Kafka's Grave & Other Stories Paul Ickovic, 1986

The Unfinished Novel and Other Stories Valerie

Martin, 2007-12-18 From the Orange Prize winning author of *Property* comes a vital and heartbreaking collection of short stories that turns an unflinching eye upon artists driven and blocked, desired and detested, infamous and sublime as they struggle beneath the tyranny of Art to reconcile their audience with their muse. A triumph. *The New Yorker*. A painter who owes his small success to a man he despises discovers that his passivity has cost him the love that might have set him free. A writer of modest talents encounters the old love who once betrayed him; now she repels him, yet the unfinished novel she leaves in his hands may surpass anything he could ever produce himself. An American poet in Rome finds herself forced to choose between her lover and a world so alien it takes her voice away. A print maker who has reached a certain age enters so deeply into the magical world of her imagination that she can never find her way back. In captivating, luminous prose, Martin explores the trials and rewards of human relationships and creative endeavor with all the ease and insight of a writer at the top of her form.

The Dao of Being Jewish and Other Stories Irene Shaland, 2023-01-16 This book is a collection of Jewish survival stories and fascinating tales. This is not a conventional travel guide; this book will shine a light on the history of 10 Jewish communities in Europe, Asia, and Africa. Together with the author, you will visit incredible places and meet the Jews of today. Two and a half millennia ago, a small party of Jews explored new trading routes for King Solomon, settled in the south of India, and lived there peacefully until today. Similarly, during the ancient Roman period, many Jewish merchants traveled to China over the Silk Route, and some made it their permanent home. Also, before the Edict of Expulsion in 1492, Sicily was home to over 50 Jewish communities, possibly numbering 50,000 people. So, how did the Diaspora bring these wandering Jews to so many places around the globe? And why did Jews live happily in India and China for centuries and not experience antisemitism, while the story of the Jews in Europe went from persecution and massacres to unspeakable horrors of the Holocaust? Finally, why do we see the rise of antisemitism and violence again in the 21st century? You will find answers to these questions and much more in the current edition of Irene Shaland's artfully illustrated book *The Dao of Being Jewish and Other Stories*. She collected these fascinating stories while visiting ten countries in Europe, Asia, and Africa, and interviewing the locals in their homes, synagogues, and even cemeteries. Now, Irene Shaland's book, replete with her husband's photos, takes you on your own exciting journey of discovery from Austria and the Czech Republic to Scandinavia, from India and China to Sicily and Sardinia, and from East Africa to Stalinist Russia.

The Metamorphosis and Other Stories of Franz Kafka Franz Kafka, It's a peculiar apparatus, said the Officer to the Traveller, gazing with a certain admiration at the device with which he was, of course, thoroughly familiar. It appeared that the Traveller had responded to the invitation of the Commandant only out of politeness when he had been asked to attend the execution of a soldier condemned for disobeying and insulting his superior. Of course, interest in the execution was not very high, even in the penal colony itself.

At least here in the small deep sandy valley closed in on all sides by barren slopes apart from the Officer and the Traveller there were present only the Condemned a vacant looking man with a broad mouth and dilapidated hair and face and the Soldier who held the heavy chain to which were connected the small chains which bound the Condemned Man by his feet and wrist bones as well as by his neck and which were also linked to each other by connecting chains The Condemned Man incidentally had an expression of such dog like resignation that it looked as if one could set him free to roam around the slopes and would only have to whistle at the start of the execution for him to return The Traveller had little interest in the apparatus and walked back and forth behind the Condemned Man almost visibly indifferent while the Officer took care of the final preparations Sometimes he crawled under the apparatus which was built deep into the earth and sometimes he climbed up a ladder to inspect the upper parts These were really jobs which could have been left to a mechanic but the Officer carried them out with great enthusiasm maybe because he was particularly fond of this apparatus or maybe because there was some other reason why one could not trust the work to anyone else It s all ready now he finally cried and climbed back down the ladder He was unusually tired breathing with his mouth wide open and he had pushed two fine lady s handkerchiefs under the collar of his uniform These uniforms are really too heavy for the tropics the Traveller said instead of asking some questions about the apparatus as the Officer had expected That s true said the Officer He washed the oil and grease from his dirty hands in a bucket of water standing ready but they mean home and we don t want to lose our homeland Now have a look at this apparatus he added immediately drying his hands with a towel and pointing to the device Up to this point I had to do some work by hand but from now on the apparatus should work entirely on its own The Traveller nodded and followed the Officer The latter tried to protect himself against all eventualities by saying Of course breakdowns do happen I really hope none will occur today but we must be prepared for it The apparatus is supposed to keep going for twelve hours without interruption But if any breakdowns do occur they ll only be very minor and we ll deal with them right away **The**
