Battle Descriptions as Literary Texts Johanna Luggin, Sebastian Fink, 2020-02-14 Battle descriptions are usually seen as the raw material of the military historian who uses them to explain why generals won or lost a given battle This volume does not aim to contribute to this discussion it rather approaches battle descriptions as literary texts that interact with the expectations of a given audience Therefore literary traditions in structure vocabulary and topics of battle descriptions should be explored The transgression of genre borders also literary and fictional texts are included and a broad comparative approach combining evidence from the third millennium BC up to the 20th century AD makes cultural specifics and differences more easily perceivable Contents With contributions by Marcos Such Gutierrez Pavel Hek Hilmar Klinkott Wolfgang Oswald Kai Ruffing Oliver Stoll Martin M Bauer Reinhold Bichler Christian Mileta Simon Lentzsch Sven G nther Dennis Pulina Johanna Luggin Sonjar Koroliov Magdalena Gronau and Martin Gronau The Editors Dr Johanna Luggin is a post doc researcher in the ERC funded project NOSCEMUS Nova Scientia Early Modern Science and Latin in Innsbruck Austria Dr Sebastian Fink is a postdoctoral researcher at the Academy of Finland Centre of Excellence Changes in Sacred Texts and Traditions

the soldiers diseases and wounds they fell victim to and much more This volume is indispensable to those wanting to gain information about the British Army during this remarkable imperial era *War No More* Cynthia Wachtell, 2012-04-11 Until now scholars have portrayed America's antiwar literature as an outgrowth of World War I manifested in the works of writers such as Ernest Hemingway and John Dos Passos But in *War No More* Cynthia Wachtell corrects the record by tracing the steady and inexorable rise of antiwar writing in American literature from the Civil War to the eve of World War I Beginning with an examination of three very different renderings of the chaotic Battle of Chickamauga a diary entry by a northern infantry officer a poem romanticizing war authored by a young southerner a few months later and a gruesome story penned by the veteran Ambrose Bierce Wachtell traces the gradual shift in the late nineteenth century away from highly idealized depictions of the Civil War Even as the war was under way she shows certain writers including Herman Melville Walt Whitman John William De Forest and Nathaniel Hawthorne quietly questioned the meaning and morality of the conflict As Wachtell demonstrates antiwar writing made steady gains in public acceptance and popularity in the final years of the nineteenth century and the opening years of the twentieth especially during the Spanish American War and the war in the Philippines While much of the era's war writing continued the long tradition of glorifying battle works by Bierce Stephen Crane Mark Twain William Dean Howells William James and others increasingly presented war as immoral and the modernization and mechanization of combat as something to be deeply feared Wachtell also explores through the works of Theodore Roosevelt and others the resistance that the antiwar impulse met Drawing upon a wide range of published and unpublished sources including letters diaries essays poems short stories novels memoirs speeches magazine and newspaper articles and religious tracts Wachtell makes strikingly clear that pacifism had never been more popular than in the years preceding World War I *War No More* concludes by charting the development of antiwar literature from World War I to the present thus offering the first comprehensive overview of one hundred and fifty years of American antiwar writing

A Return to the Common Reader Adelene Buckland,2017-03-02 In 1957 Richard Altick's groundbreaking work *The English Common Reader* transformed the study of book history Putting readers at the centre of literary culture Altick anticipated and helped produce fifty years of scholarly inquiry into the ways and means by which the Victorians read Now *A Return to the Common Reader* asks what Altick's concept of the common reader actually means in the wake of a half century of research Digging deep into unusual and eclectic archives and hitherto overlooked sources its authors give new understanding to the masses of newly literate readers who picked up books in the Victorian period They find readers in prisons in the barracks and around the world and they remind us of the power of those forgotten readers to find forbidden texts shape new markets and drive the production of new reading material across a century Inspired and informed by Altick's seminal work *A Return to the Common Reader* is a cutting edge collection which dramatically reconfigures our understanding of the ordinary Victorian readers whose efforts and choices changed our literary culture forever

The Eastern Question in 1870s Britain Leslie Rogné Schumacher,2023-09-30 This book examines mid Victorian discourse on the expansion of the British Empire's role in the Middle East It investigates how British political leaders journalists and the general public responded to events in the Ottoman Empire which many if not most people in Britain came to see as trudging towards inevitable chaos and destruction Although this Eastern Question on a post Ottoman future was ostensibly a matter of international politics and sometimes conflict this study argues that the ideas underpinning it were conceived shaped and enforced according to domestic British attitudes In this way this book presents the Eastern Question as as much a British question as one related in any way to the Ottoman Empire Particularly in the crucial decade of the 1870s debates in Victorian society on the Eastern Question served as proxies for other pressing issues of the day including electoral reform changing religious attitudes public education and the costs of maintaining Britain's empire This book offers new perspectives on the Eastern Question's relationship to these trends in Victorian society culture and politics highlighting its significance in understanding Britain's imperial programme more widely in the second half of the nineteenth century

threats to development prosperity and international peace **José Martí** Alfred J. López,2021-10-05 Jos Mart 1853 1895 was the founding hero of Cuban independence In all of modern Latin American history arguably only the Great Liberator Simón Bolívar rivals Martí in stature and legacy Beyond his accomplishments as a revolutionary and political thinker Martí was a giant of Latin American letters whose poetry essays and journalism still rank among the most important works of the region Today he is revered by both the Castro regime and the Cuban exile community whose shared veneration of the apostle of freedom has led to his virtual apotheosis as a national saint In *Jos Martí A Revolutionary Life* Alfred J. The Portable Napoleonic Wargame Bob Cordery,2018-12-07

Although the author is a late convert to the joys of Napoleonic wargaming he soon began to see why so many wargamers love the period As a result he set out to write several sets of rules that would use similar game mechanisms to those in his other PORTABLE WARGAME rules and that would enable him to fight a range of small medium and large battles on a relatively small tabletop This book is the result Please note that all the rules have been designed to be used with a gridded tabletop made up of squares or hexes

City of Disposessions Kyle T. Mays,2022-05-24

In July 2013 Detroit became the largest city in U S history to declare bankruptcy The underlying causes were decades of deindustrialization white flight and financial mismanagement More recently it has been heralded a comeback city as wealthy white residents resettle there Yet as Kyle T Mays argues we cannot understand the current state of Detroit without also understanding the longer history of Native American and African American dispossession that has defined the city since its founding How has dispossession impacted the development of modern U S cities And how does comparing the historical experiences of Native Americans and African Americans in an urban context help us comprehend histories of race sovereignty and colonialism Using archives oral and family histories and community documents *City of Disposessions* is a

cultural intellectual and social history that argues that physical and symbolic forms of dispossession of Native Americans and African Americans and their reactions to dispossession have been central to Detroit's modern development. The book begins with the first settlement by the Frenchman Cadillac in 1701 and chronicles how the logic of dispossession has continued into the present through a wide range of forms that include memorialization of the disappearing Indian, the physical dispossession of African Americans through urban renewal and gentrification. Mays also chronicles the wide-ranging forms of expression through which Black and Indigenous Detroiters have contested dispossession such as the Red and Black Power movements and culturally relevant education. Through lively accessible prose as well as historical and contemporary examples, *City of Dispossession* will be of interest to readers of urban studies, Indigenous Studies and critical ethnic studies.
