Watford,2012-03-05 In theory this treatise should include the more than 115 countries that the United States has military presence and the Central Intelligence Agency has operatives However that would be overstating the intention of the treatise What is endeavored here is an attempt to give the American people a short view of the involvement of America the National Security Agency and the Central Intelligence Agency in world affairs It is not the intent of this treatise to be a criticism of my homeland the United States of America Indeed in most countries on the globe I would be arrested jailed tortured and put to death for even attempting such a project The very fact that I can write this book and still be alive is a testament to Americas unique form of capitalism     *Encyclopedia of American Foreign Policy* ,1996     **Contemporary American Foreign Policy**

**Volume 2, The American Search for Opportunity, 1865-1913** Bradford Perkins,Walter LaFeber,Warren I. Cohen,Akira Iriye,1993 Between the American Civil War and the outbreak of world War I global history was transformed by two events the United States s rise to the status of a great world power indeed the world s greatest economic power and the eruption of nineteenth and twentieth century revolutions in Mexico China Russia Cuba the Philippines Hawaii Panama Nicaragua and elsewhere The American Search for Opportunity traces the U S foreign policy between 1865 and 1913 linking these two historic trends by noting how the United States usually thought of as antirevolutionary and embarked on a search for order during this era actually was a determinative force in helping to trigger these revolutions Walter LaFeber argues that

industrialization fuelled centralisation Post Civil War America remained a vast unwieldy country of isolated parochial communities but the federal government and a new corporate capitalism now had the power to invade these areas and integrate them into an industrialization railway linked nation state The furious pace of economic growth in America attracted refugees from all parts of the world Professor LaFeber describes and influx of immigration so enormous that it led to America's first exclusionary immigration act In 1882 the United States passed legislation preventing all Chinese immigrant labour skilled and unskilled from entering the country for the next 10 years *Significant Events in U.S. Foreign Relations (1900 - 2001)* , Guide to U.S. Foreign Policy Robert J.
