The Screams of the Shadow Olivia Conde, 2021-03-09 My childhood life was very pleasant despite having a very religious family In life when one becomes a teenager he has his own visions and that is to meet his own self The most important thing is to not stop listening to your heart because the heart feels what is right when the mind is confused All the circumstances of life are always leading us toward learning Although there are hard times the best way to see more things is to know that it is impossible to separate the good from the bad for the great reason that everything is united I can only say that the moment we have our hearts connected with emotions it will be the great moment to understand that the roads in destiny have no escape Only understandings in difficult moments together with deep silences lead to successful exits which the best way to heal your mind and your body will follow you Life is not lost when we stop breathing life is lost when we stop being happy
