Marxism, Religion and Ideology David Bates, Iain MacKenzie, Sean Sayers, 2015-10-05

As austerity measures are put into place the world over and global restructuring is acknowledged by all as an attempt to bolster the economic system that led to the crash there is a great need to come to grips with the economic political and philosophical legacy of Marx Of particular interest are Marx's analyses of alienation and the cycles of boom and bust thought to be integral to the functioning of capitalism Moreover as the Cold War drifts into the history books it is possible to reconsider the lasting impact of Marx's analyses without the shadows cast by the Soviet version of communism Equally though scholars are increasingly turning to Marx for insight into the rise of religion and the corresponding demise of political ideologies that seems to mark the contemporary age Are we witnessing the return of Marx Few scholars have done as much to tease out the intricacies of Marx ideology and religion and their overlapping concerns as the eminent writer and Marx biographer Professor David McLellan This book brings together a group of internationally renowned academics to reflect upon develop and criticise McLellan's analyses of these three themes with a view to contributing more broadly to scholarly debates in these fields This exciting and timely analysis will be of interest to scholars of political theory the history of political thought including historical methodology Marx and Marxism sociology of knowledge particularly in relation to discussions of ideology religion and theology more widely

Love and Capital Mary Gabriel, 2011-09-14 Brilliantly researched and wonderfully written Love and Capital reveals the rarely glimpsed and heartbreakingly human side of the man whose works would redefine the world after his death Drawing upon previously unpublished material acclaimed biographer Mary Gabriel tells the story of Karl and Jenny Marx's marriage Through it we see Karl as never before a devoted father and husband a prankster who loved a party a dreadful procrastinator freeloader and man of wild enthusiasms one of which would almost destroy his marriage Through years of desperate struggle Jenny's love for Karl would be tested again and again as she waited for him to finish his masterpiece Capital An epic narrative that stretches over decades to recount Karl and Jenny's story against the backdrop of Europe's Nineteenth Century Love and Capital is a surprising and magisterial account of romance and revolution and of one of the great love stories of all time

Another Marx Marcello Musto, 2018-05-03 Following the

break up of the Soviet Union Marx was regarded as a thinker doomed to oblivion about whom everything had already been said and written However the international economic crisis of 2008 favoured a return to his analysis of capitalism and recently published volumes of the Marx Engels Gesamtausgabe MEGA2 have provided researchers with new texts that underline the gulf between Marx's critical theory and the dogmatism of many twentieth century Marxisms This work reconstructs with great textual and historical rigour but in a form accessible to those encountering Marx for the first time a number of little noted or often misunderstood stages in his intellectual biography The book is divided into three parts The first Intellectual Influences and Early Writings investigates the formation of the young Marx and the composition of his Parisian manuscripts of 1844 The second The Critique of Political Economy focuses on the genesis of Marx's magnum opus beginning with his studies of political economy in the early 1850s and following his labours through to all the preparatory manuscripts for Capital The third Political Militancy presents an insightful history of the International Working Men's Association and of the role that Marx played in that organization The volume offers a close and innovative examination of Marx's ideas on post Hegelian philosophy alienated labour the materialist conception of history research methods the theory of surplus value working class self emancipation political organization and revolutionary theory From this emerges another Marx a thinker very different from the one depicted by so many of his critics and ostensible disciples
