Karmic relationships .. R. Steiner, 1957 Karmic Relationships: Volume 4 Rudolf Steiner, 2013-11-06 These lectures examine the underlying laws inherent in reincarnation and karma This volume focuses on the karmic groups of souls connected to Aristotelianism and Platonism the karma of the anthroposophical movement as well as the individual incarnations of Ernst Haeckel Vladimir Solovioff and others This new edition also includes Steiner's last address **LIFE OF THE HUMAN SOUL** Rudolf Steiner, 2016-11-14 How are we connected to the world around us This question says Rudolf Steiner is one that lives subliminally drawing us into the depths of the psyche There our candle of consciousness tends to flicker and go out But spiritual schooling can relight it so that we learn to perceive realms of our being beyond the restricted self Whilst Steiner was undertaking major lecture tours of Germany and England he took time to address his followers at the world centre of anthroposophy in Dornach Switzerland He speaks here on three major topics The Life of the Human Soul Spiritual Striving in Relation to Earth's Evolution and The Contrast Between East and West The common theme however is our mutual responsibility for what the human being and the world will eventually become which according to Steiner is far from a foregone conclusion Even the way we think can change and affect the future the degree for example to which we concentrate our picturing in meditation infusing head thinking with warmth of heart Rudolf Steiner reveals a hugely complex picture of interrelationships between humanity and the cosmos Our head heart lungs and limbs all reveal subtly different qualities of connection with the invisible realities that continue to sustain us Our eyes for instance only gradually evolved into organs of sight and were once vital organs as our lungs are now The lungs in turn will similarly evolve to provide us with another form of perception As is usually the case Steiner addresses a wide variety of topics in addition to those above Included in this volume are thoughts on the significance of the cinema the nature of the halo technology as the true foundation of the modern worldview asceticism in the Middle Ages the world of machines and the world of rite and worship yoga and modern meditation exercises pain as an awakener of knowledge the emergence of the belief in ghosts and the connection between stomach acid and soul qualities **The Human Spirit** Rudolf Steiner, 2016-03-21 To live in truth to wish to be true in one's whole being will be the watchword of the future Rudolf Steiner In the midst of the lies and propaganda of the Great War Rudolf Steiner struggled to convey the truths of the human spirit The truth asserted by partisan interests he suggested was invariably tinged with dishonesty whether the outright mendacities of politicians and rulers Steiner refers here to the machinations of the British Empire or the manipulative techniques of secret societies intent on securing and shoring up their own power In relation to the latter Rudolf Steiner highlights how whilst we tend to reject overt authority nowadays we succumb more easily to its covert forms in the received wisdoms we often unthinkingly adopt In seeking to help his audiences discern the spiritual struggle unfolding behind outer events Steiner describes how the intrigues that led to the war were based on intentional deceit which served hidden aims of which the public was mostly kept in the

dark In contrast to the divisiveness of untruth truth is based on a realization of the interconnectedness of all things of interdependence between the realms below and above us The I upon which all evolution on earth is predicated signifies an overcoming of egotism and narrow interests together with the imaginative embrace of all beings Its spiritual reality that descends to us from non material worlds and towards which we evolve through earthly lives is the epitome of truth Amidst many other topics covered here Rudolf Steiner speaks about The Qur an and the Mystery of Golgotha Henry VIII Thomas More and the Church of England the Jesuits and their State in Paraguay Freemasons esoteric symbols and handshakes Madame Blavatsky s occult imprisonment by Anglo Saxon brotherhoods Dostoyevsky s The Brothers Karamazov and the occult literature of Papus and L vi *David's Question* Edward Reaugh Smith,2001-11 This collection of the astronomical writings by Dr Elisabeth Vreede is a fascinating compendium of scientific and spiritual knowledge Between September 1927 and August 1930 Dr Vreede wrote a monthly letter available by subscription about both modern astronomy and classical astrology in the light of spiritual science These letters include clear explanations of the fundamentals of astronomy and discussions on the role of astrology in the modern world They also include inspiring presentations of a worldview that sees the stars planets and all physical phenomena as manifestations of spiritual beings and spiritual activities A previous edition was published as *Anthroposophy and Astrology* *The Book of Revelation* Rudolf Steiner,2013-05-14 John s Book of Revelation the Apocalypse has been subjected to countless interpretations by theologians over the years mostly based on theory and speculation In contrast Rudolf Steiner spoke from his own direct experience and knowledge of the spiritual truths contained in St John s mysterious pictures Although he had previously presented his insights into the Book of Revelation a number of times in 1924 Steiner ventured to give a completely new perspective in response to a request by priests of The Christian Community by relating the subject closely to the work of the modern priest These priests felt the need to achieve a closer relationship with the Book of Revelation he wrote later I believed I would be able to contribute to such a closer relationship The spiritual paths I follow had enabled me to trace the apocalypticist s footsteps So I felt that with this course of lectures I would be able to achieve a depiction that would convey this priestly book in its true sense as a spiritual guide for the priest **The Aims of Anthroposophy** Rudolf Steiner,2020-06-04 In his final lectures to the general public Rudolf Steiner speaks with great clarity and purpose about the inner and outer necessity of the anthroposophical impulse in modern times Following the fire that destroyed the first Goetheanum building in Dornach Switzerland Steiner had focused his efforts on rebuilding and reorganizing the Anthroposophical Society But he also continued to travel and speak to the public in Prague Vienna and Basel to explain the purpose of the Goetheanum and to elucidate the broader aims of his spiritual work These lectures including a semi public series in Dornach are gathered here and published in English for the first time together with an introduction notes and index The volume features the following lectures The Purpose of the Goetheanum and the Aims of Anthroposophy Enhancing Human Powers of Perception to Develop Imagination Inspiration and Intuition

Human Soul Life and the Development of Imagination Inspiration and Intuition Experience and Perception of the Activities of Thinking and Speech The Physical World and Moral Spiritual Impulses Four Stages of Inner Experience Perceiving the Etheric World Soul's Eternity in the Light of Anthroposophy Human Development and Education in the Light of Anthroposophy Supersensible Perception Anthroposophy as a Contemporary Need Anthroposophy and the Ethical and Religious Life How Do We Gain Knowledge of the Supersensible World OUR CONNECTION WITH THE ELEMENTAL WORLD Rudolf Steiner, 2016-11-14 The heart of this volume comprises Rudolf Steiner's commentary on the elemental forces that are responsible for our earthly nature as human beings forces that influence us through our membership of a national or geographical group When such elemental forces are not recognised and understood he states they cause conflict and chaos However Steiner indicates an important accompanying task that calls upon each human being to develop individuality emancipating ourselves from the earthly influences underlying national and racial groups These great themes are framed by Rudolf Steiner's pioneering research into the two major Northern folk poems the Kalevala and The Dream Song of Olaf steson The former tells of the elemental spirits who created the conditions for our earthly incarnation whereas the Dream Song has to do with the drama of exarnation the journey of the human soul after death Linking these vast motifs is Steiner's unique description of the mission and tasks of the Russian people and the contrast of their destiny to the North American people who he says are dominating the Earth for a brief period of increasing splendour Steiner explains how elemental beings responsible for the balance of land and sea have created conditions where various peoples are enabled to develop their gifts and fulfil their destinies Thus he speaks of Finland as the ancient conscience of Europe Russia as the future bearer of the Christ imbued Spirit Self and the differing but complementary environments of Germany and Britain Strikingly he states that no souls on Earth love one another more than those living in Central Europe and those living in the British Isles Rudolf Steiner also speaks of the necessary work of luciferic and ahrimanic beings that collaborate to enable the solid spatial forms of our physical bodies Likewise they influence our etheric and astral bodies facilitating thinking feeling and will to be imbued with life and consciousness UNDERSTANDING SOCIETY Rudolf Steiner, 2017-11-27 In the uncertainty following the end of the First World War Rudolf Steiner perceived a unique opportunity to establish a healthy social and political constitution He began lecturing throughout post war Germany often to large audiences about his social ideas Here speaking to a more intimate grouping at the Goetheanum in Dornach Switzerland Steiner seeks to deepen the themes of social threefolding showing specifically how new social thinking is integral to anthroposophy Steiner speaks of the superficiality of the materialistic view of history originating with the economic shift amongst the population at the time of the Reformation Back in Egyptian Chaldean times initiates ruled out of spiritual impulses Later in the Greco Roman period priests had power over their congregations Today homo economicus or economic man has become the dominant idea with the capitalist and the banker taking control But the healing of social relationships can only come about through different modes of thought the life

of spirit must be separated not only from politics but also from economics True social understanding allows for comprehension of karma the appreciation of each person s individual destiny In parallel says Steiner we should work towards a global consciousness as true social ideas are founded on people feeling themselves to be citizens of the world In an important corollary Steiner studies the incarnations of three significant spiritual beings in human evolution Lucifer Christ and Ahriman Lucifer incarnated in the third pre Christian millennium Christ incarnated at the dawn of a new age whilst an incarnation of Ahriman in the West is immanent Ahriman is preparing this incarnation by insidiously promoting various ideas for example that economic security is sufficient for healthy public life A new wisdom must be achieved out of free human will says Steiner or else we will succumb to Ahriman

The Bhagavad Gita and the West Rudolf Steiner, 2006-12 5 lectures Cologne Dec 28 1912 Jan 1 1913 CW 142 9 lectures Helsinki May 28 June 5 1913 CW 146 1 lecture Basel Sept 19 1912 CW 139 This combination of two volumes in Rudolf Steiner s Collected Works presents Steiner s profound engagement with Hindu thought and above all the Krishna in the Bhagavad Gita as they illuminate Western Christian esotericism In his masterly introduction Robert McDermott a longtime student of Rudolf Steiner as well as Hindu spirituality explores the complex ways in which the Song of the Lord or Bhagavad Gita has been understood in East and West He shows how Krishna s revelation to Arjuna a foundation of spirituality in India for more than two and a half millennia assumed a similarly critical role in the Western spiritual revival of the nineteenth and twentieth centuries In the West for instance leading up to Steiner s engagement McDermott describes the various approaches manifested by Emerson Thoreau H P Blavatsky and William James In the East he engages with interpretations of historical figures such as Mahatma Gandhi and Sri Aurobindo relating them to Steiner s unique perspective In addition and most important he illumines the various technical terms and assumptions implicit in the worldview expressed in the Bhagavad Gita The main body of *The Bhagavad Gita and the West* consists of two lecture courses by Rudolf Steiner *The Bhagavad Gita and the Epistles of Paul* and *The Esoteric Significance of the Bhagavad Gita* In the first course his main purpose is to integrate the flower of Hindu spirituality into his view of the evolution of consciousness and the pivotal role played in it by the Mystery of Golgotha the incarnation death and resurrection of Jesus Christ Steiner views Krishna as a great spiritual teacher and the Bhagavad Gita as a preparation though still abstract for the coming of Christ and the Christ impulse as the living embodiment of the World Law and Devotion represented by the three Hindu streams of Veda Sankhya and Yoga For Steiner the epic poem of the Bhagavad Gita represents the fully ripened fruit of Hinduism whereas Paul is related but represents the seed of something entirely new In the last lecture of part one Steiner reveals Krishna as the sister soul of Adam incarnated as Jesus and claims Krishna s Yoga teachings streamed from Christ into Paul In the second lecture course five months later Steiner engages the text of the Bhagavad Gita on its own terms as signaling the beginning of a new soul consciousness To aid in understanding both of these important cycles this book includes the complete text of the Bhagavad Gita in Eknath Easwaran s luminous translation In our age when East and West

are growing closer and we live increasingly in a global intercultural and religiously pluralistic world this remarkable book is required reading The Bhagavad Gita and the West is a translation of two volumes in German Die Bhagavad Gita und die Paulusbriefe CW 142 and Die okkulten Grundlagen der Bhagavad Gita CW 146 The lecture in the appendix is translated from Das Markus Evangelium CW 139 and was published in The Gospel of St Mark Anthroposophic Press 1986

The Healing Process Rudolf Steiner, 2010-10 11 lectures Aug 28 1923 Aug 29 1924 CW 319 The anthroposophical approach to medicine and healing has been waiting in the wings of conventional Western medicine for more than seventy five years Now with the burgeoning acceptance of alternative natural medicine in North America anthroposophical medicine may finally take its rightful place at center stage Why Because it offers something that both alternative and conventional models lack a spiritual model of the human encompassing states of health and illness from the foreword Rudolf Steiner a scientist by training lectured and wrote at different times on medical subjects and advised physicians on their work His view of medicine was both unconventional and precise He could describe based on his highly developed powers of observation and his spiritual research processes of health and disease that escape conventional methods of medical observation In all his lectures to doctors and in his explanations of anthroposophic medicine Steiner emphasized that his medical concepts are not intended to replace conventional Western medicine but to extend it diagnosis and healing methods are expanded to include our soul and spirit In these broadly ranging talks Steiner introduces fundamental principles of anthroposophically extended medicine Some of the most remarkable insights that anthroposophy brings to medicine are contained in this volume For example Steiner points out that the heart is not a pump and that its motion is a consequence not the cause of rhythmic movements in human beings Rudolf Steiner's model of a spiritualized medicine could hold the key for the next growth phase in Western medicine if it is to survive flourish and become consistently and deeply therapeutic instead of merely palliative from the foreword Topics include Health problems such as hay fever migraine sclerosis cancer and childhood diseases The polarity between nerve and liver cells The functions of the spleen and the gallbladder The three basic systems sensory nervous rhythmic and metabolic limb Regenerative and degenerative processes The true nature of the nervous system Suggestions for the use of minerals plants and artistic therapies The Healing Process is a translation of Anthroposophische Menschenkenntnis und Medizin GA 319

Inner Experiences of Evolution Rudolf Steiner, 2006-03 5 lectures in Berlin October 31 1911 December 5 1911 CW 132 In this most remarkable and in many ways unique course of lectures Rudolf Steiner describes the inner experience of the states of consciousness known as the Saturn Sun Moon and Earth stages of evolution Lecture by lecture Steiner details the experiences of these states available to one who practices the spiritual scientific path of meditation By this means these stages and states gain an unexpected and existential reality suddenly we recognize what Steiner is talking about Most remarkable of all perhaps is the description of the Earth state with its experience of death which Christ knew on the Cross at Golgotha transforming earthly and human evolution LECTURES The Inner Aspect of the Saturn Embodiment of the Earth The

Inner Aspect of the Sun Embodiment of the Earth The Inner Aspect of the Sun Embodiment of the Earth and the Transition to the Moon Embodiment The Inner Aspect of the Moon Embodiment of the Earth The Inner Aspect of the Earth Embodiment of the Earth Inner Experiences of Evolution is a translation from German of Die Evolution vom Gesichtspunkte des Wahrhaftigen GA 132 These lectures were previously included as part of The Spiritual Hierarchies the Physical World Reality and Illusion 1996 A previous translation also appeared as Evolution in the Aspect of Realities Garber *First Steps in Christian Religious Renewal* Rudolf Steiner, 2010-11 6 lectures and 2 discussions in Stuttgart June 12 16 1921 CW 342 The lectures and discussions presented in First Steps in Christian Religious Renewal make up the first of the five Priest Courses They record the first steps of the remarkable journey taken in 1921 by a small group of dedicated souls who out of their own inner needs and guided by Rudolf Steiner sought a path to Christian religious renewal Addressing the group with warm intimacy Steiner frames their task not primarily in theological terms but as a need for a renewing the religious or the working of the religious element as such For this the sermon or how we speak is central for today we must use language in new ways We cannot reopen the spiritual worlds by starting from old conditions Traditional religious life has become too corrupted while modern culture has radically changed and become divorced from tradition In earlier times people could understand concepts such as Christ grace and salvation but now we need a new starting point one that begins with the reality that we cannot teach anything we do not believe and have not experienced When we speak images and symbols must be experienced as real we can no longer hold the split view that accepts both modern science as it is and spiritual reality as it is Next Steiner turns to the group's stated concerns ritual the sermon community building and the relationship between these and individual efforts to awaken to the I Here a question arises about the extent to which such matters should become conscious The question arises How do we avoid conscious religious content from becoming abstract intellectual and cut off from feeling All too often intellect is confused with consciousness Yet Goethe for one was certainly conscious and was able to think pictorially and live in images without falling into intellectuality We too must learn to do so In a sense however even this is secondary Community building which requires finding what lives and weaves between human beings is the key To bring the community to birth Steiner advises the group to abandon teaching or exercising power through words and concepts Instead of focusing on knowledge of God theology they must find a way to communicate actual life in God experience of the divine within the soul This means that they must learn to live in a content that is greater and beyond what they can speak Thus the importance of ritual which must remain simple while expressing inner transformation of the human being or the en Christing imbuing the human being with Christ Steiner explains Human beings are not born imbued with Christ beforehand by way of inheritance they must find the Christ in themselves Such transformation en Christing can be expressed symbolically in many ways through simple effective ritual First Steps in Christian Religious Renewal is a translation from German of Vorträge und Kurse über christlich religiöses Wirken Bd 1 Anthroposophische Grundlagen für ein erneuertes

christlich religiös wirken GA 342 *Freedom of Thought and Societal Forces* Rudolf Steiner, 2008-11 13 lectures Stuttgart October 3 15 1922 CW 217 This cycle of lectures to the younger generation speaks of a pathway to a Michaelic harvest for ears that have the goodwill to hear Carlo Pietzner Rudolf Steiner presented these lectures to about a hundred German young people who hoped to bring Waldorf education into the culture of their time and for the future Steiner stressed upon his listeners the great importance of self education as a prerequisite to all other education His was an attempt to guide the youth toward understanding themselves within the world situation Steiner showed how the stream of generations had been interrupted by eighteenth century intellectualism emphasizing that they would have to reject the general acceptance of impersonal social routine dead intellectual thinking and personal and social egoism Steiner discussed the need instead for a form of education permeated by art and feeling which brings inner nourishment that can grow throughout one's life It was his view that without such an education society will not reach a future built on moral love and mutual human confidence a truly human culture A previous edition of these lectures was published as *The Younger Generation Educational and Spiritual Impulses for Life in the Twentieth Century* 1967 Original German title *Geistige Wirkenskräfte im Zusammenleben von alter und junger Generation Pädagogischer Jugendkurs* GA 217 This Collected Works edition includes a new introduction notes and an index *Approaching the Mystery of Golgotha* Rudolf Steiner, 2009-04-09 Truths cannot be transmitted simply as stable dogmas Truths are always of a given moment and at each moment must be grasped anew This demands at each moment a renewed activity in relation to the human gift of understanding Jürgen Smit from the foreword The goal of this study is to cultivate the experience of living intuitive thinking such as we experience with every new understanding As K. H. Lewin puts it this unique contribution to practice of anthroposophy has a twofold purpose to stimulate working with spiritual science through exercises and to stimulate independent new formulations of its content on the basis of experience Working with Anthroposophy will help guide beginning students and inspire longtime students of the path opened up by Rudolf Steiner As with all of K. H. Lewin's works this book opens new insights with each reading *Becoming the Archangel Michael's Companions* Rudolf Steiner, 2006-12 13 lectures Stuttgart October 3 15 1922 CW 217 This cycle of lectures to the younger generation speaks of a pathway to a Michaelic harvest for ears that have the goodwill to hear Carlo Pietzner Rudolf Steiner presented these lectures to about a hundred German young people who hoped to bring Waldorf education into the culture of their time and for the future Steiner stressed upon his listeners the great importance of self education as a prerequisite to all other education His was an attempt to guide the youth toward understanding themselves within the world situation Steiner showed how the stream of generations had been interrupted by eighteenth century intellectualism emphasizing that they would have to reject the general acceptance of impersonal social routine dead intellectual thinking and personal and social egoism Steiner discussed the need instead for a form of education permeated by art and feeling which brings inner nourishment that can grow throughout one's life It was his view that without such an education society will not reach a

future built on moral love and mutual human confidence a truly human culture A previous edition of these lectures was published as *The Younger Generation Educational and Spiritual Impulses for Life in the Twentieth Century* 1967 Original German title *Geistige Wirkenskräfte im Zusammenleben von alter und junger Generation Pädagogischer Jugendkurs GA 217* This Collected Works edition includes a new introduction notes and an index *Healing the Social Organism* Rudolf Steiner, 2024-11-18 Speaking just months after the end of the First World War Rudolf Steiner urges his audience to awaken to the practical relevance of spiritual knowledge Serious engagement with contemporary spiritual scientific concepts can awaken healthy forces of the will which in turn facilitate constructive action in the outer world Conversely ideas that are remnants of a previous age echoed in empty phrases and dogmas only hinder our ability to think with the consciousness demanded by the times destroying the potential for true social initiative The historical context of these lectures was indeed disastrous with inflation hunger homelessness and political extremism all rife But Steiner advises that social conditions will only get worse if people don't engage with modern spiritual impulses Thus in contrast to the backward phenomenon of nationalism and the contemporary caricature of democracy he introduces the future oriented concept of social threefolding He discusses manifold challenges such as the decline of the West and the outmoded spiritual impulses of Jesuitism and Freemasonry but also the positive path for an ascent of Western societies genuine spiritual medicine the true message of Easter and the victory of the Archangel Michael In several lectures Rudolf Steiner speaks in some detail about the role and structure of the Catholic Church the historical use of encyclicals and the doctrine of Papal Infallibility The first full translation of this course features an introduction by Dorothy Hinkle Uhlig notes and an index Seventeen lectures Dornach Mar Jul 1920 GA 198

Goetheanism Rudolf Steiner, 2024-10-28 There will be a resurrection a resurrection that should not be imagined politically but it will be a resurrection Goetheanism still rests in the grave as far as external culture is concerned But Goetheanism must rise again In the first winter following the Great War Rudolf Steiner appealed to the spirit of Central Europe which he characterized as Goetheanism that had been languishing for decades Only such a spiritual force could provide answers to the pressing social national and international questions of the time A new constellation of polar hostile opposition had emerged after the war with the East and Bolshevism on one side and the victorious West and Americanism on the other In the middle with no apparent role or hope for the future was the defeated Central Europe But this centre beseeched Steiner should not become a vacuum Rather it needs to discover its true world historical task In this context with deep seriousness and urgency Rudolf Steiner speaks of the work of Goetheanism which begins with understanding the threefold human being and leads to threefolding the social organism Steiner goes on to describe the decisive role of the consciousness soul in the present epoch and how Schiller's Aesthetic Letters and Goethe's Fairy Tale relate to contemporary challenges He discusses a multitude of seemingly diverse but interrelated themes such as the migration of peoples in the past and present the thinking of John of the Cross and the modern path of spirit cognition The

first English publication of these lectures features an introduction by Christian von Arnim notes and an index Twelve lectures Dornach Jan Feb 1919 GA 188 The Human Being as Spiritual Being Evolving through the Course of History Rudolf Steiner,2025-05-19 If we lived only in worlds of spirit as we do between death and a new birth we would never be able to acquire freedom there It is something we can only achieve by our efforts within the physical world Rudolf Steiner Rudolf Steiner's lucid account of our current phase of evolution focuses on the threefold human being and the significance of incarnation on Earth In a nuanced presentation he supports the modern scientific outlook but highlights the urgent need to broaden it emphasizing the importance of balance in thinking feeling and will Withdrawing into abstract intellectualism while letting feeling and will run amok leads to unconscious egotism and ultimately the War of All Against All In place of nebulous mysticism or narrow materialism Steiner calls on us to bring our thoughts feelings and actions under conscious self control so that for our benefit and society as a whole we can live our lives with clarity far sightedness and purpose Intrinsic to this reassessment of ourselves and our place in the universe is a recognition of death as a gateway to continuing existence Only by acknowledging our journey into the afterlife and our return to earth reincarnation will we take charge of a truly human evolution This previously unpublished course of lectures released in tandem with the twin course in CW 205 features an introduction by Matthew Barton notes and an index Eleven lectures Dornach July Aug 1921 GA 206 *Old and New Methods of Initiation* Rudolf Steiner,2025-05-26 What are the key differences between the contemporary spiritual path and that of the ancient mysteries With remarkable clarity and insight Rudolf Steiner throws new light on the contrasting methods of initiation in the ancient and modern day The old mysteries worked to transform the physical body the brain on the one hand and the rest of the organism on the other whereas modern initiation transforms the element of spirit and soul strengthening it with regard to the thought aspect on the one hand and the will aspect on the other These wide ranging lectures additionally cover topics that include the working of Lucifer and Ahriman in the human being the relationship of the individual to the Folk Spirit the development of religious life particularly with reference to the pagan Old Testament streams and the role of Imagination Inspiration and Intuition in modern life The final lectures examine the impulse of freedom behind the work of Goethe and Schiller drawing connections with Shakespeare and the French Revolution An overarching theme is the significance of the transition between cultural epochs and the importance of freeing ourselves from the intellectualism of our age through the spiritual quality of Imaginative consciousness This new edition features an introduction by Margaret Jonas notes and an index Fourteen lectures Dornach Mannheim Breslau Jan March 1922 GA 210
