## France And The Grand Tour:

**France and the Grand Tour** J. Black, 2003-04-15 In this innovative study of the Grand Tour Black relies on archival sources to provide an exploration of the real tourist experience rather than as for the majority of studies of the Grand Tour an account that is essentially based on travel literature While sensitive to wider cultural dimensions the author demonstrates his interest in the experience of tourists particularly the circumstances they encountered and the impact of the Grand Tour on British Society The grand tour Thomas Nugent, 1756 **Language and the Grand Tour** Arturo Tosi, 2020-04-02 Language is still a relatively under researched aspect of the Grand Tour This book offers a comprehensive introduction enriched by the amusing stories and vivid quotations collected from travellers writings providing crucial insights into the rise of modern vernaculars and the standardisation of European languages **The grand tour** Thomas Nugent, 1756 **The Grand Tour in the Eighteenth Century** William Edward Mead, 1914 **Italy and the Grand Tour** Jeremy Black, 2003-01-01 For members of the social elite in 18th century England extended travel for pleasure came to be considered part of an ideal education as well as an important symbol of social status Italy and especially Rome a fashionable exciting and comfortable city became the focus of such early tourists interest In this book historian Jeremy Black recreates the actual tourist experiences of those who travelled to Italy on a Grand Tour Relying on the private diaries and personal letters of travellers rather than on the self conscious accounts of literary travellers who wrote for wider audiences the book presents an authentic picture of how British tourists experienced Italy its landscapes women food music Catholicism and more illustrations the book highlights the discrepancy between the idealised view of the Grand Tour and its reality what people were meant to do was not necessarily what they did what the guide books described as splendid was not always so perceived Black quotes British visitors as they reflect on their trips and he discusses what their Italian experiences meant to them And he considers the intriguing effects of tourism on British culture during this most exciting of centuries *The Grand Tour, Or, A Journey Through the Netherlands, Germany, Italy and France: France* Thomas Nugent, 2004 The Grand Tour, Or, A Journey Through the Netherlands, Germany, Italy and France ... Thomas Nugent, 1778 **The Evolution of the Grand Tour** Edward Chaney, 2000 Unlike other studies of the Grand Tour this book deals not so much with the fully fledged 18th century phenomenon but rather with the 16th and 17th centuries and the way in which the English became conscious of the Italian Renaissance and thereby discovered classical antiquity itself Revised essays document the lives and travels of the personalities who contributed to establishing a convention which eventually came to dominate European culture An epilogue pays tribute to Sir Harold Acton 1904 1994 Distributed by ISBS Annotation copyrighted by Book News Inc Portland OR *The Grand Tour* Thomas Nugent, 1749 Remarks in the Grand Tour of France and Italy, Perform'd by a Person of Quality in the Year 1691 William Bromley, 1705 The Grand Tour, 2004 **Taking travel home** Emma Gleadhill, 2022-04-26 In the late eighteenth century elite British women had an unprecedented opportunity to travel Taking

travel home uncovers the souvenir culture these women developed around the texts and objects they brought back with them to realise their ambitions in the arenas of connoisseurship friendship and science Key characters include forty three year old Hester Piozzi Thrale who honeymooned in Italy thirty one year old Anna Miller who accompanied her husband on a Grand Tour Dorothy Richardson who undertook various tours of England from the ages of twelve to fifty two and the sisters Katherine and Martha Wilmot who travelled to Russia in their late twenties The supreme tourist of the book the political salon hostess Lady Elizabeth Holland travelled to many countries with her husband including Paris where she met Napoleon and Spain during the Peninsular War Using a methodology informed by literary and design theory art history material culture studies and tourism studies the book examines a wide range of objects from painted fans of the ruins of Rome for a sequin apiece and the Pope s bless d beads to lava from Vesuvius and pieces of Stonehenge It argues that the rise of the souvenir is representative of female agency as women used their souvenirs to form spaces in which they could create and control their own travel narratives

**Man's Estate** Henry French, Mark Rothery, 2012-02-23 Masculinity is an expanding area of gender history Man s Estate is the first book to focus on a particular social group the English landed gentry and to cover a time span of several hundred years The authors move beyond the study of printed conduct literature which dominated earlier accounts by examining the values expressed in family correspondence in order to get closer to social practices Letters between parents children siblings and other relatives reveal the ways in which masculine norms were produced through everyday interactions and judgements and help to reconstruct the subjective experiences of elite masculinity in this period Man s Estate concentrates on four important periods in the life course for the reproduction of these masculine values schooling university foreign travel and marriage and family life These illustrate that there is only limited evidence of sharp edged differences in values between generations in these families and that these changes appear not to correspond to the deep hegemonic shifts so often emphasized in existing accounts French and Rothery suggest that the fundamental distributions of power and authority within Gentry families remained fairly constant Conventional ideas of male honour virtue reputation and autonomy were remarkably tenacious and the continued stress on family heritage dynastic traditions and the future security of the family patrimony acted as a brake on changes in the training of young English gentlemen The research is based on over 4 000 letters drawn from 19 landed families across England between c 1680 and c 1900 and is the result of a three year research project funded by the Arts and Humanities Research Council

**Servants Abroad** Richard Ansell, 2024-11-18 Servants Abroad presents the journals of four British domestic servants who travelled to continental Europe in the eighteenth century With a full introduction these texts overturn the standard view of the Grand Tour by revealing the experiences and impressions of the majority who travelled in service

**Past, Present and Future of a Language Border** Catharina Peersman, Gijbert Rutten, Rik Vosters, 2015-07-24 This volume revisits the issue of language contact and conflict in the Low Countries across space and time The contributions deal with important sites of Germanic Romance contact along the

different language borders covering languages such as French Dutch German and Luxembourgish This first monograph in English on the topic broadens our understanding of current day issues by integrating a historical perspective showing how language contact and conflict operated from the Middle Ages and the Early Modern Period the 18th and 19th centuries and into the 20th and 21st centuries

**Voyages and Visions** Jaś Elsner, Joan Pau Rubiés, 1999 A much needed response to the expanding interest in the history of travel and travel writing *Voyages and Visions* is the first attempt to sketch a cultural history of travel from the sixteenth century to the present day The essays address the theme of travel as an historical literary and imaginative process focusing on significant episodes and encounters in world history The contributors to the volume include historians of art and of science anthropologists literary critics and mainstream cultural historians The subjects of their essays include European explorations of South America India Mexico and the South Seas mountaineering in the Himalayas science fiction American post war travel fiction and space travel *Voyages and Visions* is truly interdisciplinary it is also essential reading for anyone interested in travel and travel literature

Jacket **Political Aesthetics** Karl Axelsson, 2019-08-22 Providing a gateway to a new history of modern aesthetics this book challenges conventional views of how art's significance developed in society The 18th century is often said to have involved a radical transformation in the concept of art from the understanding that it has a practical purpose to the modern belief that it is intrinsically valuable By exploring the ground between these notions of art's function Karl Axelsson reveals how scholars of culture made taste morals and a politically stable society integral to their claims about the experience of nature and art Focusing on writings by two of the most prolific men of letters in the 18th century Joseph Addison 1672 1719 and the third Earl of Shaftesbury 1671 1713 Axelsson contests the conviction that modern aesthetic autonomy reoriented the criticism and philosophy originally prompted by these two key figures in the history of aesthetics By re-examining the political relevance of Addison and Shaftesbury's theories of taste Axelsson shows that first and foremost they sought to fortify a natural link between aesthetic experience and modern political society
