and muttering half aloud words that seemed less like any connected utterance than like the almost unconscious bursting forth of thoughts too torturing to be controlled Is it my blame that I was born thus ill favoured Yet mine own father and mother gloom upon me and shrink away from me as from one under ban of holy Church or taken red handed in mortal sin What have I done that mine own kith and kin should deal with me as with a leper In calling himself ill favoured the poor boy had only spoken the truth for the features lighted up by the sinking sun as he turned his face toward it were hideous enough for one of the demons with which these woods were still peopled by native superstition His head was unnaturally large and covered with coarse black bristly hair which worn long according to the custom of all men of good birth in that age tossed loosely over his huge round shoulders like a bison s mane His light green eyes small and fierce as those of a snake looked out from beneath a low slanting forehead garnished with bushy black eyebrows which were bent just then in a frown as dark as a thunder cloud His nose was so flat that it almost seemed to turn inward and its wide nostrils gaped like the yawning gargoyles of a cathedral His large coarse mouth the heavy jaw of which was worthy of a bulldog was filled with strong sharp teeth which as he gnashed them in a burst of rage sent a sudden flash of white across his swarthy face like lightning in a moonless sky His figure was quite as strange as his face Low of stature and clumsily built his vast and almost

unnatural breadth of shoulder and depth of chest gave him the squat dwarfish form assigned by popular belief to the deformed Dwerger earth dwarfs who then figured prominently in the legends of all Western Europe His length of arm was so great that his hands reached below his knees while his lower limbs seemed as much too short as his arms were too long In a word had a half grown black bear been set on its hind legs and arrayed in the rich dress of a fourteenth century noble it would have looked just like this strange boy

Own Goals Roger Marston, 2010 Terrorism military response and the lessons from history that governments still fail to grasp This book argues that whilst the overriding purpose of counter insurgency is political the actual campaign is invariably seen as military The expense death and trauma of the military action usually mean that political purposes come a poor second in terms of popular and governmental aims Rhodesia provided an example of the disastrous consequences of such an approach Political judgments were invariably based upon popular assessments of the Africans stemming from the beliefs of the Pioneers in other words they were founded on ignorance Likewise military strategies and tactics owed much to those established in the 1890s These are largely seen through the career of Captain Charles Lendy RA a fan of the machine gun and shock and awe His experiences were reflected by the Rhodesian Army in the 1970s and so units who consistently branded themselves as the best anti terrorist forces in the world lost

Zulu Terror Robin Binckes, 2019-07-30 The historian and author of *The Great Trek* recounts the devastating period of violence among indigenous peoples in early 19th century southern Africa From 1815 to 1840 southeastern Africa experienced a devastating period of warfare between the Zulus the Matabele and other indigenous peoples Though the causes of the unrest which the Zulu called the Mfecane are still debated by historians we know that hundreds of thousands of lives lost Some estimate the total number of deaths to be near two million At the center of the

turmoil was the Zulu Kingdom and its King Shaka whose wars of expansion sparked mass migrations among smaller tribes. One of Shaka's lieutenants, Mzilikazi Khumalo, escaped execution and began a trail of destruction from Zululand north to the Highveld. Refugees from Mzilikazi's warpath then formed their own alliance, including with the Dutch-speaking Voortrekkers, arriving on their own Great Trek to escape British control. Finally defeated in 1836 by the Voortrekkers in a nine-day battle, Mzilikazi and his followers crossed the Limpopo River and founded the kingdom of the Matabele in what is now Zimbabwe.
