the most are the members of their own systems of control who wake up and then decide to act against the machine The globalists believe they ve planned for every possible contingency but they hadn t counted on the conscience and love of truth which lives in the souls of good people St Augustine once wrote The truth is like a lion you don t have to defend it Let it loose it will defend itself No figure in our modern times has roared louder against the enemies of freedom than Alex Jones In the calm and dispassionate style that made his first book The Great Reset And the War for the World such a smash hit Alex lays out the flaws in the plans of the globalists and how they seek to create a world in direct opposition to God s plans for our glorious human future But God consistently works His will in our world even through imperfect individuals like Donald Trump Alex Jones or you If you want to read one book this year to understand your world and help lead humanity to the next great human renaissance you need to order this book today **Utah Independent** ,1909
