Britain's Forgotten Serial Killer John Lucas, 2019-04-30 This true crime biography reveals the full story of a remorseless serial killer once proclaimed the most dangerous man in Britain and where he is now For a few days in the winter of 1975 it looked as though police had unmasked a serial killer whose reign of terror was unprecedented in British crime history Convicted of three killings suspected of another eight Patrick Mackay was dubbed the Monster of Belgravia the Devil s Disciple and simply The Psychopath The Nazi obsessed alcoholic had stalked the upmarket streets of West London hunting for victims and gruesomely murdered a priest he had once befriended in Kent Yet many of his suspected murders

remain unsolved to this day Not long after his conviction the public outrage at his crimes faded Now after more than forty years behind bars Mackay has been allowed to change his name and transfer to an open prison steps that put him closer to freedom For the first time Britain's Forgotten Serial Killer reveals the full untold story of Patrick Mackay and the many still unsolved murders linked to his case Serial killer Patrick Mackay was dubbed the most dangerous man in Britain when he appeared in court in 1975 charged with three killings including the axe murder of a priest The Nazi obsessed alcoholic had stalked the upmarket streets of West London hunting for victims and was suspected of at least eight further murders Now after more than 40 years behind bars where he has shunned publicity Mackay has been allowed to change his name and win the right to live in an open prison bringing him one step closer to freedom For the first time Britain's Forgotten Serial Killer reveals the full untold story of Patrick Mackay and the many still unsolved murders linked to his case *Ribbons and Medals, Naval, Military, Air Force and Civil* Henry Taprell Dorling,1944 **Operation Big** Colin Brown,2016-04-15 The Cambridgeshire country house at the centre of a secret mission to stop Hitler's A Bomb **Churchill's Arctic Convoys** William Smith,2022-09-21 The threat of Operation Barbarossa Hitler's surprise invasion of Russia in June 1941 succeeding prompted Churchill to decide to send vital military supplies to Britain's new ally The early sailings to Northern Russia via the Arctic Ocean between August 1941 and February 1942 were largely unopposed But this changed dramatically during the course of 1942 when German naval and air operations inflicted heavy losses on both merchantmen and their escorts Problems were exacerbated by the need to divert Royal Navy warships to support the North African landing Strained Anglo Soviet relations coupled with mounting losses and atrocious weather and sea conditions led to the near termination of the program in early 1943 Again competing operational priorities namely the invasion of Sicily and preparations for D Day affected the convoy schedules In the event despite often crippling losses of lives ships and supplies the convoys continued until shortly before VE Day This thoroughly researched and comprehensive account examines both the political maritime and logistic aspects of the Arctic convoy campaign Controversially it reveals that the losses of merchant vessels were significantly greater than hitherto understood While Churchill may not have described the convoys as the worst journey in the world for the brave men who undertook the mission often at the cost of their lives it most definitely was **Gender and warfare in the twentieth century** Angela K. Smith,2018-02-28 Gender and warfare in the twentieth century is a collection of exciting accessible and very readable essays that span the twentieth century exploring the ways in which men and women have both represented warfare and represented themselves as participants in warfare A range of contributors from different disciplines explore these representations by examining a wide variety of sources fiction film personal diaries memoirs non fiction letters oral testimonies and more The collection ranges from the trenches of the Western Front through the shell shocked inter war years the civil war in Spain and the disparate battle fronts of World War Two to the complexities of Vietnam and the late century Hollywood workings and re workings of these conflicts The focus on gendered readings provides a thread that binds

these essays together to create a comprehensive and interesting picture of the legacy of twentieth century warfare at the beginning of the new millennium

Lost at Sea in Mysterious Circumstances Richard M. Jones, 2023-11-23 When you think of something being lost at sea you imagine a ship sinking gracefully the survivors being rescued or a tragedy being caught on camera But what if a ship is lost at sea without trace What if an aircraft takes off on a routine flight and is never seen again This book details over fifty of the most mysterious vanishings ships that have made headlines but have never been found both famous and forgotten cases that have left an outward ripple of tragedy and mystique Most people have heard of the Mary Celeste crew vanishing but how many knew that this was not the last case of an entire crew going missing What about the three Scottish lighthouse keepers who were never seen again Or the world famous aviation pioneers who took flight to never return This book will tell you that MH370 was not the first airliner to disappear over the sea nor was the Bermuda Triangle actually the cause of so many disappearing ships How could six airplanes disappear in one day Why did a ship with over 300 people on board not send a single distress call Which ships vanished and then later messages in a bottle suddenly turn up not just once but two separate shipwrecks Lost at Sea in Mysterious Circumstances will cover all these and more as we reveal the stories of some of the most fascinating incidents above and below the waves

Magnificent Women and their Revolutionary Machines Henrietta Heald, 2019-09-19 Women have won their political independence Now is the time for them to achieve their economic freedom too This was the great rallying cry of the pioneers who in 1919 created the Women s Engineering Society Spearheaded by Katharine and Rachel Parsons a powerful mother and daughter duo and Caroline Haslett whose mission was to liberate women from domestic drudgery it was the world s first professional organisation dedicated to the campaign for women s rights Magnificent Women and their Revolutionary Machines tells the stories of the women at the heart of this group from their success in fanning the flames of a social revolution to their significant achievements in engineering and technology It centres on the parallel but contrasting lives of the two main protagonists Rachel Parsons and Caroline Haslett one born to privilege and riches whose life ended in dramatic tragedy the other who rose from humble roots to become the leading professional woman of her age and mistress of the thrilling new power of the twentieth century electricity In this fascinating book acclaimed biographer Henrietta Heald also illuminates the era in which the society was founded From the moment when women in Britain were allowed to vote for the first time and to stand for Parliament she charts the changing attitudes to women s rights both in society and in the workplace

Arctic Interlude Harry C. Hutson, 1998-04 [Women of Scotland](#) Helen Susan Swift, 2023-03-08 Women of Scotland is a thematic time trip through Scottish history and the important part women have played in its past From the humble to the great Scottish women have been at the forefront and background of events Here are the fisherwomen the warriors the great writers the Jacobites the martyrs and the mill girls Without them Scotland would not have existed Join a great journey from the Dark Ages to the 21st century and learn about the women who have been the driving force behind this small yet dynamic

SURVIVORS: BRITISH MERCHANT SEAMEN G. H. Bennett, Roy Bennett, 1999 Winning the Battle of the Atlantic was critical to Britain's survival in the Second World War The British Merchant Navy suffered enormous losses of both ships and men particularly in the early years of the war Sailing through U boat wolf packs across the Atlantic or on the perilous routes to Malta and Murmansk took a special kind of courage Ships often sank within minutes of being torpedoed Survivors is the history of this epic struggle It is a graphic account of how the ships were attacked and sunk how crews reacted how they attempted to launch their lifeboats and how they ended up swimming or clinging to debris or making long voyages in lifeboats or on rafts Death might come at any stage yet the will to live and the resourcefulness and skill of the seamen enabled a surprising number to survive There was a terrific smash and everything was pandemonium on deck The wheel house collapsed on top of me and I was trapped by the concrete slabs which had fallen on me and pinned me to the deck I think that the ship sank in about thirty seconds after breaking in two Although I was trapped I could see everything over my head The stern burst into flames and I saw flames forward I could see the water coming up and coming over my head The ship hit the bottom and turned over the debris was thrown off me and I was released and I came to the surface Sinking of SS Abukir 28 May 1940 The Red Duster at War John Malcolm Slader, 1988
