K2triumph And Tragedy:

K2, Triumph and Tragedy Jim Curran, 1987 **K2** Ed Viesturs, David Roberts, 2010-08-03 A thrilling chronicle of the tragedy ridden history of climbing the world's most difficult and unpredictable mountain by the bestselling authors of *The Mountain and No Shortcuts to the Top* Gripping reveals a good deal about the rarefied noble gonzo world of high altitude mountaineering The New York Times Ed Viesturs one of the world's premier high altitude mountaineers explores the remarkable history of K2 and of those who have attempted to conquer it At the same time he probes the mountain's most memorable sagas in order to illustrate lessons about the fundamental questions mountaineering raises questions of risk ambition loyalty to one's teammates self sacrifice and the price of glory Viesturs knows the mountain firsthand He and renowned alpinist Scott Fischer climbed it in 1992 and got caught in an avalanche that sent them sliding to almost certain death before Ed managed to get into a self arrest position with his ice ax and stop both his fall and Scott's Focusing on seven of the mountain's most dramatic campaigns from his own troubled ascent to the 2008 tragedy Viesturs crafts an edge of your seat narrative that climbers and armchair travelers alike will find unforgettably compelling With photographs from Viesturs's personal collection and from historical sources this is the definitive account of the world's ultimate mountain and of the lessons that can be gleaned from struggling toward its elusive summit *The Endless Knot* Kurt Diemberger, 2014-08-29 A monumental book I defy anyone to read it and remain unmoved Stephen Venables Alpine Journal Acclaimed as one of the most powerful accounts of mountain adventure and tragedy ever written *The Endless Knot* is a harrowing account of the 1986 K2 disaster A rare first hand account from a survivor at the very epicentre of the drama *The Endless Knot* describes the disaster in frank detail Kurt Diemberger's account of the final days of success accident storm and escape during which five climbers died including his partner Julie Tullis and the great British mountaineer Al Rouse is lacerating in its sense of tragedy loss and dogged survival Only Diemberger and Willi Bauer escaped the mountain K2 had claimed the lives of 13 climbers that summer Kurt Diemberger is one of only two climbers to have made first ascents of two 8000 metre peaks Broad Peak and Dhaulagiri A superb mountaineer the K2 trauma left him physically and emotionally ravaged but it also marked him out as an instinctive and tenacious survivor After a long period of recovery Diemberger published *The Endless Knot* and resumed life as a mountaineer filmmaker and international lecturer **Unjustifiable Risk?** Simon Thompson, 2012-03-06 To the impartial observer Britain does not appear to have any mountains Yet the British invented the sport of mountain climbing and for two periods in history British climbers led the world in the pursuit of this beautiful and dangerous obsession *Unjustifiable Risk* is the story of the social economic and cultural conditions that gave rise to the sport and the achievements and motives of the scientists and poets parsons and anarchists villains and judges ascetics and drunks that have shaped its development over the past two hundred years The history of climbing inevitably reflects the wider changes that have occurred in British society including class gender nationalism and war but the sport has also contributed to changing social

attitudes to nature and beauty heroism and death Over the years increasing wealth leisure and mobility have gradually transformed climbing from an activity undertaken by an eccentric and privileged minority into a sub division of the leisure and tourist industry while competition improved technology and information and increasing specialisation have helped to create climbs of unimaginable difficulty at the leading edge of the sport But while much has changed even more has remained the same Today s climbers would be instantly recognisable to their Victorian predecessors with their desire to escape from the crowded complexity of urban society and willingness to take unjustifiable risk in pursuit of beauty adventure and self fulfilment Unjustifiable Risk was shortlisted for the Boardman Tasker prize in 2011
