Kain Und Abel:

Cain and Abel in Text and Tradition John Byron, 2011-02-14 The story of Cain and Abel narrates the primeval events associated with the beginnings of the world and humanity But the presence of linguistic and grammatical ambiguities coupled with narrative gaps provided translators and interpreters with a number of points of departure for expanding the story The result is a number of well established and interpretive traditions shared between Jewish and Christian literature This book focuses on how the interpretive traditions derived from Genesis 4 exerted significant influence on Jewish and Christian authors who knew rewritten versions of the story The goal is to help readers appreciate these traditions within the broader interpretive context rather than within the narrow confines of the canon **Kain i Abel** Jeffrey Archer, 1993

Oper in Einem Akt Felix Weingartner, 1914 Die Vertauschung des Erstgeburtssegens in der Genesis Benedikt Hensel, 2011 This study explores the literary phenomenon that at crucial crossroads the line of promise of Israel is continued through the younger brother instead of the firstborn son which is so important otherwise This motif of subversion is limited to the book of Genesis where it is used not less than twelve times The analysis of forms contexts and functions of this motif reveals a strictly

constructed narrative concept This construction enables an attribution of identity to Israel which justifies Israel's special role among other peoples legitimizes it and shapes its profile theologically *Natursagen* Oskar Dähnhardt, V. Armhaus, 1907
