Kabbalah and Postmodernism Sanford L. Drob, 2009 Kabbalah and Postmodernism A Dialogue challenges certain long held philosophical and theological beliefs including the assumptions that the insights of mystical experience are unavailable to human reason and inexpressible in linguistic terms that the God of traditional theology either does or does not exist that systematic theology must provide a univocal account of God man and the world that truth is absolute and not continually subject to radical revision and that the truth of propositions in philosophy and theology excludes the truth of their opposites and contradictions Readers of Kabbalah and Postmodernism will be exposed to a comprehensive mode of theological thought that incorporates the very doubts that would otherwise lead one to challenge the possibility of theology and religion and which both preserves the riches of the Jewish tradition and extends beyond Judaism to a non dogmatic universal philosophy and ethic The Dreams Book Yehuda Berg, 2004 As Yehuda Berg showed with The 72 Names of God hidden beneath the
