Reinventing Romantic Poetry Diana Greene, 2004-01-15 Reinventing Romantic Poetry offers a new look at the Russian literary scene in the nineteenth century While celebrated poets such as Aleksandr Pushkin worked within a male centered Romantic aesthetic the poet as a bard or sexual conqueror nature as a mother or mistress the poet's muse as an idealized woman Russian women attempting to write Romantic poetry found they had to reinvent poetic conventions of the day to express themselves as women and as poets Comparing the poetry of fourteen men and fourteen women from this period Diana Greene revives and redefines the women's writings and offers a thoughtful examination of the sexual politics of reception and literary reputation The fourteen women considered wrote poetry in every genre from visions to verse tales from love lyrics to metaphysical poetry as well as prose works and plays Greene delves into the reasons why their writing was dismissed focusing in particular on the work of Evdokiia Rostopchina Nadezhda Khvoshchinskaia and Karolina Pavlova Greene also considers class as a factor in literary reputation comparing canonical male poets with the work of other men whose work like the women's was deemed inferior at the time The book also features an appendix of significant poems by Russian women discussed in the text Some found in archival notebooks are published here for the first time and others are reprinted for the first time since the mid nineteenth century *Russian and West European Women, 1860-1939* Marcelline J. Hutton, 2001-08-14 This ambitious study provides a sweeping overview of the position of women in England France Germany and Russia USSR during a seminal period in world history Comparing Russian and European women's quest for respectability self realization justice and simple survival from 1860-1939 the book illustrates their struggles to realize their dreams and their resourcefulness in coping with often dreary hard even horrifying lives Deftly combining statistical data to underscore collective experiences and belles lettres to highlight the texture of individual women's lives the book assesses the significance of gender class nationality and religion Through vivid description this history conveys a comprehensive picture of women's social educational economic and political position in the late nineteenth and early twentieth century This richly researched work traces common patterns and unique experiences in women's lives showing how they defined themselves coped with daily life and confronted disaster with courage and resourcefulness *Russian Literature Triquarterly*, 1972

Lipovetskiĭ, Irina Reyfman, Stephanie Sandler, 2018 Russia possesses one of the richest and most admired literatures of Europe reaching back to the eleventh century A History of Russian Literature provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day still rife with the creative experiments of post Soviet literary life The volume proceeds chronologically in five parts extending from Kievan Rus in the 11th century to the present day The coverage strikes a balance between extensive overview and in depth thematic focus Parts are organized thematically in chapters which a number of keywords that are important literary concepts that can serve as connecting motifs and case studies in depth discussions of writers institutions and texts that take the reader up close and Visual material also underscores the interrelation of the word and image at a number of points particularly significant in the medieval period and twentieth century The History addresses major continuities and discontinuities in the history of Russian literature across all periods and in particular bring out trans historical features that contribute to the notion of a national literature The volume s time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries space Holy Russia and the charismatic king that offers culturally relevant material to later writers This volume delivers a fresh view on a series of key questions about Russia s literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary politics literary theory and literary innovation The Same Solitude Catherine Ciepiela, 2018-09-05 Still we have the same solitude the same journeys and searching and the same favorite turns in the labyrinth of literature and history Boris Pasternak to Marina Tsvetaeva One of the most compelling episodes of twentieth century Russian literature involves the epistolary romance that blossomed between the modernist poets Marina Tsvetaeva and Boris Pasternak in the 1920s Only weeks after Tsvetaeva emigrated from Russia in 1922 Pasternak discovered her poetry and sent her a letter of praise and admiration Tsvetaeva s enthusiastic response began a decade long affair conducted entirely through letters This correspondence written across the widening divide separating Soviet Russia from Russian migr s in continental Europe offers a view into the overlapping worlds of literary creativity sexual identity and political affiliation Following both sides of their conversation Catherine Ciepiela charts the poets changing relations to each other to the extraordinary political events of the period and to literature itself The Same Solitude presents the first full account of this affair of letters and poems from its beginning in the summer of 1922 to its denouement in the 1930s Drawing on many previously untranslated letters and poems Ciepiela describes the poets mutual influence both in the course of their lives and the development of their art Neither poet saw any separation between a poet s life and work and Ciepiela treats each poet s letters and poems as a single text She discusses the poets famous triangular correspondence with Rainer Maria

Rilke in 1926 and she addresses the profound significance of Tsvetaeva for Pasternak who is often perceived mistakenly Ciepiela asserts as the more detached partner Further this book expands our understanding of poetic modernism by showing how the poets worked through ideas about gender and writing in the context of what they themselves called a literary marriage Literatura Rusă Catriona Kelly,2020-06-22 Cartea nun ii primul roman al lui G C linescu este a a cum l numea Nicolae Manolescu un roman al educa iei sentimentale av nd ca tem central iubirea dintre proasp tul doctor n litere Jim Marinescu i t n ra absolvent de liceu Vera Policrat iubire care se mpline te prin c s torie ns Cartea nun ii nu e doar un roman de dragoste ci i o radiografie a colii rom ne ti n perioada interbelic n care accentul cade pe rela ia profesor elev Nu n ultimul r nd cartea reliefeaz prin contrast societatea modern n plin proces de civilizare i de nnoire n plan social economic i tehnologic care nvinge definitiv familia ciudat tributar unor dogme nefericite a personajului principal o colec ie de babe decrepite i de fete b tr ne sterile care populeaz casa cu molii n care protagonistul locuie te al turi de m tu ile sale **History of Nineteenth-century Russian Literature: Romantic period** Dmitrij Tschizewskij,1974 *Karolina* Petro Anatolijovyč Zaryc'kyj,2001 **Feminists Despite Themselves** Martha Bohachevsky-Chomiak,1988-10-12 The first history of the women s movement in Ukraine **The Posen Library of Jewish Culture and Civilization, Volume 8** Todd M. Endelman,Zvi Gitelman,Deborah Dash Moore,2020-04-07 The eighth volume in a landmark series this anthology of Jewish culture and civilization encompasses the period between the world wars An anthology of Jewish culture between the world wars the editors selections convey the variety breadth and depth of Jewish creativity in those tempestuous decades Despite or perhaps because of external threats Jews fought vigorously over religion politics migration and their own relation to the state and to one another The texts translated from many languages span a wide range of politics culture literature and art This collection examines what was simultaneously a tense and innovative period in modern Jewish history Remembering Katyn Alexander Etkind,Rory Finnin,Uilleam Blacker,Julie Fedor,Simon Lewis,Maria Mälksoo,Matilda Mroz,2013-04-24 Katyn the Soviet massacre of over 21 000 Polish prisoners in 1940 has come to be remembered as Stalin s emblematic mass murder an event obscured by one of the most extensive cover ups in history Yet paradoxically a majority of its victims perished far from the forest in western Russia that gives the tragedy its name Their remains lie buried in killing fields throughout Russia Ukraine and most likely Belarus Today their ghosts haunt the cultural landscape of Eastern Europe This book traces the legacy of Katyn through the interconnected memory cultures of seven countries Belarus Poland Russia Ukraine and the Baltic States It explores the meaning of Katyn as site and symbol event and idea fact and crypt It shows how Katyn both incites nationalist sentiments in Eastern Europe and fosters an emerging cosmopolitan memory of Soviet terror It also examines the strange impact of the 2010 plane crash that claimed the lives of Poland s leaders en route to Katyn Drawing on novels and films debates and controversies this book makes the case for a transnational study of cultural memory and navigates a contested past in a region that will define Europe s future **The Burden of the Past** Anna Wylegala,Malgorzata

Glowacka-Grajper, 2019-01-29 Essays on how chaos totalitarianism and trauma have shaped Ukraine's culture A milestone of the scholarship about Eastern European politics of memory Wulf Kansteiner Aarhus University In a century marked by totalitarian regimes genocide mass migrations and shifting borders the concept of memory in Eastern Europe is often synonymous with notions of trauma In Ukraine memory mechanisms were disrupted by political systems seeking to repress and control the past in order to form new national identities supportive of their own agendas With the collapse of the Soviet Union memory in Ukraine was released creating alternate visions of the past new national heroes and new victims This release of memories led to new conflicts and memory wars How does the past exist in contemporary Ukraine The works collected in *The Burden of the Past* focus on commemorative practices the politics of history and the way memory influences Ukrainian politics identity and culture The works explore contemporary memory culture in Ukraine and the ways in which it is being researched and understood Drawing on work from historians sociologists anthropologists psychologists and political scientists the collection represents a truly interdisciplinary approach Taken together the groundbreaking scholarship collected in *The Burden of the Past* provides insight into how memories can be warped and abused and how this abuse can have lasting effects on a country seeking to create a hopeful future

[Pushkin and Romantic Fashion](#) Monika Greenleaf, 1994 Pushkin and Romantic Fashion is about the interpenetration of culture and personality specifically Alexander I's Russian Empire a latecomer in post Napoleonic European history and Aleksandr Pushkin virtuoso improviser yet prisoner of the Golden Age discourses that now bear his name It focuses on Pushkin's use of the Romantic fragment especially the link between the fragment and Romantic irony's fundamental and modern questioning of the sources and intentionality of language In the view of such irony's most eloquent formulator Friedrich Schlegel identity does not precede speech but is forged in each improvisational interaction with interlocutor or reader One finds out who one is by speaking and all utterances and texts stand in a fragmentary contingent relation to an accumulating life text Pushkin may actually come closest of all major European poets to realizing what Schlegel prescribed or diagnosed as the poetics of modernity not

because of any direct links but because as common latecomers on the European cultural scene Russian and German writers shared a fascination with European fashions and an ironic talent for conflating or stepping outside them Thus Pushkin s kaleidoscopic explorations of fashionable European genres from Augustan erotic elegy to the archaic Greek lyric fragment from the Byronic Oriental poetic tale to Shakespearean chronicle drama from the modern society tale to the Walter Scott historical novel can be seen as ever more dramatic rewritings of and meditations on a previous life text This fragmentary and ironic self presentation has ensured that every generation of Pushkin readers no matter how gilded with cultural authority the poet became talked back The author is deeply concerned to embed Pushkin in a larger European context in a way critically consonant with the best in Western Romantic studies She locates Pushkin s penchant for fragmentary structures in a European discourse of fragmentation reveal
