Flamboyant A Novel:

The Flamboyant Lori Marie Carlson, 2009-04-07 In the tradition of Beryl Markham's *West with the Night* *The Flamboyant* tells the story of Lenora Demarest a strong willed soft spoken American beauty intent on becoming the first aviatrix in her adopted country of Puerto Rico Born in 1900 on the cusp of divergent eras Lenora epitomises the glamorous wealthy adventurous women of the 1920s and 1930s who balanced romantic Victorian sensibilities with decidedly modern forays into traditionally male arenas When an affair with a dashing aviator and friendship with the spirited Amelia Earhart awaken her passion for flying Lenora captivated by two cultures and loved by two men finds herself on an exhilarating path towards independence Set against the vibrant backdrop of colonial politics *The Flamboyant* pays tribute to a woman generations ahead of her time

The Pataphysician's Library Ben Fisher, 2000-12-01 *The Pataphysician's Library* is a study of aspects of 1890s French literature with specific reference to the traditions of Symbolism and Decadence Its main focus is Alfred Jarry who has proved perhaps surprisingly to be one of the more durable fin de siècle authors The originality of this study lies in its use of the enigmatic list of books termed the *livres pairs* which appears in Jarry's 1898 novel *Gestes et Opinions du docteur Faustroll pataphysicien* his best known prose work The greatest interest of the *livres pairs* lies in a group of works by Jarry's friends and contemporaries primarily Leon Bloy Georges Darien Gustave Kahn Catulle Mendès Josephin Madan Rachilde and Henri de Regnier Several of these authors feature as the lords of islands visited by the pataphysician Dr Faustroll in his curious voyage around Paris In conjunction with Jarry's own works the contemporary *livres pairs* serve to illustrate the vibrant and experimental atmosphere in which these authors worked

The Afterlife of Austria-Hungary Adam Kozuchowski, 2014-07-19 The assassination of Archduke Franz Ferdinand in 1914 was just one link in a chain of events leading to World War I and the downfall of the Austro-Hungarian empire By 1918 after nearly four hundred years of rule the Habsburg monarchy was expunged in an instant of history Remarkably despite tales of decadence ethnic indifference and a failure to modernize the empire enjoyed a renewed popularity in interwar narratives Today it remains a crucial point of reference for Central European identity evoking nostalgia among the nations that once dismembered it *The Afterlife of Austria-Hungary* examines histories journalism and literature in the period between world wars to expose both the positive and the negative treatment of the Habsburg monarchy following its dissolution and the powerful influence of

fiction and memory over history Originally published in Polish Adam Kozuchowski's study analyzes the myriad factors that contributed to this phenomenon Chief among these were economic depression widespread authoritarianism on the continent and the painful rise of aggressive nationalism Many authors of these narratives were well known intellectuals who yearned for the high culture and peaceable kingdom of their personal memory Kozuchowski contrasts these imaginaries with the causal realities of the empire's failure He considers the aspirations of Czechs Poles Romanians Hungarians and Austrians and their quest for autonomy or domination over their neighbors coupled with the wave of nationalism spreading across Europe Kozuchowski then dissects the reign of the legendary Habsburg monarch Franz Joseph and the lasting perceptions that he inspired To Kozuchowski the interwar discourse was a reaction to the monumental change wrought by the dissolution of Austria Hungary and the fear of a history lost Those displaced at the empire's end attempted through collective and selective memory to reconstruct the vision of a once great multinational power It was an imaginary that would influence future histories of the empire and even became a model for the European Union
