Justice Oliver Wendell Holmes Oliver Wendell Holmes, 1973 **Justice Oliver Wendell Holmes** Oliver Wendell Holmes (Jr.), 1936 **Justice Oliver Wendell Holmes** Harry Clair Shriver, 1936 **Justice Oliver Wendell Holmes**, 1936

Honorable Justice: The Life of Oliver Wendell Holmes Sheldon Novick, 2019-07-31 An eBook edition of this fine biography is now available The print edition garnered extraordinary praise a new preface brings this eBook edition up to date Oliver Wendell Holmes Jr aspired to be a poet and philosopher was wounded in the Civil War courted aristocratic women became one of the greatest judges in American history and lived long enough to give advice to Franklin Delano Roosevelt We see though Holmes's eyes and his searching intelligence almost a century of American history and the slow growth of a new understanding of the Constitution An ideal biography for the intelligent general reader the fascination Holmes exerts a combination of toughness and style shines through this book The New Yorker Novick is the type of scholar who though trained in law asks Harvard's Arnold Herbarium to identify some leaves pressed into an old love letter One opens his book with high hopes and as chapter follows masterly chapter the hopes mature into admiration of author and awe of subject Edmund Morris The New York Times The book's strength lies in its fast paced vividness of narrative and its steadiness of belief in the wholeness and stature of Holmes as a man Novick tells Holmes's story with verve insight and a command of his material Even his footnotes capture the reader Max Lerner The New Republic Holmes's life is stuff for great biography and Sheldon M Novick has given us just that a work of original and exact scholarship concise and readable yet provides enough historical and legal background to enable the nonspecialist to read the book with comprehension and pleasure Hon Richard A Posner The Wall Street Journal *Justice Oliver Wendell Holmes* H. L. Pohlman, 1993-09 Persuasive A welcome addition The Journal of Legal History A masterly exposition of the complex details of Holmes Supreme Court work The Core Review In this work H L Pohlman calls for a new interpretation of Holmes as a moderate defender of free speech and provides a window into Holmes basic understanding of American constitutionalism Pohlman argues that Holmes played a crucial role in the development of the idea that the Constitution is a living entity an idea that differed radically from nineteenth century antecedents **The Pragmatism and Prejudice of Oliver Wendell Holmes Jr.** Seth Vannatta, 2019-06-26 This book investigates the extent to which various scholarly labels are appropriate for the work of Oliver Wendell Holmes Jr As Louis Menand wrote Holmes has been called a formalist a positivist a utilitarian a realist a historicist a pragmatist not to mention a nihilist Each of the eight chapters investigates one label analyzes the secondary texts that support the use of the term to characterize Holmes's philosophy and takes a stand on whether or not the category is appropriate for Holmes by assessing his judicial and nonjudicial publications including his books articles and posthumously published correspondences The thrust

of the collection as a whole nevertheless bends toward the stance that Holmes is a pragmatist in his jurisprudence ethics and politics The final chapter by Susan Haack makes that case explicitly Edited by Seth Vannatta this book will be of particular interest to students and faculty working in law jurisprudence philosophy intellectual history American Studies political science and constitutional theory

The Legacy of Oliver Wendell Holmes, Jr Robert Watson Gordon, 1992 On his retirement from the Supreme Court at the age of 90 in 1932 Oliver Wendell Holmes Jr was celebrated as few judges have ever been beloved and revered as a national treasure Holmes s influence magnified into legend by the attention he has continued to receive has helped to constitute the identity of the legal profession the conception of the judicial function and the role of the public intellectual in modern American culture The present collection of seven essays attempts to view Holmes s work apart from the restricted framework supplied by traditional jurisprudence by reassessing Holmes as an intellectual a legal theorist and an iconic public figure and culture hero Each essay adds something new and distinctive to the scholarly controversies that have surrounded Holmes for over a century J W Burrow begins the volume by looking at Holmes s relations to various strands of Victorian social thought the next three essays approach each from a different angle the problem of Holmes s relationship to formalism or classical orthodoxy in legal thought Morton Horwitz provides a sweeping reassessment of the development of Holmes s legal thinking between the early period of the 1870 s and 1880 s and *The Path of the Law* in 1897 Mathias Reimann presents the first thorough exploration of Holmes s use misuse more often of German philosophy notably his discrediting in *The Common Law* of the legacy of Kant and Hegel Stephen Diamond approaches Holmes s jurisprudence and his broader social and personal views by another original pathway his legal opinions in taxation cases and his private views on taxation The final three essays consider Holmes as a man of letters and representative man of the American scene both as he created himself and as he was created by others Robert Ferguson shows how Holmes deliberately went about the work of fashioning the public persona of a judge Peter Gibian shows how Holmes s construction of his public style was formed as a deliberate reaction against that of his famous father Dr Oliver Wendell Holmes Sr The final essay by David Hollinger has a dual purpose to ask what Holmes meant by the scientific way of looking at the world and to discover how Holmes came to be such a hero to liberal Jewish intellectuals like Felix Frankfurter and Harold J Laski

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Holmes-Pollock Letters Oliver Wendell Holmes, Frederick Pollack, 1961 This fine collection is accompanied by an essay by Sir John Pollock that skillfully places the writer s ideas in the perspective of recent experience A crucial document for lawyers the letters are also delightful reading

The Pollock-Holmes Letters Frederick Pollock, Oliver Wendell Holmes (Jr.), 2015-06-11 This book is the first in a two volume set containing the trans Atlantic correspondence between the celebrated jurists Sir Frederick Pollock and Oliver Wendell Holmes Jr Volume one contains the letters dated between 1874 and 1918 and includes their discussion of topics such as the American Civil War and World War One

Justice Holmes and the Natural Law Michael H.

Hoffheimer,2013-11-26 First Published in 1993 Not intended as a new biography of Justice Oliver Wendell Holmes or as a critical study of his legal philosophy this book s intention is to help fill a gap in the studies of Holmes Without denying the power with which Holmes reacted against intellectual traditions of the nineteenth century the author hopes to show that natural law and transcendentalist philosophy formed important vital sources of his mature legal theory **The Mind and Faith of Justice Holmes** Oliver Wendell Holmes,1946 The Mind and Faith of Justice Holmes Max Lerner,2017-09-29 A reprint of the Little Brown edition of 1943 Acidic paper Annotation copyright Book News Inc Portland Or **The Problems of Jurisprudence** Richard A. Posner,1993-03-15 Here one of America s most distinguished scholar judges shares with us his vision of the law Posner argues for a pragmatic jurisprudence one that eschews formalism in favor of the factual and the empirical Laws he argues are not abstract sacred entities but socially determined goads for shaping behavior to conform with society s values Understanding John Dewey James Campbell,1995 Dewey is the most influential of American social thinkers and his stock is now rising once more among professional philosophers Yet there has heretofore been no adequate readable survey of the full range of Dewey s thought After an introduction situating Dewey in the context of American social and intellectual history Professor Campbell devotes Part I to Dewey s general philosophical perspective as it considers humans and their natural home Three aspects of human nature are most prominent in Dewey s thinking humans as evolutionary emergents as essentially social beings and as problem solvers Part II examines Dewey s social vision taking his ethical views as the starting point Underlying all of Dewey s efforts at social reconstruction are certain assumptions about cooperative enquiry as a social method assumptions which Campbell explains and clarifies before evaluating various criticisms of Dewey s ideas The final chapter discusses Dewey s views on religion *If the Foundations Are Destroyed* K. Alan Snyder,2010-04 Our dangers are of two kinds those which affect our religion and those which affect our government They are however so closely allied that they cannot with propriety be separated The foundations which support the interests of Christianity are also necessary to support a free and equal government like our own Whenever the pillars of Christianity shall be overthrown our present republican forms of government and all the blessings which flow from them must fall with them Rev Jedidiah Morse 1799 The author believes Rev Morse s warning is still applicable today The basic Biblical principles upon which American civil government were founded are rapidly disappearing in our society Yet he doesn t simply point out the problem he also explains how the reinstatement of specific Biblical principles into American society and government can reverse the damage The foundations can be rebuilt K Alan Snyder is a department chair and professor of American history at Southeastern University in Florida He taught previously at Patrick Henry College in northern Virginia in the graduate school of government at Regent University and in the history political science department at Indiana Wesleyan University Dr Snyder received his Ph D in history at The American University in Washington D C and worked for several years as a historical political consultant in the Washington D C area He is the author of *Mission Impeachable* and *Defining Noah Webster* Dr

Snyder ponders principles daily on his weblog at [PonderingPrinciples.com](http://ponderingprinciples.com) *Research in Progress* North Carolina State University. Graduate School, 1929 *John Cuthbert Ford, SJ* Eric Marcelo O. Genilo, SJ, 2007-11-02 John Cuthbert Ford SJ 1902-1989 was one of the leading American Catholic moralists of the 20th century. This is the first full length analysis of his work and influence, one that not only reveals a traditionally Catholic method of moral analysis but also illuminates the conflicts behind and development of Catholic moral teaching during the volatile 1960s. Ford is best known for his influential contribution to Catholic teachings on three moral issues. His objection to the Allied practice of obliteration bombing during WWII by drawing a sharp distinction between combatants and noncombatants is still studied widely today. Ford campaigned for alcohol education for both clergy and laity and introduced a pastoral approach for assisting and counseling alcoholics. As a member of the Papal Commission on Population, Family and Birth Rate during the 1960s, Ford was an unyielding defender of the traditional Catholic teaching on birth control that still reigns today. Drawing on the published works and personal papers of Ford, Eric Genilo begins with a brief description of the theologian's life, career and influence. The book is divided into two parts. In Part I, *Method*, Genilo offers an overview of Ford's moral theology in the manualist tradition, a 300 year period during which Catholic priests used manuals to instruct the faithful on matters of morality and sin. Genilo then examines Ford's two modes of resolving moral cases and presents Ford's approach to doctrinal development. In Part II, *Moral Objectivity*, Genilo shows how Ford confronted the growing situation ethics movement, then moves to how he understood freedom and subjective culpability, particularly in the case of alcoholism. Later chapters reveal Ford's theological conflicts with Josef Fuchs, SJ, on the issue of birth control; his staunch opposition to totalitarianism; and his moral analysis of how society should treat marginalized persons threatened by the abuse of power. Genilo concludes with an assessment of Ford's legacy to the development and practice of moral theology, leaving the reader with an in-depth portrait of an extraordinary man who dedicated his life to defending the Church and protecting the most vulnerable persons in society.
