Justice With A Capital:

A Wild Justice: The Death and Resurrection of Capital Punishment in America Evan J. Mandery, 2013-08-19 A New York Times Book Review Editors Choice Drawing on never before published original source detail the epic story of two of the most consequential and largely forgotten moments in Supreme Court history For two hundred years the constitutionality of capital punishment had been axiomatic But in 1962 Justice Arthur Goldberg and his clerk Alan Dershowitz dared to suggest otherwise launching an underfunded band of civil rights attorneys on a quixotic crusade In 1972 in a most unlikely victory the Supreme Court struck down Georgia s death penalty law in *Furman v Georgia* Though the decision had sharply divided the justices nearly everyone including the justices themselves believed *Furman* would mean the end of executions in America Instead states responded with a swift and decisive showing of support for capital punishment As anxiety about crime rose and public approval of the Supreme Court declined the stage was set in 1976 for *Gregg v Georgia* in which the Court dramatically reversed direction A Wild Justice is an extraordinary behind the scenes look at the Court the justices and the political complexities of one of the most racially charged and morally vexing issues of our time **ECIC 2013 Proceedings**

of the 5th European Conference on Intellectual Capital Lidia Garcia, Arturo Rodriguez-Castellanos, Jon Barrutia-Guenaga, 2013 **Executing Justice** Lloyd H. Steffen, 2006-03-14 Justice for Deborah Thornton is complete Richard Thornton said after the execution of her killer Karla Faye Tucker in Texas I want to say to every victim in the world demand this But which form of justice is this victim demanding retribution or restoration Taking seriously the claims of death penalty supporters Lloyd Steffen constructs a theory of just execution For every acknowledged killer on death row there are dozens who maintain their innocence Supporters of the death penalty along with its opponents must demand fairness so that innocent persons are not subjected to the terror of an unjust execution Reminding us that Jesus likewise faced the terror of unjust execution Steffen asks Christians to reacquaint themselves with the symbol of the cross as an instrument of state terror rather than a divine decoration *Testimony and exhibits* United States. Skarlicki, 2011-09-01 This volume in Research in Social Issues in Management expands our understanding of organizational justice and applies justice theories to develop models of ethical behavior in organizations At a time of global economic recession and frequent business and accounting scandals many people are questioning the ethics of business leaders Whether these challenges are actual or perceived models grounded in organizational justice theories provide powerful insights and suggest new ways of looking at leadership ethics By examining what it means to be just and examining relationships between justice and ethicality the chapters in this volume have provided conceptual models for understanding ethical challenges facing organizations The chapters are organized around two related themes The first theme is expanding models of organizational justice After 30 years of research a natural question is whether we have reached the useful limits in developing theories of organizational justice The clear answer you will see after reading these chapters is no as each chapter pushes our thinking in new directions The second theme is applying organizational justice theories to develop models of ethical and unethical behavior in organizations The models address topics of greed

dehumanization and moral contracts **Capital Punishment** C. Cliff, 2003 The issue of capital punishment is a continually debated issue because it calls into question the values and direction of society How is a civilisation supposed to handle lawbreakers Are some crimes so heinous and some people so dangerous that the death penalty is the only appropriate response The United States Constitution prohibits cruel and unusual punishment but opinions on whether that includes capital punishment are vehement on both sides Many states have some form of death penalty and public opinion seems to indicate support of it in principle However many firestorms have erupted recently over the application of the penalty including the topics of its use on minors and those with mental disabilities There are also questions raised about how much of a factor race plays in a capital sentence Internationally several countries have foresworn the death penalty with certain countries in Europe and the Americas refusing to extradite criminal suspects including suspected terrorists to the US if capital punishment is a possible sentence With such politically flammable and ethically challenging issues hanging over it capital punishment is a vitally important issue to understand To help facilitate that study this book assembles a carefully selected and substantial listing of literature focussing on the death penalty Anyone researching this area of criminal justice will find this book an important tool as it offers easy access to the most relevant works about capital punishment Following the bibliography further access is provided with author title and subject indexes **Pursuing Justice** Ralph A.
