# Kamikaze Biker

**Gary Alan Fine, Tim Hallett**

## **Kamikaze Biker:**

*Kamikaze Biker* Ikuya Sato, 1998-06-20 In this firsthand account of high risk car and motorcycle racing in Japan Ikuya Sato shows how affluence and consumerism have spawned various experimental and deviant life styles among youth Kamikaze Biker offers an intriguing look at a form of delinquency in a country traditionally thought to be devoid of social problems Ikuya Sato's *Kamikaze Biker* is an exceptionally fine ethnographic analysis of a recurrent form of Japanese collective youth deviance Sato has contributed a work of value to a wide range of scholarly audiences Jack Katz *Contemporary Sociology* A must for anyone interested in Japan juvenile delinquency and or youth behavior in general or the impact of affluence on society *Choice* The volume provides a sophisticated discussion of changes happening in Japanese society in the early 1980s As such it serves as a window on the 1990s and beyond Ross Mouer *Asian Studies Review* *Kamikaze Biker* is a superlative study one that might help liberate American social science from the simplistic notion that behavior not directly contributing to economic productivity should be summarily dismissed as dangerous and deviant Los Angeles Times Book Review

**Hogs, Blogs, Leathers and Lattes** William E. Thompson, 2012-09-18 This book combines more than 45 years of the author's riding experiences with data collected over five years of systematic observation and extensive ethnographic interviews with over 200 male and female riders Much has been written about hardcore bikers but there has been little scholarly research on the much larger segment of the population more aptly called motorcycle enthusiasts This book focuses on them the hard working plumbers truck drivers and other blue collar workers as well as the white collar executives doctors and other professionals who are mostly married have mortgages pay their bills obey the law and on weekends and holidays participate in a favorite pastime riding motorcycles

**Dangerous Games** Joseph P. Laycock, 2015-02-12 The 1980s saw the peak of a moral panic over fantasy role playing games such as Dungeons and Dragons A coalition of moral entrepreneurs that included representatives from the Christian Right the field of psychology and law enforcement claimed that these games were not only psychologically dangerous but an occult religion masquerading as a game *Dangerous Games* explores both the history and the sociological significance of this panic Fantasy role playing games do share several functions in common with religion However religion as a socially constructed world of shared meaning can also be compared to a fantasy role playing game In fact the claims of the moral entrepreneurs in which they presented themselves as heroes battling a dark conspiracy often resembled the very games of imagination they condemned as evil By attacking the imagination they preserved the taken for granted status of their own socially constructed reality Interpreted in this way the panic over fantasy role playing games yields new insights about how humans play and together construct and maintain meaningful worlds Laycock's clear and accessible writing ensures that *Dangerous Games* will be required reading for those with an interest in religion popular culture and social behavior both in the classroom and beyond

**Community Corrections** Robert D. Hanser, 2013-08-06 Offering comprehensive coverage with an applied practical perspective

Community Corrections Second Edition covers all the major topics in the field while emphasizing reintegration and community partnerships and focusing strongly on assessment risk prediction and classification Author Robert D Hanser draws on his expertise with offender treatment planning special needs populations and the comparative criminal justice fields to present a complete assessment of the issues and challenges facing community corrections today Insights into how the day to day practitioner conducts business in community corrections are illustrated by such things as the increasing role technology plays in the field

**Schooling Selves** Peter Cave, 2016-06-07 Balancing the development of autonomy with that of social interdependence is a crucial aim of education in any society but nowhere has it been more hotly debated than in Japan where controversial education reforms over the past twenty years have attempted to reconcile the two goals In this book Peter Cave explores these reforms as they have played out at the junior high level the most intense pressure point in the Japanese system a time when students prepare for the high school entrance exams that will largely determine their educational trajectories and future livelihoods Cave examines the implementation of relaxed education reforms that attempted to promote individual autonomy and free thinking in Japanese classrooms As he shows however these policies were eventually transformed by educators and school administrators into curricula and approaches that actually promoted social integration over individuality an effect opposite to the reforms intended purpose With vivid detail he offers the voices of teachers students and parents to show what happens when national education policies run up against long held beliefs and practices and what their complex and conflicted interactions say about the production of self and community in education The result is a fascinating analysis of a turbulent era in Japanese education that offers lessons for educational practitioners in any country

*Japanese Childcare* Eyal Ben-Ari, 2013-08-01 First published in 1997 This book represents an analysis of Japanese preschools as organizations as administrative frameworks This volume tackles this set of themes by examining one such institution Katsura Hoikuen Day Care Center Based on fieldwork carried out in the summer of 1988 and for a short period in October 1994 my perspective is basically ethnographic in its approach

**Driving toward Modernity** Jun Zhang, 2019-10-15 In Driving toward Modernity Jun Zhang ethnographically explores the entanglement between the rise of the automotive regime and emergence of the middle class in South China Focusing on the Pearl River Delta one of the nation's wealthiest regions Zhang shows how private cars have shaped everyday middle class sociality solidarity and subjectivity and how the automotive regime has helped make the new middle classes of the PRC By carefully analyzing how physical and social mobility intertwines Driving toward Modernity paints a nuanced picture of modern Chinese life comprising the continuity and rupture as well as the structure and agency of China's great transformation

Nightwork Anne Allison, 1994-05-28 In researching this book the author took on the role of a hostess in one of Tokyo's many hostess clubs The resulting text critically examines how such establishments create bonds among white collar men and forge a masculine identity that suits the needs of their corporations

**Agents Under Fire (Second, Expanded Edition)** Dana

Marton,2016-08-05      *Myth and Masculinity in the Japanese Cinema* Isolde Standish,2013-11-05 This study argues that in Japanese popular cinema the tragic hero narrative is an archetypal plot structure upon which male genres such as the war retro and yakuza films are based Two central questions in relation to these post war Japanese film genres and historical consciousness are addressed What is the relationship between history myth and memory And how are individual subjectivities defined in relation to the past The book examines the role of the tragic hero narrative as a figurative structure through which the Japanese people could interpret the events of World War II and defeat offering spectators an avenue of exculpation from a foreign imposed sense of guilt Also considered is the fantasy world of the nagare mono drifter or yakuza film It is suggested that one of the reasons for the great popularity of these films in the 1960s and 1970s lay in their ability to offer men meanings that could help them understand the contradictions between the reality of their everyday experiences and the ideological construction of masculinity      Group Life Gary Alan Fine,Tim Hallett,2022-10-04 Sociological analysis is replete with debates about micro and macro individual and society but all too often these miss the point interacting groups are the hinge that connects the two To understand how structures matter and how individuals navigate them we must take groups and people in local communities seriously Gary Alan Fine and Tim Hallett skillfully argue that sociologists have the obligation to examine the role of small communities in the creation of both the interaction order and structural realities With novel concepts and rich ethnographic examples this book describes how group commitments shape selves and society emphasizing the importance of a meso level approach to social organization Fine and Hallett provide new models of identity culture conflict and control and consider how a network of groups can provide insight into extended communication channels and social media lattices Ultimately they show that despite the importance of institutions and individuals group life is the fundamental building block of community This timely book makes the case for a local sociology that includes sociality It will be a welcome resource for students and sociologists and a necessary call to action for the discipline as a whole      **The Blackwell Companion to Criminology** Colin Sumner,2008-04-15 The Blackwell Companion to Criminology provides a contemporary and global resource to scholarship in both classical and topical areas of criminology Written accessibly and with its international perspective and first rate scholarship this is truly the first global handbook of criminology Editors and contributors are international experts in criminology offering a comparative perspective on theories and systems Contains full discussion of key debates and theories the implications of new topics studies and ideas and contemporary developments Coverage includes class gender and race criminal justice juvenile delinquency punishment mass media international crimes and social control      **A Sociology of Japanese Youth** Roger Goodman,Yuki Imoto,Tuukka Toivonen,2012-06-25 Over the past thirty years whilst Japan has produced a diverse set of youth cultures which have had a major impact on popular culture across the globe it has also developed a succession of youth problems which have led to major concerns within the country itself Drawing on detailed empirical fieldwork the authors of this volume set these issues in a clearly articulated social

constructionist framework and put forth a sociology of Japanese youth problems which argues that there is a certain predictability about the way in which these problems are discovered defined and dealt with The chapters include case studies covering issues such as Returnee children kikokushijo Compensated dating enjo k sai Corporal punishment taibatsu Bullying ijime Child abuse jid gyakutai The withdrawn youth hikikomori and NEETs not in education employment or training By examining these various social problems collectively A Sociology of Japanese Youth explains why particular youth problems appeared when they did and what lessons they can provide for the study of youth problems in other societies This book will be of huge interest to students and scholars of Japanese society and culture the sociology of Japan Japanese anthropology and the comparative sociology of youth studies      *Marriage in Contemporary Japan* Yoko Tokuhiko, 2009-09-25 The phenomenon of bankonka postponement of marriage is increasingly reported in contemporary Japanese media clearly illustrating the changing patterns of modern lifestyles and attitudes towards marriage personal obligation and ambition This is the first book in recent years to explore the contemporary state of marriage in Japanese society Setting out the different perceptions and expectations of marriage in today s Japan the book discusses how economic issues and the family impact on marital behaviour Contrary to the views of some feminists that young women have no interest in improving their status and position this book argues that by delaying marriage and childrearing young women can be seen as rebels challenging Japanese patriarchal society Unlike many other studies it gives equal attention to male gender roles and masculinity exploring what constitutes being a real man in Japan through the analysis of mainstream and non mainstream conceptions of masculinity that co exist in contemporary Japan and considers the implications of such different roles for the institution of marriage It investigates the roles of wife and mother articulating why the strict division of labour defining men as breadwinners and women as homemakers became popular Moreover it describes the changing character of courtship relationships explaining why the norm has shifted from arranged marriages pre 1945 to love marriages after that period Finally it puts the Japanese experience into cross cultural international context with a series of comparisons with marriage elsewhere both in Asia including in Korea and Hong Kong and in western countries such as France Sweden Italy and the United States      **Law in Everyday Japan** Mark D. West, 2010-02-15 Lawsuits are rare events in most people s lives High stakes cases are even less commonplace Why is it then that scholarship about the Japanese legal system has focused almost exclusively on epic court battles large scale social issues and corporate governance Mark D West s *Law in Everyday Japan* fills a void in our understanding of the relationship between law and social life in Japan by shifting the focus to cases more representative of everyday Japanese life Compiling case studies based on seven fascinating themes karaoke based noise complaints sumo wrestling love hotels post Kobe earthquake condominium reconstruction lost and found outcomes working hours and debt induced suicide *Law in Everyday Japan* offers a vibrant portrait of the way law intermingles with social norms historically ingrained ideas and cultural mores in Japan Each example is informed by extensive fieldwork West interviews all

of the participants from judges and lawyers to defendants plaintiffs and their families to uncover an everyday Japan where law matters albeit in very surprising ways

**South Village** Rob Hart, 2016-10-11 Ash McKenna used to be an amateur P I emphasis on amateur Despite good intentions he made a mess of his life in New York so tried to build a new one in Portland But after a traumatic turn of events he ends up on a commune in the Georgia woods binge drinking cheap whiskey and waiting for his passport to flee the country and nightmares that have followed him Then a man is found dead Known only as Crusty Pete the commune dweller is sprawled in the dirt having fallen from a high rope bridge It s written off as an accident but Ash suspects something more sinister As he looks into Pete s death Ash is shocked to find the supposedly peaceful community houses a rogue faction preparing to commit an unspeakable act of violence Ash has to make a choice run or put his skills to use and try to stop them But he doesn t know who to trust or where the faction is planning to strike As he struggles to put a stop to the violence while keeping his own demons at bay Ash finds that it s only a matter of time before one or the other puts him down for good

**The Gendered Motorcycle** Esperanza Miyake, 2018-06-14 What happens to gender at 120mph Are Harley Davidsons more masculine than Yamahas The Gendered Motorcycle answers such questions through a critical examination of motorcycles in film advertising and television Whilst bikers and biker cultures have been explored previously the motorcycle itself has remained largely under theorised especially in relation to gender Esperanza Miyake reveals how representations of motorcycles can produce different gendered bodies identities spaces and practices This interdisciplinary book offers new and critical ways to think about gender and motorcycles and will interest scholars and students of gender technology and visual cultures as well as motorcycle industry practitioners and motorcycle enthusiasts

*Comparative Criminology in Asia* Jianhong Liu, Max Travers, Lennon Y.C. Chang, 2017-07-15 This edited volume presents the diversity of comparative criminology research in Asia and the complex theoretical and methodological issues involved in conducting comparative research With contributors both from the West and the East exploring these questions the Editors have created a balanced resource as well as set an agenda for future research The increasing pace of globalization means that researchers should be armed with an understanding of how criminal justice systems work across the world In the past comparative research largely compared Western countries to each other or involved researchers from a Western perspective examining an Asian country with models and theories developed in the West considered to have universal applications This work aims to correct that gap by providing a critical examination of comparative research presenting quantitative and qualitative research data and asking new questions that challenge prevailing research norms and provide an agenda for future research This work will be of interest for researchers across the field of Criminology particularly those with an interest in International and Comparative Research research on or about Asia and related disciplines such as Sociology Demography and Social Policy This fine collection that goes to the rich distinctiveness of Asian criminology The editors have brought together a wonderful collection of authors mainly from the region The distinctiveness of values and relational practices in

Asia are recurrent themes that are well developed in this book and help us to make sense of patterns of crime and criminal justice in Asia John Braithwaite Australian National University What theoretical methodological and practical issues must we confront in conducting cross cultural studies encompassing Western and Asian countries Comparative Criminology in Asia discusses these issues and presents exemplary comparative research The introductory chapter and the introduction to each part by the co editors are lucid and highly educational This collection must be required reading for every serious scholar and aspiring graduate student in Asian countries so that criminological and criminal justice studies will be brought to a much higher level of sophistication Setsuo Miyazawa UC Hastings Can there be and should there be a distinctive Asian criminology What would this involve The answer depends on what one thinks of the universalistic explanatory claims of Western criminology Will these claims become self fulfilling as these societies add to colonial influences a more deliberate borrowing of criminal justice models and established ways of pursuing discipline of criminology Or will a more critical spirit prevail This welcome edited collection by Liu Travers and Chang provides an excellent starting point for reflecting on these and other questions Rather than attempting to provide descriptions of the variety of similarities and differences in this region though there are some fascinating case studies of these the focus is even more on exploring the theoretical approaches and methodologies used in comparing institutional and cultural differences by Asian criminologists and others David Nelken King's College London Criminologists can no longer ignore the impact of globalization on the pattern and amount of crime as we experienced recently nor can we ignore the global change of criminal justice policies to deal with crime There is therefore a desperate need to collect data on how crime and criminal justice are influenced by globalization across Asian countries On the other hand there are debates on the issue of culture specific vs pan culture theories of crime This collection addresses both issues in an interesting way Its publication is timely and welcome Chuen Jim Sheu National Taipei University

**Islands of Eight Million Smiles** Hiroshi Aoyagi, 2020-03-17 Since the late 1960s a ubiquitous feature of popular culture in Japan has been the idol an attractive young actor male or female packaged and promoted as an adolescent role model and exploited by the entertainment fashion cosmetic and publishing industries to market trendy products This book offers ethnographic case studies regarding the symbolic qualities of idols and how these qualities relate to the conceptualization of selfhood among adolescents in Japan and elsewhere in East Asia The author explores how the idol manufacturing industry absorbs young people into its system of production molds them into marketable personalities commercializes their images and contributes to the construction of ideal images of the adolescent self Since the relationship between the idols and their consumers is dynamic the study focuses on the fans of idols as well Ultimately Aoyagi argues idol performances substantiate capitalist values in the urban consumer society of contemporary Japan and East Asia Regardless of how crude their performances may appear in the eyes of critics the idols have helped establish the entertainment industry as an agent of public socialization by driving public desires toward the consumption of commoditized fantasies **Handbook on the**

**Study of Multiple Perpetrator Rape** Miranda Horvath, Jessica Woodhams, 2013-03-05 Whilst there is considerable literature on rape from various perspectives there is very little that focuses on rape committed by multiple perpetrators also referred to as group or gang rape For the first time this handbook brings together international multi disciplinary perspectives on multiple perpetrator rape The book is organised to provide readers with a comprehensive account of the thinking theorising and empirical evidence on multiple perpetrator rape to date Aspects covered include different contexts in which multiple perpetrator rape occurs such as gangs war fraternities South Africa experiences of women and girls as victims and perpetrators offence characteristics such as leadership and role taking aggression and violence the importance of group size the prosecution of and treatment of offenders and approaches to prevention The contributions to this collection are written by leading academics and practitioners from a variety of disciplines who bring together research and practice on multiple perpetrator rape by presenting new data from a strong theoretical and contextual base This book will be a key text for students and academics studying multiple perpetrator rape and an essential reference tool for professionals working in the field including police officers educationalists forensic psychologists youth workers probation staff lawyers judges and policy makers

If you ally need such a referred **Kamikaze Biker** ebook that will present you worth, get the agreed best seller from us currently from several preferred authors. If you desire to humorous books, lots of novels, tale, jokes, and more fictions collections are as well as launched, from best seller to one of the most current released.

You may not be perplexed to enjoy all books collections Kamikaze Biker that we will no question offer. It is not approaching the costs. Its more or less what you compulsion currently. This Kamikaze Biker, as one of the most full of zip sellers here will no question be in the course of the best options to review.

### **Kamikaze Biker Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Kamikaze Biker PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and

professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Kamikaze Biker PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Kamikaze Biker free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About Kamikaze Biker Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Kamikaze Biker is one of the best book in our library for free trial. We provide copy of Kamikaze Biker in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Kamikaze Biker. Where to download Kamikaze Biker online for free? Are you looking for Kamikaze Biker PDF? This is definitely going to save you time and cash in something you should think about.
