E. King,2017-10-04 This vital addition to the Routledge History of Economic Thought series surveys arguably the most important country in the development of economics as we know it today the United States of America A History of American Economic Thought is a comprehensive study of American economics as it has evolved over time with several singularly unique features including a thorough examination of the economics of American aborigines prior to 1492 a detailed discussion of American economics as it has developed during the last fifty years and a generous dose of non mainstream American economics under the rubrics Other Voices and Crosscurrents It is far from being a native American community and numerous social reformers and those with alternative points of view are given as much weight as the established figures who dominate the mainstream of the profession Generous doses of American economic history are presented where appropriate to give context to the story of American economics as it proceeds through the ages from seventeenth century pre independence into the twentieth first century packed full of influential figures including John Bates Clark Thorstein Veblen Irving Fisher Paul Samuelson and John Kenneth Galbraith to name but a few This volume has something for everyone interested in the history of economic thought the nexus of American economic thought and American economic history the fusion of American economics and philosophy and the history of science *The Economic Mind in America* History of Economics Society. Conference,1998 The Economic mind of America examines the concept of American economic thought reassessment of pioneering American policy analysts such as Irving Fisher Wesley Mitchell Harold Moulton and Leo Paslovsky as well as the theoretical contributions of Herbert Davenport and Frank Knight Thorstein Veblen s institutional economics and an exploration of the influence of Canadian and European economic thought analysis of contributions of C S Peirce Alvin Johnson and science fiction author Robert A Heinlein American economists interests in issues from 1886 1995 **Research in the History of Economic Thought and Methodology (Part A, B & C)** Warren J. Samuels,Jeff E. Biddle,Ross B. Emmett,2008-06-16 A collection of refereed articles on topics in economic methodology and the history of economics including Austrian economic methodology and Wesley Mitchell *Studies in the History of Latin*

American Economic Thought Oreste Popescu,1997-06-12 This is the first study of the development of economic thought in Latin America It traces the development of economic ideas during five centuries and across the whole continent It addresses a wide range of approaches to economic issues including the scholastic tradition in Latin American economies the quantity theory of money cameralism humanism

Routledge Handbook of the History of Global Economic Thought Vincent Barnett,2014-08-27 The Routledge Handbook of the History of Global Economic Thought offers the first comprehensive overview of the long run history of economic thought from a truly international perspective Although globalization has facilitated the spread of ideas between nations the history of economics has tended to be studied either thematically by topic in terms of different currents of thought or individually by economist Work has been published in the past on the economic thought traditions of specific countries but this pioneering volume is unique in offering a wide ranging comparative account of the development of economic ideas and philosophies on the international stage The volume brings together leading experts on the development of economic ideas from across the world in order to offer a truly international comparison of the economics within nation states Each author presents a long term perspective on economics in their region allowing global patterns in the progress of economic ideas over time to be identified The specially commissioned chapters cover the vast sweep of the history of economics across five world regions including Europe England Scotland Ireland Italy Greece Spain Portugal Germany Sweden Russia and the Ukraine the Americas the USA Canada Mexico and Central America Spanish Speaking South America Brazil and the Caribbean the Middle East Turkey Israel Arab Islamic Economics Persia Iran North Africa Africa West Africa Southern Africa Mozambique and Angola and the Asia Pacific Region Australia and New Zealand China Southeast Asia the Asian Tigers India This rigorous ambitious and highly scholarly volume will be of key interest to students academics policy professionals and to interested general readers across the globe
On the History of Economic Thought A. W. Bob Coats,2005-08-08 Following an introduction to the key ideas of Coats this work focuses on two themes the difference between British and American economics both in content and in the practice of the profession and the interrelationships between economic ideas events or conditions and policy issues
Research in the History of Economic Thought and Methodology Ross B. Emmett,Jeff E. Biddle,2012-07-17 A collection that includes both refereed articles and review essays of recently published books in the history of economic thought and methodology It also includes articles that highlight the work

of founding editor Warren J Samuels American economists role in the creation of federal trade acts and Islamic economic methodology

Economic Thought and History Monika Poettinger, Gianfranco Tusset, 2016-02-12 Economic Thought and History looks at the relationship between facts and thought in historical economic research viewing it in the context of periods of economic crisis and providing detailed analyses of methods used in determining the bond between economic history and economic theory This interdisciplinary collection brings together international researchers in the history of economic thought and economic history in order to confront varying approaches to the study of economic facts and ideas rethinking boundaries methodologies and the object of their disciplines The chapters explore the relationship between economic thought and economic theory from a variety of perspectives exploring the relationship between history and economics and the boundaries defining the history of economic thought in terms of both single authors and schools of thought The book offers particular insights on the Italian tradition of thought The uniquely interdisciplinary and analytical approach presented here bridges the methodological gap between these disciplines unearthing a fertile common ground of research This book is intended for Postgraduate students conducting further research into the field or for professors and academics of economic history and history of economic thought

Contributions to the History of Economic Thought Antoin Murphy, Renee Prendergast, 2000-12-14 Featuring original contributions from some of the leading contemporary figures in the history of economic thought this book offers new perspectives on key topics from Smith's Wealth of Nations to the Jevonian Revolution Drawing inspiration from the life and work of R D C Black formerly Professor of Economics at Queen's University Belfast this book will be of essential interest to any serious scholar of economic thought

Reader's Guide to American History Peter J. Parish, 1997 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company

A History of Colombian Economic Thought Andrés Álvarez, Jimena Hurtado, 2023-09-08 Ever since the quest for independence between 1810 and 1819 economic thought in Colombia has been shaped by policy debates and characterized by a pragmatic and eclectic approach Economic thought in Colombia can only be revealed through the exploration of economists practices and the role of economic arguments within broader public debate This history of Colombian economic thought provides a detailed account of major issues that have marked the constant feedback between economic ideas and economic practice in Colombia during the 19th and 20th centuries This volume is thus a history of the interaction between ideas and policy Those involved in these debates politicians public officials journalists and latterly professional economists established direct contact with what can be identified as the centers of production of economic theory both in Europe and the US and entered regional and local networks in economics but were not just importers of ideas or theories The way in which they read discussed transformed and applied economic theories in Colombia makes for a rich environment for the production and implementation of economic policies that drew diverged and transformed the way economics was understood and used as a source of knowledge for practical concerns This is why the history of Colombian economic thought does not fit into

traditional typologies of economic schools and why it must be understood as part of a political debate and within a political social and cultural context that demanded specific solutions to urgent social demands Through the study of what was taught when and how at the beginnings of the republican era and why and how professional economists came to lead public debate and economic policy making in the 20th century this book explores the foundations of this permanent interaction between theory and practice This book will be of significant interest to readers of history of economic thought economic history and the history of Colombian and Latin American economic political and social life more broadly

The German Historical School and European Economic Thought José Luís Cardoso, Michalis Psalidopoulos, 2015-10-30 The financial crisis of 2008 has revived interest in economic scholarship from a historical perspective The most in depth studies of the relationship between economics and history can be found in the work of the so called German Historical School GHS The influence of the GHS in the USA and Britain has been well documented but far less has been written on the rest of Europe This volume studies the interconnection between economic thought and economic policy from the mid nineteenth century to the interwar period It examines how the School s ideas spread and was interpreted in different European countries between 1850 and 1930 analysing its legacies in these countries In doing so the book is able to trace the interconnection between economic thought and economic policy adding new voices to the debate on the diffusion of ideas and flow of knowledge This book identifies issues related to topics such as nationalism and cosmopolitanism in the history of ideas and clarifies themes in policy making that are still currently debated These include monetary policy and benefits of free trade for all parties involved in international exchanges This book will be of a great interest to those who study history of economic thought economic theory and political economy

A History of Economic Theory and Method Robert B. Ekelund, Jr., Robert F. Hébert, 2013-08-30 Known for its clarity comprehensiveness and balance the latest edition of A History of Economic Theory and Method continues that tradition of excellence Ekelund and Hébert s survey provides historical and international contexts for how economic models have served social needs throughout the centuries beginning with the ancient Greeks through the present time The authors not only trace ideas that have persisted but skillfully demonstrate that past discredited ideas also have a way of spawning critical thinking and encouraging new directions in economic analysis Coverage that distinguishes the Sixth Edition from its predecessors includes a detailed analysis of economic solutions by John Stuart Mill and Edwin Chadwick to problems raised by the Industrial Revolution the role of psychology and experiments in understanding demand and consumer behavior discussions of modern economic theory as it interrelates with other social sciences and a close look at the historical development of the critical role of entrepreneurship both in its productive and unproductive variants The authors creative approach gives readers a feel for the thought processes of the great minds in economics and underscores key ideas impacting contemporary thought and practice Well crafted discussions are further enriched by absorbing examples and figures Thorough suggested reading lists give options for more in depth explorations by interested readers

Economic Thought and Policy in Less Developed Europe Maria Eugenia Mata, Michalis Psalidopoulos, 2001-12-06

The essays in this volume explore and discuss the process of dissemination of economic ideas among Europe's less developed countries and regions as well as the interaction between economic thought and economic policy in different times and places during the nineteenth century. The comparative approach adopted sheds new light on the course of economic development in Europe's less developed countries in the nineteenth century and the role played by political economy. Amongst a host of others the topics covered include economic policy in Denmark, monetary and trade policy in Norway, the influence of the German Historical School in Finland, land Reform and the abolition of serfdom in Russia and in Poland. With contributions that disclose important insights into national traditions in economic thought and policy and the diffusion of ideas in Europe, this work will be essential reading for all scholars of the history of economic thought.

Economic Theory in the Twentieth Century, An Intellectual History - Volume I Roberto Marchionatti, 2020-05-20. This book set out over three volumes provides a comprehensive history of economic thought in the 20th century with special attention to the cultural and historical background in the development of theories to the leading or the peripheral research communities and their interactions or controversies and finally to an assessment and critical appreciation of economic theories throughout these times. It takes as its subject matter the canon of publications by major thinkers who self consciously conceived of themselves as economists in the modern academic sense of the term. It is a history of how, when and where the discipline of Economics took root in major universities and scientific communities of economists and evaluates the emergence of different schools of thoughts. Volume I addresses economic theory in the golden age of capitalism. It considers the contributions of Marshall, Pareto, Wicksteed, Schmoller, Böhm-Bawerk, Schumpeter, Wicksell, Fisher, Veblen and other major thinkers as well as the universities of Cambridge, Lausanne, Vienna, Berlin and some others in US before concluding with a look at the impact that the great war had on the discipline. This work provides a significant and original contribution to the history of economic thought and gives insight to the thinking of some of the major international figures in economics as shown in major works published across the last 130 years. It will appeal to students, scholars and the more informed reader wishing to further their understanding of the history of the discipline.

Humanism and Religion in the History of Economic Thought. Selected Papers from the 10th Aispe Conference AA. VV., 2010-03-30. T00:00:00+02:00 363 81

The Spirit of American Economics
