Trompf,2012-10-25 The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series Beyond Common Sense Dr Satinder Singh Malik,2020-06-03 Human sensors collect the information from environment and our body Intellect dwells upon the obvious looking information and extracts out of ordinary inferences The joy lies in knowing The art of knowing from routine information is called common sense In Sanskrit common sense is known as Vivek It arises from thought when intellect dwells upon the information for a slightly longer period than routine The intellect will dwell upon such information when it is used to when the mind is relatively free and not overburdened by sense pursuits What lies beyond common sense is the treasure of unmeasured potential Sixth sense is a sense which connects human cognitive complex to the dimension of consciousness and it is known as Pragyan in Sanskrit Pragyan is Intuition The root word for intuition is Latin intueri meaning in to you Intuition has spiritual roots which lie in the dimension of consciousness In the forthcoming chapters in this book a perspective of background environment is provided Science gives too specific but overall sketchy information about the complete picture whereas Philosophy does a better job on this Philosophy is also based on logic and reason but there is no need to establish proof in a laboratory and its scope is vast To complete our lifetimes we cannot await Science to buildup the complete picture and use that to carve a path for our lives Some key questions have been answered as to how this universe came in to being Big Bang theory assumed a primeval atom and the source of this atom remained unresolved Astronomers keep getting baffled after detecting matter in universe older than itself A summary of the applicable dimensions has been proposed along with nature of various dimensions Time is a substance which flows like a wave Origin of human life and presence of distinctive racial features has been explored Common information as to why there are 12 hours in a day or seven days in a week is also important steps in human understanding of life on this planet A unique link between astronomy and astrology has been established by replenishing the information which went missing down the ages A chapter on how to enhance the sixth sense is a practical guide which is simple and easy to follow This information is not freely available in a concise and logical manner Evolved human society has the potential to change the course of life on a planet The change starts with us and we have to accept the challenge of enhancing our sixth sense to connect to a dimension of consciousness and fulfill the life's goals **Prophecy in the New Millennium** Suzanne Newcombe,Sarah Harvey,2016-04-15 Secular and

spiritual prophets of doom abound in the information rich twenty first century as they have for millennia But there has yet to be worldwide floods meteor impact global computer failure obvious alien contact or direct intervention from God to end the world as we know it Considering the frequency with which prophecy apparently fails why do prophecies continue to be made and what social functions do they serve This volume gives a concise but comprehensive overview of the rich diversity of prophecy its role in major world religions as well as in new religions and alternative spiritualities its social dynamics and its impact on individuals lives Academic analyses are complimented with contextualized primary source testimonies of those who live and have lived within a prophetic framework The book argues that the key to understanding the more dramatic apocalyptic and millenarian aspects of prophecy is in appreciating prophecy s more mundane manifestations and its role in providing meaning and motivation in everyday life *Promise of Immortality* J.
