The Translatability of Revolution Pu Wang, 2020-10-20 The first comprehensive study of the lifework of Guo Moruo 1892-1978 in English this book explores the dynamics of translation revolution and historical imagination in twentieth century Chinese culture Guo was a romantic writer who eventually became Mao Zedong's last

poetic interlocutor a Marxist historian who evolved into the inaugural president of China's Academy of Sciences and a leftist politician who devoted almost three decades to translating Goethe's Faust His career embedded in China's revolutionary century has generated more controversy than admiration Recent scholarship has scarcely treated his oeuvre as a whole much less touched upon his role as a translator Leaping between different genres of Guo's works and engaging many other writers texts *The Translatability of Revolution* confronts two issues of revolutionary cultural politics translation and historical interpretation Part 1 focuses on the translingual making of China's revolutionary culture especially Guo's translation of Faust as a development of *Zeitgeist* Part 2 deals with Guo's rewritings of antiquity in lyrical dramatic and historiographical paleographical forms including his vernacular translation of classical Chinese poetry Interrogating the relationship between translation and historical imagination within revolutionary cultural practice this book finds a transcoding of different historical conjunctures into now time saturated with possibilities and tensions

Karl Marx's Social and Political Thought Bob Jessop, Russell Wheatley, 1999 **Marxism Goes to the Movies** Mike Wayne, 2019-11-28 Introducing the key concepts and thinkers within the Marxist tradition *Marxism Goes to the Movies* demonstrates their relevance to film theory and practice past and present Author Mike Wayne argues that Marxist filmmaking has engaged with and transformed this popular medium developing its potential for stimulating revolutionary consciousness As the crisis of capitalism deepens this history and these resources are vital for a better future Marxism is one of the few approaches that can bring together political economic formal and cultural analysis into a unified approach of studying film and how films in turn can help us understand and even critically interrogate these forces The book examines how filmmakers who have been influenced by Marxism have made some of the most significant contributions to film culture globally and provides historical perspective on the development of Marxism and film Each chapter covers a broad theme that is broken down into sections that are cross referenced throughout providing helpful navigation of the material Clear and concise in its arguments this is an ideal introduction for students of Marxism and film inviting readers to deepen their knowledge and understanding of the subject

The Ethnological Imagination Fuyuki Kurasawa, 2004 Fuyuki Kurasawa unearths what he terms the ethnological imagination a substantial countercurrent of thought that interprets and contests Western modernity's existing social order through comparison and contrast to a non Western other Kurasawa traces and critiques the writings of some of the key architects of this way of thinking Jean Jacques Rousseau Karl Marx Max Weber Emile Durkheim Claude Levi Strauss and Michel Foucault In the work of these thinkers Kurasawa finds little justification for two of the most prevalent claims about social theory the wholesale postmodern dismissal of the social theoretical enterprise because of its supposedly intractable ethnocentrism and imperialism or on the other hand the traditionalist and historicist revival of a canon stripped of its intercultural foundations Kurasawa's book defends a cultural perspective that eschews both the false universalism of end of history scenarios and the radical particularism embodied in the vision of the clash of civilizations It contends that the

ethnological imagination can invigorate critical social theory by informing its response to an increasingly multicultural world a response that calls for a reconsideration of the identity and boundaries of the West **Charles Darwin** Michael

Bensaïd,2020-05-05 The end of Soviet Socialism signalled to some observers that the ghost of Marx had finally been laid to rest But history s refusal to grind to a halt and the global credit crisis that began in 2008 have rekindled interest in capitalism s most persistent critic Written during the mid nineties a period of Western complacency and neo liberal reaction Marx for Our Times is a critical reading of dialectical materialism as a method of resistance Without denying the contradictory character of Marx s thought and with a sensitivity to the plurality of theories it has inspired Daniel Bensaïd sets out to discover what in Marx remains dynamic and relevant in our era of accelerating economic change Marx s theory emerges not as a doctrinal system but as an intellectual tool of social struggle and global transformation in a world where capital continues to dominate social relations Letters to Martin Randal Maurice Jelks,2022-01-11 You ll find hope in these
