sociology de Kooning Mark Stevens, Annalyn Swan, 2006-04-04 Winner of the Pulitzer Prize and National Book Critics Award Circle Award An authoritative and brilliant exploration of the art life and world of an American master Willem de Kooning is one of the most important artists of the twentieth century a true painter's painter whose protean work continues to inspire many artists In the thirties and forties along with Arshile Gorky and Jackson Pollock he became a key figure in the revolutionary American movement of abstract expressionism Of all the painters in that group he worked the longest and was the most prolific creating powerful startling images well into the 1980s The first major biography of de Kooning captures both the life and work of this complex romantic figure in American culture Ten years in the making and based on previously unseen letters and documents as well as on hundreds of interviews this is a fresh richly detailed and masterful portrait The young de Kooning overcame an unstable impoverished and often violent early family life to enter the Academie in Rotterdam where he learned both classic art and guild techniques Arriving in New York as a stowaway from Holland in 1926 he underwent a long struggle to become a painter and an American developing a passionate friendship with his fellow immigrant Arshile Gorky who was both a mentor and an inspiration During the Depression de Kooning emerged as a central figure in the bohemian world of downtown New York surviving by doing commercial work and painting murals for the WPA His first show at the Egan Gallery in 1948 was a revelation Soon the critics Harold Rosenberg and Thomas Hess were championing his work and de Kooning took his place as the charismatic leader of the New York school just as American art began to dominate the international scene Dashing handsome and treated like a movie star on the streets of downtown New York de Kooning had a tumultuous marriage to Elaine de Kooning herself a fascinating character of the period At the height of his fame he spent his days painting powerful abstractions and intense disturbing pictures of the female figure and his nights living on the edge drinking womanizing and talking at the Cedar bar with such friends as Franz Kline and Frank O Hara By the 1960s exhausted by the feverish art world he retreated to the Springs on Long Island where he painted an extraordinary series of lush pastorals In the 1980s as he slowly declined into what was almost certainly Alzheimer's he created a vast body of haunting and ethereal late work *Eleanor Roosevelt, Volume 3* Blanche Wiesen Cook, 2017-11-07 One of the New York Times's 100 Notable Books of 2016 One of NPR's 10 Best Books of 2016 Heartachingly relevant the Eleanor Roosevelt who inhabits these meticulously crafted pages transcends both first lady history and the marriage around which Roosevelt scholarship has traditionally pivoted The Wall Street Journal The final volume in the definitive biography of America's greatest first lady Monumental and inspirational Cook skillfully narrates the epic history of the war years a grand biography The New York Times Book Review Historians politicians critics and readers everywhere have praised Blanche Wiesen Cook's biography of Eleanor Roosevelt as the essential portrait of a woman who towers over the twentieth century The third and final volume takes us through World War II FDR's death the founding of the UN and Eleanor Roosevelt's death in 1962 It follows the arc of war and the evolution of a marriage as the first lady realized the cost of maintaining her

principles even as the country and her husband were not prepared to adopt them Eleanor Roosevelt continued to struggle for her core issues economic security New Deal reforms racial equality and rescue when they were sidelined by FDR while he marshaled the country through war The chasm between Eleanor and Franklin grew and the strains on their relationship were as political as they were personal She also had to negotiate the fractures in the close circle of influential women around her at Val Kill but through it she gained confidence in her own vision even when forced to amend her agenda when her beliefs clashed with government policies on such issues as neutrality refugees and eventually the threat of communism These years the war years made Eleanor Roosevelt the woman she became leader visionary guiding light FDR's death in 1945 changed her world but she was far from finished returning to the spotlight as a crucial player in the founding of the United Nations This is a sympathetic but unblinking portrait of a marriage and of a woman whose passion and commitment has inspired generations of Americans to seek a decent future for all people Modest and self deprecating a moral force in a turbulent world Eleanor Roosevelt was unique

Foursome Carolyn Burke, 2020-03-10 A captivating spirited account of the intense relationship among four artists whose strong personalities and aesthetic ideals drew them together pulled them apart and profoundly influenced the very shape of twentieth century art New York 1921 acclaimed photographer Alfred Stieglitz celebrates the success of his latest exhibition the centerpiece a series of nude portraits of his soon to be wife the young Georgia O Keeffe The exhibit acts as a turning point for the painter poised to make her entrance into the art scene There she meets Rebecca Salsbury the fianc of Stieglitz's protégé Paul Strand marking the start of a bond between the couples that will last more than a decade and reverberate throughout their lives In the years that followed O Keeffe and Stieglitz become the preeminent couple in American modern art spurring on each other's creativity Observing their relationship leads Salsbury to encourage new artistic possibilities for Strand and to rethink her own potential as an artist

Eleanor Roosevelt Blanche Wiesen Cook, 1992 A study of the complex and political figure of Eleanor Roosevelt begins with her harrowing childhood describes the difficulties of her marriage and explains how she persuaded Franklin to make the reforms that would make him famous

Alfred Stieglitz Phyllis Rose, 2019-04-16 A fascinating biography of a revolutionary American artist ripe for rediscovery as a photographer and champion of other artists Alfred Stieglitz 1864 1946 was an enormously influential artist and nurturer of artists even though his accomplishments are often overshadowed by his role as Georgia O Keeffe's husband This new book from celebrated biographer Phyllis Rose reconsiders Stieglitz as a revolutionary force in the history of American art Born in New Jersey Stieglitz at age eighteen went to study in Germany where his father a wool merchant and painter insisted he would get a proper education After returning to America he became one of the first American photographers to achieve international fame By the time he was sixty he gave up photography and devoted himself to selling and promoting art His first gallery 291 was the first American gallery to show works by Picasso Rodin Matisse and other great European modernists His galleries were not dealerships so much as open universities where he introduced European

modern art to Americans and nurtured an appreciation of American art among American artists **Richard Wright** Hazel Rowley, 2008-02-15 Skillfully interweaving quotations from Wright's writings Rowley portrays a man who transcended the times in which he lived and sought to reconcile opposing cultures in his work In this lively finely crafted narrative Wright's passionate complex courageous and flawed comes vibrantly to life Two 8 page photo inserts Art and the Crisis of Marriage Vivien Green Fryd, 2003 Between the two world wars middle class America experienced a marriage crisis that filled the pages of the popular press Divorce rates were rising birthrates falling and women were entering the increasingly industrialized and urbanized workforce in larger numbers than ever before while Victorian morals and manners began to break down in the wake of the first sexual revolution Vivien Green Fryd argues that this crisis played a crucial role in the lives and works of two of America's most familiar and beloved artists Georgia O'Keeffe 1887-1986 and Edward Hopper 1882-1967 Combining biographical study of their marriages with formal and iconographical analysis of their works Fryd shows how both artists expressed the pleasures and perils of their relationships in their paintings Hopper's many representations of Victorian homes in sunny tranquil landscapes for instance take on new meanings when viewed in the context of the artist's own tumultuous marriage with Jo and the widespread middle class fears that the new urban multidwelling homes would contribute to the breakdown of the family Fryd also persuasively interprets the many paintings of skulls and crosses that O'Keeffe produced in New Mexico as embodying themes of death and rebirth in response to her husband Alfred Stieglitz's long term affair with Dorothy Norman Art and the Crisis of Marriage provides both a penetrating reappraisal of the interconnections between Georgia O'Keeffe's and Edward Hopper's lives and works as well as a vivid portrait of how new understandings of family gender and sexuality transformed American society between the wars in ways that continue to shape it today *Flowers and Towers* Nira Tessler, 2015-11-25 This book explores the meaning and symbolism of the flower motif in the art of women artists from the nineteenth century to the present day It begins with a discussion of the symbolic significance of the flower in canonical texts such as the Song of Songs in which the female lover is likened to a lily among the thorns and to an enclosed garden These allegorical images permeated into Christian iconography attaining various expressions in the plastic arts from the twelfth through nineteenth centuries The heart of the book is a discussion of the meaning of the change in representations of the flower and at the same time the appearance of amazing images of masculine skyscrapers in the works of avant garde American women artists during the 1920s and 30s in three hubs of Modernist art New York California and Mexico Tessler explains how modernist artists of various fields of art such as Glaspell Stettheimer O'Keeffe Pelton Cunningham Mather Modotti and Kahlo were aware of the religious symbolism of the flower in Judaism and Christianity and turned it into an emblem of the new modern woman with her own views of the world *Flowers and Towers* concludes by presenting the works of contemporary feminist American artists such as Chicago and Schapiro who pay tribute to those same Modernist artists by creating a new and daring image of the flower and using feminine materials and

techniques that link them as it were to their spiritual mothers **My Faraway One** Sarah Greenough, 2011-06-21 Collects the private correspondence between Georgia O Keeffe and Alfred Stieglitz revealing the ups and downs of their marriage their thoughts on their work and their friendships with other artists **The Love Lives of the Artists** Daniel Bullen, 2013-02-12 As the oldest of institutions marriage seems outdated in modern times when each individual is encouraged to break with tradition in order to fulfill him or herself And so artists like Diego Rivera and Frida Kahlo seem to be paving the way toward a brave new kind of marriage where spouses would be allowed even encouraged to fulfill different aspects of themselves in outside relationships Shared creativity they believed would transcend their jealousies and compensate their sufferings through art they would rise above conventional marital fidelity and prove a higher fidelity to art and to themselves The Love Lives of the Artists tells the stories of Rainer Maria Rilke and Lou Andreas Salom Alfred Stieglitz and Georgia O Keeffe Jean Paul Sartre and Simone de Beauvoir Diego and Frida and Henry Miller and Ana s Nin five couples who approached their relationships with the same rebellious creativity as they practiced in their art From their early artistic development and their first experiences in love to their artistic marriages and their affairs and then to their fights and reconciliations addictions nervous breakdowns and continued creativity The Love Lives of the Artists describes the promise and the price of freedom and creativity in love *Come to the Edge* Christina Haag, 2011-03-29 The Love Story of JFK Jr and Christina Haag New York Times bestseller When Christina Haag was growing up on Manhattan s Upper East Side John F Kennedy Jr was just one of the boys in her circle of prep school friends a skinny kid who lived with his mother and sister on Fifth Avenue and who happened to have a Secret Service detail following him discreetly at all times A decade later after they had both graduated from Brown University Christina and John were cast in an off Broadway play together It was then that John confessed his long standing crush on her and they embarked on a five year love affair Glamorous and often in the public eye but also passionate and deeply intimate their relationship was transformative for both of them Exquisitely written Come to the Edge is an elegy to first love a lost New York and a young man with an enormous capacity for tenderness and an adventurous spirit who led his life with surprising and abundant grace Full Bloom Hunter Drohojowska-Philp, 2004 This large finely balanced biography offers an astonishingly honest portrayal of one of the most successful American artists of the 20th century known for her arresting paintings of enormous intimately rendered flowers desert landscapes and stark white cow skulls **Equal Under the Sky** Linda M. Iconotropism Ellen Spolsky, 2004 The essays in this collection expand the boundaries of inter art studies claiming that human beings have evolved to draw nourishment from pictures Ellen Spolsky argues in a polemical introduction that the

recognition of our embodied need for pictures that is our human iconotropism provides a fresh way of understanding the relationship of works of art to their historical contexts Jacket **Missions, Mantras, Migrants and Microchips** Leonard A Gordon, 2025-04-10 The fame of people like Priyanka Chopra Satya Nadella Sundar Pichai Kumail Nanjiani Indra Nooyi Mindy Kaling M Night Shyamalan Tata Consultancy Services TCS sponsorship of the New York City Marathon the ubiquitousness of Indian restaurants and yoga studios in many American cities and much else illustrates the close relationship the US and India enjoy today From the 1780s onwards there have been relationships of various kinds all mediated until India's independence through the British Raj While ties in the eighteenth and nineteenth centuries were somewhat thin the closer relationship through three quarters of the twentieth century has now become an extremely close one as India has sent large rivers of people and goods to America and Americans have responded with growing interest and involvement in India This despite occasional blips like the Bhopal industrial disaster Missions Mantras Migrants and Microchips takes the long view of the Indo US encounter Besides documenting well known ties it also brings into focus some ignored and forgotten people like Kumar Goshal Ida Scudder Charles Page Perin John Bissell and Maharishi Mahesh Yogi Deeply researched and engagingly written by veteran historian Leonard A Gordon this work is the definitive account of the Indo US connection
