Tanners of Taiwan Scott Simon, 2018-05-04 Tanners of Taiwan is an ethnography of identity construction set in the leather tanning communities of Southern Taiwan Through life history analysis and ethnographic observation Simon examines what it means to be Chinese or alternatively Taiwanese in contemporary Taiwan Under forty years of martial law from 1947 to 1987 the Chinese Nationalist Party tried to create a Chinese identity in Taiwan through ideological campaigns that reached deep into families schools and workplaces They justified their rule through a development narrative that Chinese culture and good policy contributed to the prosperity of the Taiwan miracle These ideological claims and cultural identities however have never been fully accepted in Southern Taiwan This ethnography is the first to document from the ground level how those claims have been contested and how a new Taiwanese identity has been constructed since democratization Tanners of Taiwan provides more than a description of workplaces in Taiwan Looking at the different perspectives of tanners women managers and workers it demonstrates how cultural and other identities are constructed through dynamics of power and political economy A small affordable case studies book to be assigned with a core textbook in introductory anthropology courses Shows how the US reader is connected to the seemingly distant lives of Taiwanese tanners Simon follows hides from the US to tanneries in Taiwan then elsewhere to be made into shoes and other leather goods and then back to the consumer in the US demonstrating concretely the notion of global interconnectedness Anchored in personal observation and ethnographic detail the book makes very tangible such otherwise abstract notions as national identity and global integration

Transnational Feminist Itineraries brings together scholars and activists from multiple continents to demonstrate the ongoing importance of transnational feminist theory in challenging neoliberal globalization and the rise of authoritarian nationalisms around the world. The contributors illuminate transnational feminism's unique constellation of elements, its specific mode of thinking across scales, its historical understanding of identity categories, and its expansive imagining of solidarity based on difference rather than similarity. Contesting the idea that transnational feminism works in opposition to other approaches, especially intersectional and decolonial feminisms, this volume instead argues for their complementarity. Throughout, the contributors call for reaching across social, ideological, and geographical boundaries to better confront the growing reach of nationalism, authoritarianism, and religious and economic fundamentalism.

**The Nordic Populist Radical Right** Ann-Cathrine Jungar, 2024-08-05. This edited volume examines populist radical right parties in the Nordic region. Somewhat surprisingly, given the image of a consensual, egalitarian, and progressive region of Europe, the Nordic countries have been fertile ground for the radical right. Not only have radical right parties persisted for many decades, but they are currently much stronger in this region than in most other European countries today. In this book, the contributors analyse the electoral, ideological, and organisational aspects of the radical right in the Nordic region: The Progress Party in Norway (Fremskrittspartiet, FrP), the Sweden Democrats (Sverigedemokraterna, SD), the Danish People's Party (Dansk Folkeparti, DF), and the Finns Party (Perussuomalaiset, PS). It also explores how mainstream parties and the media have reacted to the rise of the radical right, whether the radical right is integrated into mainstream politics, the extent to which they challenge the dominant ideological paradigm of Nordic politics, and whether they mobilise and organise differently to other parties. Understanding the Nordic radical right is crucial to comprehending the transformation of Nordic politics, but also changes in European politics more generally. This book will be of interest to students and scholars of Scandinavian politics, populism, the radical right, and comparative party politics.
