**La passion du livre au moyen âge** Sophie Cassagnes-Brouquet, 2003 Depuis le Moyen Age l'histoire du livre est indissociable de celle de notre civilisation occidentale La passion du livre est bien un trait caractéristique du Moyen Age un legs que cette période a transmis parmi tant d'autres notre civilisation occidentale Les bibliothèques européennes renferment ainsi une grande part de notre patrimoine culturel et artistique trop souvent méconnu C'est cette relation passionnelle que les hommes et les femmes du Moyen Age ont entretenue avec le livre que cet ouvrage souhaite clarifier La production de cet objet rare et précieux est due au travail lent et laborieux des scribes et au talent des enlumineurs Les lecteurs et leur façon de lire nous introduisent dans le monde varié des livres du Moyen Age Les livres ne sont pas seulement un texte mais aussi un fabuleux répertoire d'images S'il en a les moyens le commanditaire d'un manuscrit n'hésite pas à faire appel à un enlumineur pour décorer son livre Les plus grands artistes participent au décor des manuscrits la peinture est dans les livres La diversité des images leur richesse et leur fantaisie qu'un lecteur contemporain découvre en parcourant les manuscrits du Moyen Age ce monde de couleurs inaltérables toujours aussi chatoyantes que ni le temps ni l'usure n'ont pu ternir sont autant d'éléments qui permettent d'expliquer la fascination qu'exercent encore sur nous les manuscrits du Moyen Age

**From the Material to the Mystical in Late Medieval Piety** Racha Kirakosian, 2021-09-30 The German mystic Gertrude the Great of Helfta c 1256 1301 is a

globally venerated saint who is still central to the Sacred Heart Devotion Her visions were first recorded in Latin and they inspired generations of readers in processes of creative rewriting The vernacular copies of these redactions challenge the long standing idea that translations do not bear the same literary or historical weight as the originals upon which they are based In this study Racha Kirakosian argues that manuscript transmission reveals how redactors serve as cultural agents Examining the late medieval vernacular copies of Gertrude s visions she demonstrates how redactors recast textual materials reflected changes in piety and generated new forms of devotional practices She also shows how these texts served as a bridge between material culture in the form of textiles and book illumination and mysticism Kirakosian s multi faceted study is an important contribution to current debates on medieval manuscript culture authorship and translation as objects of study in their own right

practice which altered the ways in which campaigns were conducted battles fought and sieges laid and changes in the leadership recruitment training supply and financing of armies There were changes in the relationship between those waging warfare from generals to irregular troops and the society in which they lived and for or against which they fought the frequency of popular rebellions and the participation in them by townspeople and peasants changes in the desire to undertake Crusades and changes in technology including but not limited to gunpowder weapons This collection gathers together some of the best published work on these topics The first section of seven papers show that throughout Europe in the later Middle Ages generals led and armies followed what are usually defined as modern strategy and tactics contrary to popular belief The second part reprints nine works that examine the often neglected aspects of the process of putting and keeping together a late medieval army In the third section the authors discuss various ways that warfare in the fourteenth and fifteenth century affected the society of that period The final sections cover popular rebellions and crusading

**Trends in Statistical Codicology** Marilena Maniaci, 2021-11-22 The application of statistical techniques to the study of manuscript books based on the analysis of large data sets acquired through the archaeological observation of manuscripts is one of the most original trends in codicological research aiming not only to reconstruct on a sound basis the methods and processes used in book manufacture and their tendential evolution in space and time but also to interpret them as the result of a dynamic interplay between various and often incompatible needs of cultural technical social and economic nature that book artisans had to reconcile in the best possible way The present collection of essays in English translation was guided by the desire to offer a multifarious well articulated picture of the application of statistical methodology to the various aspects of manuscript production namely analysis of materials characterization of book types manufacturing techniques planning and use of layout characterization of scripts and scribal habits The volume aims to present to a wider readership a series of significant papers which have appeared over the last fifteen years by means of which the statistical approach continues to demonstrate its vast potential

**Cultures of the Medieval Kingdom of Jerusalem** Benjamin Z. Kedar, 2025-08-15 Cultures of the Medieval Kingdom of Jerusalem is a revelatory portrait of the Frankish Levant at the time of the Crusades Following victory in the First Crusade in 1099 the newcomers from Europe or Franks ruled a Christian kingdom in Jerusalem then Acre until 1291 Historians have written off this kingdom as a derivative cultural backwater In this new social and cultural history however Benjamin Z Kedar uncovers the striking inventiveness of the Frankish clerics and knights who settled in the kingdom and lived in it Across an array of languages and archives from textual and artistic to material and archaeological Kedar maps the contours of the kingdom's culture or more accurately its cultures The Kingdom of Jerusalem was small but the diversity of its

population had no counterpart anywhere in the medieval West Kedar explores how Franks eastern Christians Muslims Jews and Samaritans lived side by side in contentious times each group developing or preserving its specific culture Through stories of the lives of the kingdom's inhabitants Kedar presents the remarkable creativity of the Franks in various fields as they faced challenges in new surroundings thousands of miles from their countries of origin Cultures of the Medieval Kingdom of Jerusalem the culmination of Kedar's half century of scholarship on the Crusades and the medieval Levant is an innovative history of the Kingdom of Jerusalem

**Medieval Crossover** Barbara Newman, 2013-05-15 The sacred and the secular in medieval literature have too often been perceived as opposites or else relegated to separate but unequal spheres In *Medieval Crossover Reading the Secular against the Sacred* Barbara Newman offers a new approach to the many ways that sacred and secular interact in medieval literature arguing that in contrast to our own cultural situation the sacred was the normative unmarked default category against which the secular always had to define itself and establish its niche Newman refers to this dialectical relationship as crossover which is not a genre in itself but a mode of interaction an openness to the meeting or even merger of sacred and secular in a wide variety of forms Newman sketches a few of the principles that shape their interaction the hermeneutics of both and the principle of double judgment the confluence of pagan material and Christian meaning in Arthurian romance the rule of convergent idealism in hagiographic romance and the double edged sword in parody *Medieval Crossover* explores a wealth of case studies in French English and Latin texts that concentrate on instances of paradox collision and convergence Newman convincingly and with great clarity demonstrates the widespread applicability of the crossover concept as an analytical tool examining some very disparate works These include French and English romances about Lancelot and the Grail the mystical writing of Marguerite Porete placed in the context of lay spirituality lyric traditions and the Romance of the Rose multiple examples of parody sexually obscene shockingly anti-Semitic or cleverly litigious and Ren of Anjou's two allegorical dream visions Some of these texts are scarcely known to medievalists others are rarely studied together Newman's originality in her choice of these primary works will inspire new questions and set in motion new fields of exploration for medievalists working in a large variety of disciplines including literature religious studies history and cultural studies

**Chaucer's Boece and the Medieval Tradition of Boethius** Alastair J. Minnis, 1993 Chaucer's translation of Boethius work is related to medieval intellectual culture with attention to Trevet's Boethius commentary This collection seeks to locate the Boece within the medieval tradition of the academic study and translation of the *Consolatio philosophiae* thereby relating the work to the intellectual culture which made it possible It begins with the fullest study yet undertaken of the Boethius commentary of Nicholas Trevet this being a major source of the Boece There follow editions and translations of the major passages in Trevet's commentary where Neoplatonic issues are confronted then Chaucer's debt to Trevet is assessed in a detailed review The many choices which faced Chaucer as a translator are indicated and the Boece is placed in a long line of interpreters of Boethius in which both Latin commentators

and vernacular translators played their parts Finally a view is offered of the Boece as an example of late medieval academic translation if the Boece is assigned to this genre it may be judged a considerable success **Boethius in the Middle Ages** Maarten Hoenen, Nauta, 2021-11-01 Boethius Consolatio Philosophiae is one of those exceptional works that circulated widely throughout such diverse medieval cultures as the schools and universities the court and religious houses It spawned a rich tradition of Latin commentaries and was a major force in shaping vernacular literary traditions including the works of Jean de Meun Dante and Chaucer The changing perceptions of the Consolatio are the subject of this collection of new essays The first section is devoted to the Latin commentary tradition William of Conches Nicholas Trevet and Pierre d'Ailly The other sections explore the vernacular traditions Italian French German English and Dutch The book underlines the interactions between the Latin and the vernacular and between literary and scholastic contexts and the focus throughout is on the intellectual and institutional background of the works discussed *Pas d'armes and Late Medieval Chivalry* Rosalind Brown-Grant, Mario Damen, 2025-01-06 An Open Access edition will be available on publication thanks to generous funding from the Arts and Humanities Research Council the University of Leeds Drury University Northwestern University the University of Neuchâtel and the Fondation pour la Protection du Patrimoine Culturel Historique et Artisanal Switzerland This Casebook features the work of an international interdisciplinary research group entitled The Joust as Performance Pas d'armes and Late Medieval Chivalry and funded by the UK's Arts and Humanities Research Council Its focus is on the pas d'armes English passage of arms a highly ritualised form of tournament and elite entertainment that was popular principally in Anjou the Burgundian lands France and Iberia in the fifteenth and early sixteenth centuries Part I of the volume provides a representative selection of sixteen translated and contextualised sources on the pas d'armes that includes narrative texts administrative accounts and illuminated images Part II which comprises seven new scholarly essays on the pas d'armes addresses the issue of how this type of tournament evolved through cultural transfer from court to court offers in depth analyses of a chronological and geographical range of pas d'armes from the perspective of text image relations heraldry urban court relations and manuscript commissioning and focuses on broader themes such as the construction of masculinity and the representation of chivalric and non chivalric bodies at these events The Casebook also provides a map and table of all such tournaments known to have taken place between c 1420 and c 1520 some of which have been identified for the first time as pas d'armes as well as a glossary of arms and armour clothing and textiles typically featured at this type of event It will be of interest to both specialist scholars and students of late medieval chivalric and tournament culture **Medieval Conduct** Kathleen M.
