Kafka A Collection Of Critical Essays:

Kafka Ronald D. Gray,1962 Franz Kafka s nightmare world of the imagination has always haunted readers but few grasp the full meaning of his eerie symbolic writing To understand Kafka as a writer one must study his work on a literary level dismissing the temptation to concentrate on his life and religious philosophy **Kafka** Ronald D. Gray,1962 **Kafka** Ronald D. Gray,1980 Kafka. A collection of critical essays. Ed. by Ronald Gray. (2. print.) Ronald Gray,1963 *Kafka : a Collection of Critical Essays* Ronald D. Gray** Ronald Douglas GRAY,1962 **Kafka** Bronislaw Malinowski,1962 Research in Education ,1974 Franz Kafka's the Metamorphosis Sterling Professor of Humanities Harold Bloom,2009 Presents a collection of critical essays about Kafka s The metamorphosis **Resources in Education** ,1974 **Critical Essays on Franz Kafka** Ruth V. Kafka's Narrative Theater James Rolleston,1990-10-01 Can one speak of Kafka s heroes as characters If so why is it so hard to define their characteristics If not how is the reader persuaded to accompany them on their existential journeys accepting their behavior as falling within the realm of human logic This study argues that Kafka s fiction has two conflicting premises the subjective impossibility of human existence foreclosing all hope of meaning in individual actions and the ordered structure of human thoughts which assign meaning to the smallest event and analyze endlessly the behavior of other people Kafka s characters are always either potentially or actually moving in both directions at once earnestly building up a continuous logic to their actions while skeptically dismantling their own pretensions to existence The device of the circumscribed narrator congruent with the hero knowing only what the hero knows yet not identical with him enables Kafka to contain both fundamental tendencies in a single sentence Although Kafka is widely read his works seem to give rise very easily to misconceptions this study is designed primarily to facilitate an intelligent reading of Kafka Without imposing answers of its own it seeks to foster an awareness of the problems of perspective and presentation which Kafka engages

The Dark Landscape of Modern Fiction Patrick Reilly,2018-05-08 This title was first published in 2003 This text explores the dark pessimistic truth that pervades the pages of modern texts setting a theme of Dante s Inferno against the work of modern authors including Dostoyevsky Hardy Conrad Wharton Kafka Camus Waugh and Flannery O Connor The author s thesis is that these writers exhibit a hostility towards the reader an anger that the reader should continue to be so deludedly happy when the writer has become so mortifyingly enlightened At its most characteristic Reilly demonstrates modern fiction seems to achieve a savage satisfaction in inflicting this pain to an extent that could be described as sadistic Reilly traces what he calls this punitive spirit to a character in the Inferno Vanni Fucci who suffering himself does his best to make Dante suffer too Through the study he uses the Inferno as a guide to the prevailing attitudes in modern fiction revealing a parallel between the prohibition of pity within the medieval poem and in the pages of modern texts

Neumeyer, 1969 A 1926 novel by Franz Kafka In it a protagonist known only as K arrives in a village and struggles to gain access to the mysterious authorities who govern it from a castle supposedly owned by Count Westwest Kafka died before he could finish the work but suggested it would end with K dying in the village the castle notifying him on his death bed that his legal claim to live in the village was not valid yet taking certain auxiliary circumstances into account he was permitted to live and work there Dark and at times surreal The Castle is often understood to be about alienation unresponsive bureaucracy the frustration of trying to conduct business with non transparent seemingly arbitrary controlling systems and the futile pursuit of an unobtainable goal **Kafka's The Trial** Espen Hammer, 2018-03-23 Kafka's novel The Trial written from 1914 to 1915 and published in 1925 is a multi faceted notoriously difficult manifestation of European literary modernism and one of the most emblematic books of the 20th Century It tells the story of Josef K a man accused of a crime he has no recollection of committing and whose nature is never revealed to him The novel is often interpreted theologically as an expression of radical nihilism and a world abandoned by God It is also read as a parable of the cold inhumane rationality of modern bureaucratization Like many other novels of this turbulent period it offers a tragic quest narrative in which the hero searches for truth and clarity whether about himself or the anonymous system he is facing only to fall into greater and greater confusion This collection of nine new essays and an editor's introduction brings

together Kafka experts intellectual historians literary scholars and philosophers in order to explore the novel's philosophical and theological significance Authors pursue the novel's central concerns of justice law resistance ethics alienation and subjectivity Few novels display human uncertainty and skepticism in the face of rapid modernization or the metaphysical as it intersects with the most mundane aspects of everyday life more insistently than *The Trial* Ultimately the essays in this collection focus on how Kafka's text is in fact philosophical in the ways in which it achieves its literary aims Rather than considering ideas as externally related to the text the text is considered philosophical at the very level of literary form and technique

Kafka's Italian Progeny Saskia Elizabeth Ziolkowski, 2020-01-06 This book explores Kafka's sometimes surprising connections with key Italian writers from Italo Calvino to Elena Ferrante who shaped Italy's modern literary landscape
