### **Kabir Selected Couplets From Sakhi In Transversion:**

**Kabir** Kabir, Mohan Singh Karki, 2001-01-01 The book opens a new vista in the sphere of verse translation in India In the introductory part there is a departure from a mass of Hindi criticism The bases of selection of dohas from the Sakhi are 1 Kabir's proverbial and worldly wisdom 2 analogy finding gift 3 richness and variety of imagery 4 recurrent theme of death 5 gift for satire and 6 rhetorical powers this introductory part primarily focusses on Kabir as poet which is his real estimate Thus the introductory part is a piece of scholarly criticism judging and appreciating Kabir's Sakhi on the canons of English literary criticism The versification four line stanza form in loose iambic tetrameter lines has an easy flow and almost parallels the flow of Kabir's dohas With the Hindi version and notes the book will be a valuable reading especially for the English speaking readers

**Souls in the Kalyug** Shankar Ramaswami, 2025-04-15 How migrant workers in contemporary India strive toward and at times realize elements of a good life The economic development process in India is one that has induced new difficulties and hardships into the lives of poor and working people despite its alleged achievements In villages farming families confront an agrarian crisis with rising costs of seeds fertilizers and pesticides low prices for crops in the face of grave indebtedness and ecological damage to the soil water and forests Due to the scarcity of jobs many migrate to cities for work Once in the city migrants take on and must contend with low paid insecure and hazardous work And in urban neighborhoods they deal with congested living conditions poor qualities of air water and sanitation and separation from their families in the village Souls in the Kalyug introduces readers to migrant workers who are confronting myriad hardships and asks how it is that these workers create lives that can become less injurious than their circumstances might suggest Anthropologist Shankar Ramaswami proposes a three part answer In a metal factory in Delhi migrant workers engage in resistance and collective struggle against perceived oppression and injustice In the city and village they weave connections to one another building friendships in empathetic closeness and fellowship In the metaphysical realm they attempt to resist soul distorting processes in our present decivilizing times or the Kalyug Through these activities migrant workers strive toward and at times realize elements of a good life Souls in the Kalyug ultimately presents a nuanced and intimate portrait of migrant workers through a complex study of entanglement and noncooperation in workers worlds and in its analysis of workers politics within and outside of labor unions interpersonal relationships and foundational religious and cosmological worldviews

**Limits of the Secular** Kaustuv Roy, 2016-12-09 This book facilitates a missing dialogue between the secular and the transsecular dimensions of human existence It explores two kinds of limits of the secular the inadequacies of its assumptions with respect to the total being of the human and how it curbs the ontological sensibilities of the human Kaustuv Roy argues that since secular reason of modernity can only represent the empirical dimension of existence humans are forced to privatize the non empirical dimension of being It is therefore absent from the social imaginary as well as public discourse This one sidedness is the root cause of many of the ills facing modernity Roy

contends that a bridge consciousness that praxeologically relates the secular and the non secular domains of experience is the need of the hour **Feeding the Self, Feeling the Way in Ancient and Contemporary South Asian Cultures**
