Discerning Buddhas Kevin Buckelew,2024-11-19 In Song period China 960 1279 CE masters in the Chan Japanese Zen school of Buddhism were presented as sources of religious authority on par with the Buddha an almost unthinkable lofty status before the rise of Chan This claim carried great rhetorical power facilitating Chan s appeal to Buddhist monastics and powerful patrons alike But it also raised a challenging question for Chan Buddhists who insisted that buddhahood properly transcends all worldly marks By what signs could one recognize a Chan master as a buddha

Discerning Buddhas argues that Chan Buddhists wove together tropes of sovereignty hospitality and martial heroism drawn from both Buddhist tradition and China s cultural heritage to develop a distinctive vision of what it meant for a Chan master to be a buddha in Song period China Kevin Buckelew analyzes the ways Chan Buddhists deployed such tropes in ritual literature and visual culture in order to stage the comparison of Chan mastery with buddhahood He examines how they used the concept of buddhahood to work through questions about the ideal Chan master s authority agency and masculinity in the process rendering buddhahood in terms highly legible to elite Chinese society Chan Buddhists Buckelew shows developed their own signature of buddhahood according to which enlightened Chan masters who truly deserved comparison to the Buddha were supposed to be distinguished from everyone else By exploring the resulting Chan culture of discernment which raised fundamental questions about Buddhist authority at a pivotal inflection point in Chinese history this book offers fresh insight into the place of Buddhism in Chinese society

The Making of a Yoga Master Suhas Tambe, 2012-07-23 When Suhas Tambe was initiated into the study and life of a yogi through his Indian spiritual master the Yoga Sutras of Patanjali an age old system of guidance were integral to his training Tambe is now a scholar and longterm practitioner of this esoteric wisdom He is also the first Westerner to reveal the hidden sequence of these sutras which he received from his teacher From the time of Patanjali onward 300 BCE the scrambling of the sequence of sutras was a respected tradition Such deliberate confusion was done with a view to preserving the sanctity of these precious teachings Since interpretation of any sutra must bear reference to and consistency with the previous and the following sutra proper sequence becomes a critical factor fundamental to the use of this time honored scripture The key to the real sequence of Yoga Sutra was handed down verbally by the guru only to the eligible disciple The Making of a Yoga Master reveals this original sequence which has been hidden for so long Far more than an instruction manual this book is also about one seeker's progression The author who began his search entrenched in materialism he was an accountant with an MBA working in IT was transformed into a devoted Yoga practitioner This path

thoroughly changed his life s priorities evolved his purpose and dissolved old habits in a way that will be inspiring to many
Yoga not just entered my life he writes but now it is my life The clear and sequential stages of transformation through yoga
are documented here as perhaps nowhere else in contemporary literature This new sequence unfolds a practical road map
for knowing and practicing the elevation of the seeker s awareness from the physical to more subtle and refined levels and
designates observable milestones to determine one s progress on the path The Making of a Yoga Master marries the
philosophy of Yoga with clear how to instructions *The Emory-Tibet Science Initiative, a Novel Journey in Cross-Cultural
Science Education* Arri Eisen, Meena M. Balgopal, Gillian Hue, Robin Nusslock, Joel Zivot, 2022-05-10 **Mystic Apprentice

Steven Heine, Dale S. Wright, 2000 The essays collected in this volume argue that our understanding of the Koan tradition has
been severely limited The authors try to undermine stereotypes and problematic interpretations by examining unrecognized
factors in the formation of this tradition **The Battersea Park Road to Paradise** Isabel Losada Author, 2013-01-01 In her
bestseller *The Battersea Park Road to Enlightenment* Isabel Losada set out with a modest aim to be absurdly happy every day
But a few years down the road she s stuck in a pothole No job not good No man very not good Nothing has turned out as she
d intended There s only one way to get out of the hole throw out the ideas that landed her there and start over So using the
ancient Chinese tradition of the five elements of life Metal Fire Wood Water Earth Isabel breaks her own life down to its
essentials to explore five areas of inner and outer change She calls in a feng shui consultant to discover that her bedroom
decor is draining the father whatever that means takes a motivational workshop to experience the power of doing turns a
silent meditation retreat into an exercise in unrelenting being sits at the feet of a Brixton guru to examine the nature of mind
and undertakes a shamanic ritual in the Amazon to part company with her own mind completely As rich as the book is in the
particulars of a life hilariously lived it s also universal readers can see themselves in Isabel s experience and look at their
