Classics in Russia 1700-1855 Marinus A. Wes, 1992-09-01 The author shows how the history of the classical tradition in Russia cannot be separated from the history of Russia's orientation to Western Europe in general His book based on many little known and previously unexplored Russian materials is the result of the first comprehensive research on the study of the Greek and Roman classics in Russia and its sociocultural utopian as well as ideological function within the framework of Russian cultural and intellectual history and Russian educational policy from the accession of Peter the Great to the death of Nicholas I A tradition does not exist apart from the people who adhere to it and the networks they create in order to ensure some kind of growth and continuity Therefore the author has ordered his material into an interpretive framework based on a prosopographical approach towards the subject Among specific writers and poets discussed are Pushkin Gogol Goncharov and Turgenev **Memoir on Ancient and Modern Russia** Nikolai Mikhailovich Karamzin, Richard Pipes, 1974 Essays on Karamzin Joel L. Black, 2012-02-13 No detailed description available for Essays on Karamzin **Michael Speransky Statesman of Imperial Russia 1772-1839** M. Raeff, 2012-12-06 An autocracy tempered by assassination clever foreigners used to say about the Russian empire in the 18th and 19th centuries With this bon mot the average curiosity about the Tsars government was satisfied and there seemed to be no need to look further into the matter There was on the surface of things some justification for such a definition many rulers had suffered violent death and little did the autocracy abate between 1725 and 1905 The impression created by travelers by historians and journalists as well as by Russia's own discontented intelligentsia was that nothing really ever changed in Russia that the autocracy was the same in 1905 as it had been at the death of Peter the Great in 1725 Not that the outside world had remained ignorant of the efforts at reform the changes and the modernization wrought in Russia since the day Peter I had cut a window into Europe But the prevailing opinion was that such changes as occurred were merely external and did not affect the fundamental structure of the government or of society

Jews and the Imperial State Eugene M. Avrutin, 2018-07-05 At the end of the eighteenth and beginning of the nineteenth centuries a gradual shift occurred in the ways in which European governments managed their populations In the Russian Empire this transformation in governance meant that Jews could no longer remain a people apart The identification of Jews by passports vital statistics records and censuses was tied to the growth and development of government institutions

the creation of elaborate record keeping procedures and the universalistic challenge of documenting populations In Jews and the Imperial State Eugene M Avrutin argues that the challenge of knowing who was Jewish and where Jews were evolved from the everyday administrative concerns of managing territorial movement ethnic diversity and the maze of rights special privileges and temporary exemptions that composed the imperial legal code Drawing on a wealth of previously unexplored archival materials Avrutin tells the story of how one imperial population the Jews shaped the world in which they lived by negotiating with what were often perceived to be contradictory and highly restrictive laws and institutions Although scholars have long interpreted imperial policies toward Jews in essentially negative terms this groundbreaking book shifts the focus by analyzing what the law made possible Some Jews responded to the system of government by circumventing legal statutes others by bribing converting or resorting to various forms of manipulations and still others by appealing to the state with individual grievances and requests

Russian Conservatism Glenn Diesen, 2021-01-12 Russian conservatism is making a forceful return after a century of

experimenting with socialism and liberalism Conservatism is about managing change by ensuring that modernization evolves organically by building on the past Conservatism has a natural attraction for Russia as its thousand year long history is largely characterized by revolutionary change the destructive process of uprooting the past to give way to modernity Navigating towards gradual and organic modernization has been a key struggle ever since the Mongols invaded in the early 13th century and decoupled Russia from Europe and the arteries of international trade Russian history has consisted of avoiding revolutions that are either caused by falling behind on modernization or making great leaps forward that disrupts socio economic and political traditions Russian conservatives are now tasked with harmonizing the conservative ideas of the 19th century with the revolutionary changes that shaped Russia in the 20th century The rise of Asia now provides new opportunities as it enables Russia to overcome its fixation on the West and develop a unique Russian path towards modernization that harmonizes its Eurasian geography and history *Russia and the Idea of Europe* Iver B. Neumann,1996 Drawing on a wide array of Russian sources Iver Neumann outlines the Russian debate about Europe it unfolded over the last 200 years *Nineteenth-Century Russia* Derek Offord,2014-05-12 This new Seminar Study provides students with a rewarding introduction to nineteenth century Russia This period of Russian history is of course characterised by the flowering of an enormously rich intellectual and cultural life the origins of which lie in the intelligentsia s opposition to autocratic rule Here Professor Offord introduces the reader to the period while focusing particularly on the rise of radicalism The book opens with two scene setting chapters one looking at the political and social structure peculiar to Russia and the second looking at the cultural and intellectual background Then within a chronological framework the author examines all the great events in the history of Russian radicalism from the Decembrist Revolt in 1825 to the going to the people in 1874 and the assassination of Alexander II in 1881 However throughout the text sustained attention is given to the intellectual dimension of nineteenth century Russian history Professor Offord examines all the major schools of thought and looks in detail at all the great thinkers of the day including Chaadaev Belinsky Herzen Chernyshevsky Bakunin and Tolstoy This new book will provide essential reading for anyone studying nineteenth century Russia Lucid accessible and immensely readable it is a formidable achievement **Pillars of the Profession** Jonathan Daly,2018-09-24 Richard Pipes and Marc Raeff were two of the most prolific and influential historians of Russia that America ever produced They met at Harvard in 1946 and went on for most of the following six decades to debate history share ideas comment on each other s work and inspire one another intellectually In *Pillars of the Profession The Correspondence of Richard Pipes and Marc Raeff* Jonathan Daly presents the 158 letters these scholars and friends exchanged from 1948 until 2007 Thoughtful introductory and concluding essays detailed annotations a wealth of photographs and other illustrations a chronology of major events and four maps make this volume an important addition to Russian historiography **Russia in the Age of Reaction and Reform 1801-1881** David Saunders,2014-07-30 This eagerly awaited study of Russia under Alexander I Nicholas I and Alexander II the Russia of
